Using Proctortrack in Moodle

User Manual for Faculty of ProctorTrack

What is Proctortrack?

Proctortrack is the automatic remote proctoring solution your institution has selected for use during online exams. More information about Proctortrack's privacy policies and technologies used can be found on our [website](#).

Why Onboarding?

Attempting the Onboarding creates the profile of the students in the Proctortrack System. Often students are unsure whether their specific hardware setup will allow them to use Proctortrack. The onboarding process gives students the opportunity to make sure everything is working correctly during low-pressure circumstances. It also gives students time to make any changes to their system well before the first exam.

Students can fail onboarding for the following reasons:

- Missing or insufficient facial scan.
- Missing or insufficient ID scan.
- ID scan shows invalid ID.
- Insufficient environment lighting.

If a student fails the onboarding exam, they will receive a notification listing the specific reasons for failure and be asked to retake the onboarding exam.

For students, onboarding appears exactly the same as a normal exam to help familiarize them to the testing environment.

What are the System Requirements for ProctorTrack?

OS: macOS Sierra 10.12 or higher or Windows 10 recommended, Chromebook: Version 80+

Processor/RAM: Intel / AMD Processor, 2.4 Ghz CPU, 4 GB RAM or better

Web Browser: Mozilla Firefox v20.0 or Higher, Google Chrome v25.0 or higher

Plugins: Javascript Enabled & Third Party Cookies Enabled (these are enabled by default)

Camera Resolution: 800 x 600 resolution or better

Internet: Cable Modem, DSL or better (300 kbps download, 250 kbps upload)

What if I have a problem with ProctorTrack?

If you have any technical problem related to ProctorTrack, please do not hesitate to contact Verificant support here: <https://www.proctortrack.com/support/>

Note: The Steps to attempt any Proctortrack exam are the same. In this document you will see steps on how to attempt the Onboarding Quiz. The steps for any exam/tests shall remain the same as they are for the Onboarding Quiz.

Step 5: This is the Proctortrack Dashboard. On the top, you have the Onboarding status. The Actual tests cannot be attempted unless the Onboarding profile is approved. Onboarding profile can be created by attempting the Onboarding quiz. The Onboarding quiz is a sample test. Every Test-taker needs to have an approved Onboarding Profile, before attempting any actual Tests. Click on the “Go to Test” button.

The screenshot shows the ProctorTrack dashboard. At the top, there is a header with the ProctorTrack logo, language selection (English), user role (Test Student Proctor), and a TSP link. Below the header, the dashboard displays the following information:

- Total Tests: 1
- Uploaded: 0 | Upload Failed: 0
- Baseline Status: Not completed
Onboarding Test must be completed at least 4-8 hours before your exam.
- A progress bar indicates "No Data".
- Below the main stats, there are three tabs: Test List, Onboarding Data, and Notifications.
- Under Test List, it shows "Test Name: Onboarding" and "Status: Unavailable".
- Under Onboarding Data, it shows "Status: Pending".
- Under Notifications, there is a "Go To Test" button.

Step 6: Read the “How it works” tab on the top, to further understand the steps required. Click the “Next” button to scroll through the steps.

The screenshot shows the "How It Works" step of the onboarding process. The page has a header with the ProctorTrack logo and a "How It Works" section. Below the header, there is a sub-section titled "Download and run Proctortrack" with an icon of a cloud and a download arrow. A note says: "Before you begin your test, you will be taken through a series of pre-test steps in order to ensure that you are properly identified." At the bottom of the page, there is a message: "Please read through the exam guidelines, agree and click the button at the bottom of the page to proceed." A "Next" button is visible at the bottom right. The overall layout is a clean, modern web interface.

A handwritten signature in blue ink, likely belonging to the faculty member, is placed over a blue horizontal line.

User Manual for Faculty of ProctorTrack

Step 7: Go through the “Let’s Get started” section, to understand the guidelines for a proper testing environment.

Let's Get Started

Set Up a Proper Testing Environment for a High Integrity Score.

USE A PRIVATE TESTING AREA

Sit upright in an area where other people won't talk and cannot pass behind you.

TURN OFF ALL NOISE-MAKING DEVICES

Mobile phones set to vibrate emit detectable sound and any sound from a mobile device is flagged as a violation.

ENSURE YOUR FACE IS CLEARLY VISIBLE

Hair, sunglasses, hats or anything that covers your face can cause test to be flagged for low integrity. Eyeglasses are accepted.

CLOSE IRRELEVANT TABS AND WINDOWS

The only tabs and windows open during the session should be those required for the completion of the test. Screenshots will be taken of suspicious activity and shown to your instructor.

SIT DIRECTLY IN FRONT OF YOUR WEBCAM

Make sure to stay in the middle of the webcam's view. Leaving the frame or looking away from the test will result in a low integrity grade.

CREATE THE PROPER LIGHTING

Sit in a consistently well-lit room with as plain a background as possible.

Step 8: After getting familiar with all the guidelines, check the box (at the bottom) labeled I have read, understand and will adhere to the required environment guidelines. Click “Go To Next Step”

PHYSICAL CALCULATORS NOT ALLOWED

You will not be allowed to use a physical calculator for this test.

ON-SCREEN CALCULATORS NOT ALLOWED

You will not be allowed to use an on-screen calculator for this test.

PRINTING NOT ALLOWED

Print attempts cannot be stopped but will be flagged as violation for this test.

COPY/PASTE IS NOT ALLOWED

Clipboard is disabled for this test and Copy/Paste functions are not available.

PRINT SCREEN ALLOWED

Print Screen functionality is available during this test.

MULTIPLE MONITORS NOT ALLOWED

Using Multiple Monitors during this test will be flagged as a violation.

I have read, understand and will adhere to the required environment guidelines.

Step 9: This is the Download page. Proctortrack will attempt to automatically start the download. If the App was downloaded during any previous exams/tests, the download page will detect the downloaded app and bring forward a pop-up window to click on “Open Proctortrack” to launch the application.

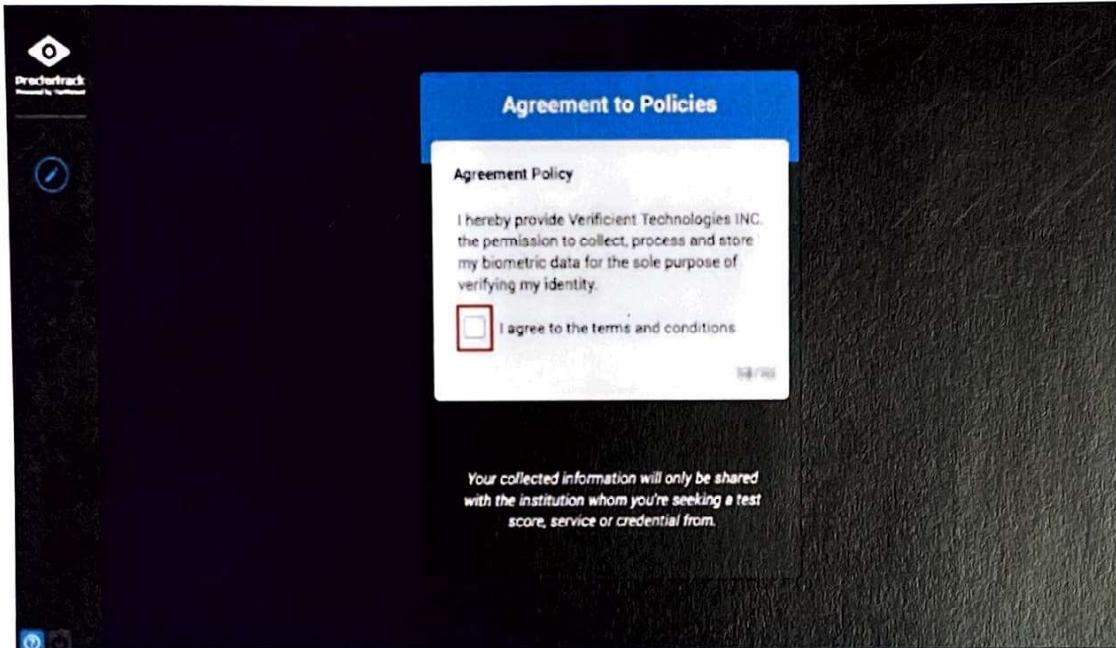

Step 10: Open the Proctortrack.exe file that gets downloaded & run it.

A handwritten signature in black ink, appearing to read 'Elshaudhai', is placed over the bottom right portion of the circular stamp.

Step 11: Once Proctortrack has launched, check the box labeled "I agree to the terms & conditions".

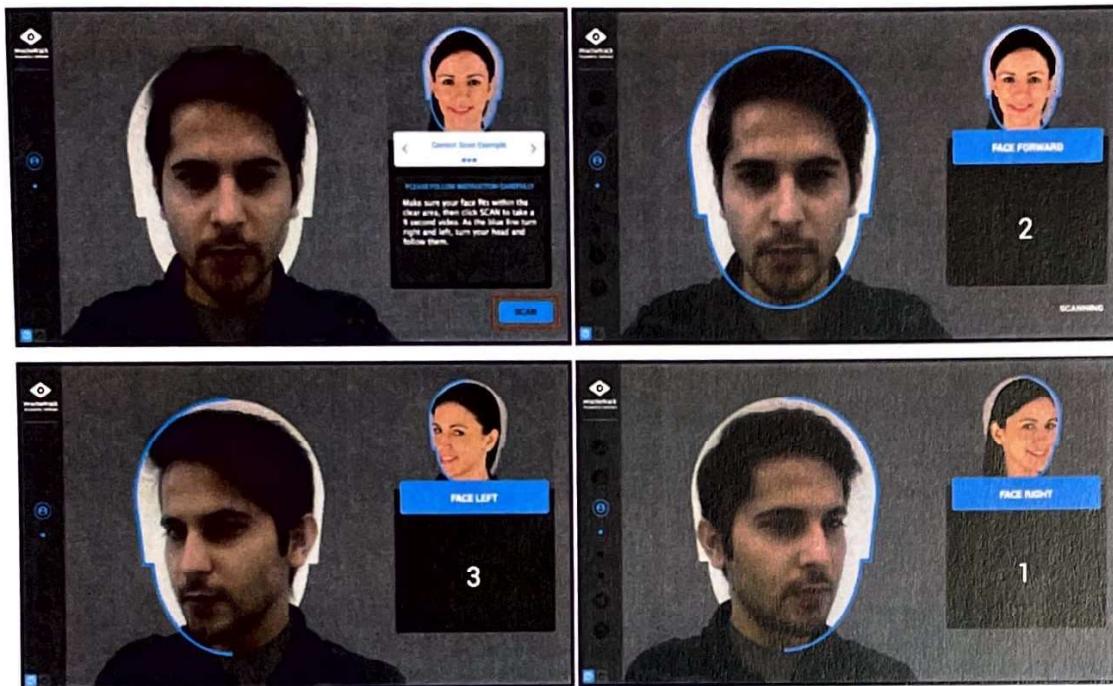

Step 12: The system check will run to verify that the system is ready.

Step 13: Make sure to fill the frame before clicking “ SCAN”. After that, follow the on-screen prompts

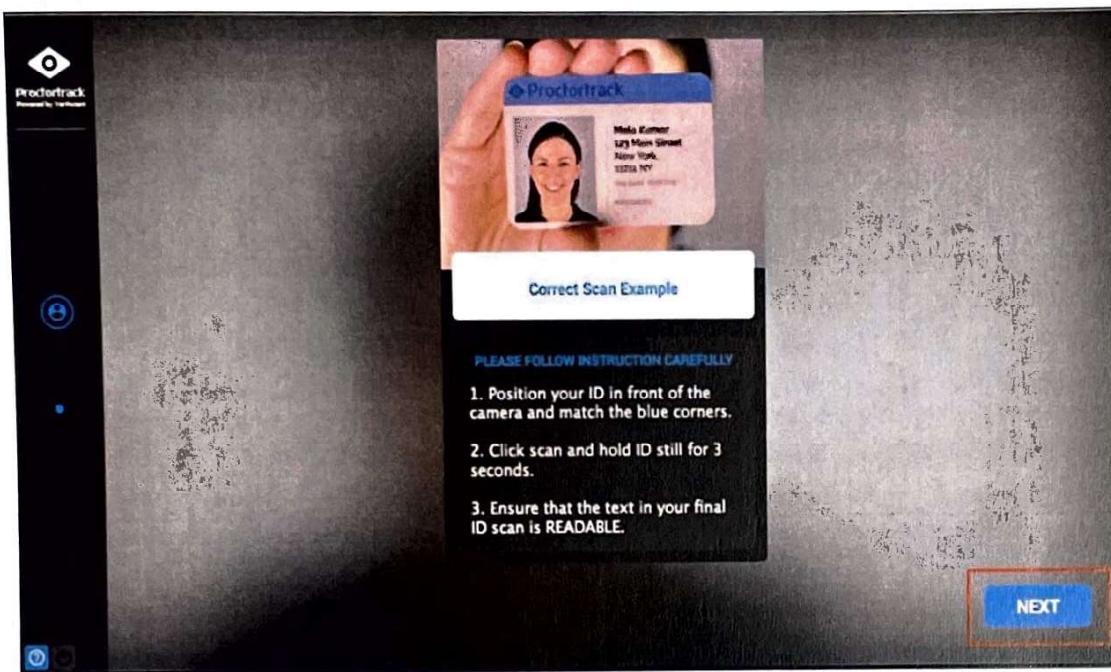

Step 14: If dissatisfied with the scans, click “RE-SCAN” to rewrite them by taking new ones. Otherwise, click “CONFIRM” to move on.

Step 17: Proctoring has now begun. A blue border will be placed around the screen as a reminder that Proctortrack is now in session. The page will ask for a Quiz password to start the quiz . The “Password” is displayed on the top right corner on the border of the Proctortrack App.

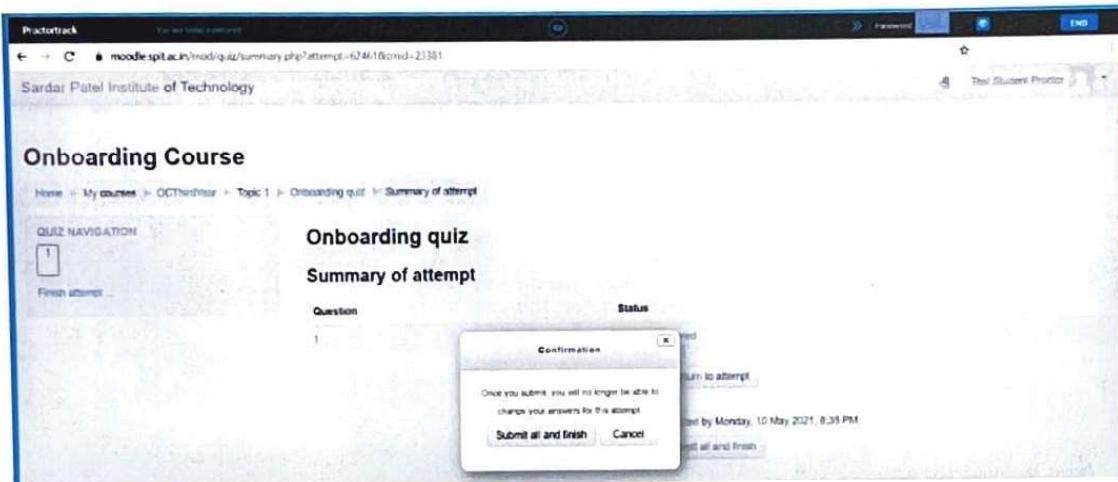

Step 18: Take the test while adhering to the aforementioned guidelines. After answering, it's very important to remember to “Finish attempt” and submit the quiz before ending the monitoring session.

Sardar Patel Institute of Technology
ESE Exam Guidelines

December 2021

User Manual of ProctorTrack for Students

1. On the day of your exam

Remember that all aspects of your exam experience will proceed the same way it did during the onboarding/ demo quiz.

In your work area you may have the following items:

1. Set of blank pages (white, lined or unlined) required to write your answers. We suggest you keep 20 sheets (40 pages considering both sides) with you.
2. A pen and pencil + eraser. We recommend you to keep at least one extra pen standby. We suggest you prefer **black ink**. However, blue ink is also allowed. You will not use **RED** or **GREEN** inks.
3. A calculator that does not store text data (optional).
→ Mobile phones are not allowed for use as a calculator.
4. A phone (**to be kept adjacent with face down**) only for purposes of scanning the answer sheet at the end of exam **before closing proctortrack session**, only to be accessed at the end for uploading, and otherwise silenced.

The exams are all **closed-notes**, **closed-book**, **closed-internet**. Any violation of this policy constitutes cheating and will be handled accordingly. You will, of course, be allowed to access the internet at the end of the exam as part of the scanning and submission process.

2. Setting up for the exam

1. Ensure your room is brightly lit.
2. Clear all reference material and extraneous papers from your desk area/workspace, remove any notes pasted to your computer monitor, keyboard etc.
3. Ensure your computer is plugged in to a power outlet or has battery life of about 4 hours.
4. Ensure you will **remain alone and uninterrupted** for the duration of your exam.
5. Ensure your room is appropriately quiet for the exam.
6. Ensure that no other person enters your web camera view during the exam.
7. Remove any headphones or earbuds or smart watch as they are not permitted.
8. Ensure that your photo ID that you had registered during onboarding is kept on the table.
9. **Keep a water bottle/soft drink with you, in case you need it.**
10. Have your smartphone fully charged and ready to do the scan.

You must position your camera such that you and your entire workspace are visible throughout the exam, including the scanning phase. Your face and anything you look at or touch as you are working need to be visible to the camera (other than the computer itself). With a laptop this can frequently be accomplished by using a large enough table and pushing the laptop away from you as you work on the test, and bringing it closer when you need to read questions off the screen. For a few students this may require you to use a different device or use an external USB webcam which can be positioned more conveniently.

Below are three samples of correctly configured workspaces:

3. Taking the exam

1. Close all programs that are running on your computer.
2. Launch Google Chrome browser (recommended), close all other browser windows/tabs.
3. Log in to <https://moodle.spit.ac.in/> at least 5 minutes before your scheduled exam time.
4. **Ensure that you have kept your phone in silent mode with face down condition adjacent to the workspace in such a way that it is captured by camera.**
5. Navigate to EXAM > ESE > 2021 > applicable semester / year / course.
6. Click on the applicable quiz & then click on attempt the quiz now.
7. Then click on "Go to my dashboard", click the "Go To Test" button beside the name of your exam.
8. **As you did during onboarding, follow the steps to complete the pre-exam check-in.**
9. Once the proctoring starts it will be indicated by a blue border around the screen.
10. If the password is hidden click on the "Password" button on the top-right then click on "Copy" and then paste it in the quiz password textbox to start the test.
11. After you finish writing you are expected to do the following:
 - a. **Scan the answer sheet & upload it on Moodle, finish the attempt & submit the quiz.**
 - b. In-case if you face any issues during the above steps you can contact the controller of examination.
 - c. After successfully uploading the answer sheet on Moodle click on END proctoring to close the session.

Note: During the scanning and submission phase, you are allowed to open additional browser tabs in order to access your email & Moodle to upload the scanned document.

4. Violations & other things that may void your exam

During the exam, any of the following behaviours will be flagged by and may result in the voiding of your exam

- Interacting with another person
- Another person entering the exam room
- Taking phone calls
- Using your phone or a tablet device during the exam
- Using other applications on your computer
- Excessive noise in your environment
- Leaving your exam area without permission
- Recording exam questions in any way
- Use of electronic organizers that permit the saving of text material, during your examination.
- If you END the proctoring before submitting your answer sheet.

A handwritten signature in black ink that appears to read "Elshaudhai".

User Manual of ProctorTrack for Students

Note that in all cases, **instructions such as these provided supersede anything ProctorTrack might say**. For example, ProctorTrack may say you are allowed notes, but this actually just means you are allowed to write things down during the test, not that you may bring notes into the test. If ProctorTrack says you can access the internet, they mean to upload your exam, not to surf the web. Unfortunately ProctorTrack's interface does not allow us to modify the comments to be more accurate, so pay very close attention to the proctoring requirements above.

5. Frequently asked questions

What happens if my internet connection goes down?

Proctortrack will continue running, and will upload your test results when your connection resumes.

What happens if my computer crashes?

Proctortrack will relaunch and begin capturing the exam attempt again.

What if I have a problem not related to ProctorTrack?

If you have an exam-related question, you need to contact the controller of examinations or your course instructor.

How will I know my exam is successfully being Proctored with ProctorTrack?

Once you start the exam using ProctorTrack, there will be a Blue Frame surrounding your browser window, along with a small live video of yourself in the lower right-hand corner (the video can be minimized). If you see the blue frame, your ProctorTrack software is active.

What are valid photo IDs?

Valid photo IDs are college ID / Aadhaar / PAN / Election Card / Driving license.

What if I have a problem with ProctorTrack during the exam?

Proctortrack provides live chat support if you encounter a technical issue during an exam. You can click the chat icon above the video feed during an exam to access live ProctorTracks support.

The screenshot shows a web-based quiz interface. At the top, it says "Sardar Patel Institute of Technology" and "Test Student Proctor". Below that, the title "Onboarding Course" is displayed, followed by "Onboarding quiz". A "Password" field is present with the placeholder "To attempt this quiz you need to know the quiz password". A "Quiz password" button is located below the password field. At the bottom of the page, there are buttons for "Start attempt" and "Cancel". A "Jump to..." dropdown menu is also visible. The footer includes links for "Announcements", "Jump to...", "You are logged in as Test Student Proctor (Log out)", "OCThirdYear", and "Get the mobile app".

Eshandhai

User Manual of ProctorTrack for Students

What if my Onboarding attempt says I failed?

If you receive an email indicating that your onboarding quiz attempt has failed, don't panic. You can re-attempt the onboarding quiz. You can also contact the controller of examination and give any additional information you can about the failed attempt (Example: ID verification failed.)

How many times do I have to take the Onboarding exam?

You will only have to take the onboarding exam once for your course requiring ProctorTrack, unless you are using a different computer than before.

6. Data Privacy & Security

We are committed to protecting your privacy and recognize that you have the right to protect your personal data. The following FAQ section helps explain how Proctortrack uses and saves student information, as well as how it interacts with student computers during testing. For more information, please visit [Proctortrack Privacy Policy](#).

1. Does ProctorTrack have access to my personal data on my computer? [Answer »](#)
2. Can ProctorTrack access my saved passwords on my computer? [Answer »](#)
3. Can ProctorTrack access my financial information saved on my computer? [Answer »](#)
4. What data Proctortrack accesses on my computer and why? [Answer »](#)
5. What happens when Proctortrack is not on? [Answer »](#)
6. What does Proctortrack monitor? [Answer »](#)

7. Troubleshooting

What should I do if my webcam is not working?

Please try the following steps:

1. Is your webcam internal or external? If it's external, is it properly plugged in? You may need to try to unplug and replug it. Try plugging the webcam into a different USB port.
2. Does your webcam work in other circumstances (on Skype, face-time, etc.)? This means that the webcam hardware is working correctly and the problem is most likely related to the Operating System not providing access to the webcam for the Proctortrack.
3. Are there any other applications currently using the webcam? If so, please close these applications. Only one application at a time can use your webcam. If another application (Skype, facetime, etc.) is using it, Proctortrack will be unable to use it.
4. Does your webcam need a software update?
5. Test for whether the Webcam is working by visiting <https://www.onlinemicstest.com/webcam-test/> on either Google Chrome or Mozilla Firefox.
6. Make sure your webcam software is up to date.
7. If Proctortrack gives you the message "No Device Found" or "No Webcam Found", close Proctortrack and then re-run it by right-clicking on its icon and selecting "Run as Administrator".

If the webcam is not detected by the Proctortrack app or it freezes during the facial scan, the problem is most likely related to webcam drivers. Follow the detailed steps to update your drivers: <https://verifcient.freshdesk.com/support/solutions/articles/1000279242-my-webcam-is-not-working-windows->

A handwritten signature in black ink, appearing to read 'Rishabh Jain'.

User Manual of ProctorTrack for Students

What should I do if my microphone is not detected/working?

If you are getting a microphone error at the System Check stage of Proctortrack the Microphone input volume/sensitivity might need to be increased. Increase the microphone volume and then speak into it. Click retry three times to check if it is working. If it is still not resolved follow the steps:
<https://verifcient.freshdesk.com/support/solutions/articles/1000178590>

What if I have a problem with ProctorTrack?

ESE Passing Criteria: End semester examination(ESE) is a separate passing head. The student needs to score a minimum passing mark of median_ESE/2 in ESE as well as minimum passing marks of median/2 out of 100 in the total marks of all theory or laboratory courses.

A student who is declared failed since the total marks scored by the student in the course is less than minimum passing marks of median/2 in spite of passing the ESE exam, then student has to appear for a re-examination for Theory ISE or Lab ISE and ESE as the case may be as scheduled by the course instructor.

5. Grading System:

- (a) The Institute shall follow the **hybrid grading policy**, that is the combination of absolute and relative grading systems. It is relatively bounded but absolutely bracketed.
- (b) For any course, GRADE will be awarded based on the performance on the SCALE of 100. Weightage for Theory is 60% and 40% while lab is 80% and 20%. The overall weightage is calculated based on the number of credits assigned, whether courses have both theory and practical or only theory courses, only tutorial or lab courses as shown in Table 1. Faculty have liberty to modify the weightage in only lab or tutorial lab courses with prior approval from Dean Academics and Principal.
- (c) The Department Academic Program Committee (DAPC) will study the marks obtained by the entire class and decide the score. AB grade will be awarded to that score. Let this score be S_A . S_A will not be more than the top score of the class. It can be equal to or lower than the top score.

grades and communicated to the Academic Section after the respective Re-examination ESE at the end of the semester. Any outstanding PN and X grades that are present after the last scheduled Special examination ESE at the end of the academic year shall be automatically converted to FF grade.

- (i) A Semester Grade Point Average (SGPA) shall be computed for all the students in a Department for each semester, as follows:

$$SGPA = \frac{\sum_{i=1}^n C_i * GP_i}{\sum_{i=1}^n C_i}$$

where Ci is Credits for the course, GPi is the grade point obtained for the course and n is Number of courses registered in the semester.

A Cumulative Grade Point Average (CGPA) shall be computed for all the students in a Department at the end of each academic year by taking into consideration their performance in the present and the past semesters as follows:

$$CGPA = \frac{\sum_{j=1}^m \sum_{i=1}^n C_{ij} * GP_{ij}}{\sum_{j=1}^m \sum_{i=1}^n C_{ij}}$$

where m is the number of courses registered up-to that semester, Cij is the credit of jth course in ith subject, and GPij is Grade Points obtained in the jth course in ith semester.

(i) Both the SGPA and CGPA shall be rounded off to the second place of decimal and recorded as such for ease of presentation. Whenever the CGPAs are to be used for the purpose of determining the merit ranking in a group of students, only the rounded off values shall be made use of.

(j) When a student gets the grade PN or X for any course during a semester, the SGPA for that semester and the CGPA at the end of that semester shall be tentatively calculated ignoring the PN and X graded course(s). The SGPA and CGPA for that semester shall be finally recalculated after conversion of PN and X grade(s) to appropriate grade(s), considering the converted grade(s).

(k) It shall be open to each student to take additional courses such as MINORS from the fourth semester onwards, with the concurrence of the Faculty Advisor. While the performance of the student in such courses shall be included in the Grade Card, they do not contribute to SGPA or CGPA of the concerned student.

(l) The CGPA, SGPA and the grades obtained in all the courses in a semester will be communicated to every student at the end of every semester, except VIIIth semester, through a grade sheet. In its place a consolidated grade sheet (with 160 credits) will be issued in the final semester. This consolidated grade sheet supersedes all the earlier grade sheets.

(m) Both SGPA and CGPA will be rounded off to the second place of decimal and recorded as such. Whenever these grade point averages are to be used for the purpose of determining the inter-se merit ranking of a group of students, only the rounded off values will be used.

(n) CGPA to Marks Conversion: CGPA shall be converted into percentage marks, if required, using the following formula:

$$\% \text{ marks} = (\text{CGPA} - 0.5) \times 10$$

(o) Specially abled students shall be given grace marks up to 5% of the total marks in a semester across all courses in the semester.

A student may complete SWAYAM-NPTEL courses for HSS or Open Elective as mentioned in the curriculum and transfer equivalent credits to partially complete the mandatory credit requirements of the concerned B.Tech. Program. (For example, 1 credit course is equivalent to 4-week course of SWAYAM/ NPTEL) Before the commencement of each Semester, Parent Department shall release a list of SWAYAM-NPTEL courses approved as Departmental Elective/ Open Elective courses /MNC courses.

A student shall only request for transfer of credits from such notified SWAYAM-NPTEL Courses as published by the concerned Departments.

SWAYAM-NPTEL Courses are considered for transfer of credits only if the concerned student has successfully completed and obtained the SWAYAM-NPTEL Certificate to this effect.

The passing criteria applicable is as declared by NPTEL: A learner will pass and be certified only if Average assignment score (out of 100) ≥ 40 AND Final exam score (out of 100) ≥ 40 . You will be declared pass only if you clear the exam with a minimum score of 10 out of 25 in the assignment and 30 out of 75 in the final proctored exam.

All students, at the time of NPTEL course registration, have to mark the checkbox, which enables NPTEL to submit the results of students directly to the local chapter / SPOC. If a student fails to do so, they will be declared Failed and will have to repeat the course in the next semester.

Any student who fails the NPTEL course has to mandatorily repeat the same or an equivalent course in the coming semesters until they satisfy the passing criteria of NPTEL. Re-examination will not be conducted by the institute under any circumstance for such students having "NO CERTIFICATE" status. Grade penalty is applicable.
