## Offer of Admission to Rutgers MSDS-New Brunswick

**Mohannad Aama** <mohannad.aama@rutgers.edu>  
 To: "ronitgandhi.16@gmail.com" <ronitgandhi.16@gmail.com>

1 April 2023 at 03:04

Dear Ronit,

I am pleased to inform you that you have been admitted to the MS in Data Science (MSDS) program at Rutgers – New Brunswick, pending formal approval by the graduate school. You should receive the official letter from the graduate school shortly. (Please note that the graduate school will not issue the official letter until you have submitted the required Certification of Funds Form if you are an International Student).

MSDS is a specially designed professional master's degree program that is quite different from the regular MS in Statistics program, though both are offered by the Department of Statistics. MSDS offers a very different curriculum that is specifically designed to train data science professionals with strong skills in analytics, statistical analysis, statistical computing as well as the necessary communication and leadership skills. Career development and placement services will be provided exclusively. For more detailed information on program structure, course offering, and other useful information, please visit <http://msds-stat.rutgers.edu>.

Welcome to the MSDS program. Since seats are limited, please let us know as soon as possible whether you intend to join us at Rutgers. In fact, we would like to hear from you before April 14, 2023. After that, your seat may be given to other applicants (we have a long waiting list). If you decide to join us, you must inform me via email, before the deadline. You also need to respond to the official letter from the Graduate School and provide any required documents requested.

Please note that April 14 is your decision deadline. There is no hard deadline for submitting the Certification of Funds (COF) form if you are an International Student. However, the University will only issue an I-20 after you have submitted the COF. Once you have made your decision, we will require a deposit of US\$1,500 within 5 days to reserve your seat. When you start the Fall 2023 semester, the full amount of the deposit will be refunded to you around the last week of September or early October. The deposit will not be refunded if you fail to join us. A detailed instruction on sending the deposit is attached below. We must receive wire transfer within 5 business days of your decision. Otherwise, we will withdraw your admission and your seat will be given to other qualified applicants.

Please note that the department does not have resources to provide any financial support (scholarship, teaching assistantship or research assistantship) to our Master students, though there are some possibilities to serve as a grader, with minimum payment. As a day-1 CPT program, international students in MSDS can get an internship and work on CPT as soon as they start the program. They do not have to wait for 2 semesters like most other programs. This is one of the many differentiating factors of Rutgers MSDS–New Brunswick.

Please let us know if you have any questions. Looking forward to seeing you in the Fall.

Sincerely,

**Mohannad Aama, FRM, CFP®**

## Key to Special Notes

### Provisional Admission Statuses:

1. **Admitted provisionally by the plan of study.** This is a temporary classification of a student that may remain in place for a period of up to two semesters following admission, but no longer. If the conditions of the provisional admission are not met within this time, the student may be terminated from the academic plan.
2. **Admitted provisionally by the Graduate School.** This is a temporary classification until official confirmation of the baccalaureate degree or other post-secondary degree documentation that meets the Graduate School's admission criteria is received. An official transcript showing the degree conferred and date awarded, or an original diploma must be submitted to Graduate Enrollment Services by the deadline listed on the student's application status page. International students will need to provide original documents such as graduation certificates, degrees, or diplomas upon arrival. Notarized or certified documents are not acceptable to remove a provisional admission classification. If these documents are not provided it will result in revocation of admission.
3. **Admitted provisionally by the Graduate School.** This is a temporary classification until official confirmation of a master's degree or other appropriate master's level documentation that meets the Graduate School's admission criteria is received. An official transcript showing the degree conferred and date awarded or other requested documents, as appropriate, must be submitted to Graduate Enrollment Services by the deadline listed on the student's application status page. International students will need to provide original documents such as graduation certificates, degrees, or diplomas upon arrival. Notarized or certified documents are not acceptable to remove a provisional admission classification. If these documents are not provided it will result in revocation of admission.
4. **Admitted provisionally by the Graduate School.** This is a temporary classification of an international student based on TOEFL or IELTS scores that do not meet requirements at the time of admission. This temporary classification may remain in place for a period of two semesters following admission, but no longer, until one of the following conditions is met: 1) submission of an official paper-based TOEFL test score taken prior to July 2017 of 550 or greater; 2) submission of an official revised paper-based TOEFL test score (taken after June 2017) with a combined total of the 3 sections evaluated of 60 or greater; 3) submission of an official internet-based TOEFL test score of 80 or greater with a score of 19 or greater on the speaking section; 4) submission of an official IELTS composite test score of 6.5 or greater; or 5) completion of *ESL 114G - American Oral English for Academic Purposes* and/or *ESL 116G - ESL/Composition for Academic Disciplines* with a grade of B or higher. If the conditions of the provisional admission are not met within two semesters, a registration hold will be placed on the student's record, and may result in termination from the academic plan.

*Note: All provisional conditions (1, 2, 3, or 4) must be met either within the specified time frame, or before the student reaches an academic benchmark. Benchmarks include completion of a master's program, the doctoral candidacy examination, and the comprehensive examination and the final oral examination. A STUDENT WILL NOT BE PERMITTED TO GRADUATE with a provisional status remaining on his or her record.*
