Rubrics for Project on Design Thinking

Performance Indicator	Excellent (18-25)	Acceptable (9 -17)	Attempted(1-8)
<i>Research (PI1) (25 marks)</i>	Well defined users; is able to do detailed Observation(AEIOU); a lot of relevant assumptions & qtns; draw from other similar experiences	Defined users; is able to do detailed Observation(AEIOU); a reasonable number of relevant assumptions & qtns	Vague user understanding; is not able to do detailed Observation(AEIOU); weak interviewing & insights;
<i>Making Sense of data (PI2) (25 marks)</i>	large empathy map/persona; Strong insights & good understanding of user needs;	larger empathy map/persona; Better insights & user needs;	small empathy map/persona; weak insights & no understanding of user needs;
<i>Ideation (PI3) (25 marks)</i>	high use of divergent/convergent concepts; unique & original idea; insights are further strengthened	moderate use of divergent/convergent concepts; Original idea	hardly any use of divergent/convergent concepts; copied idea;

Prototype & Feedback (P14) (25 marks)	workable prototype / diagram; mention details of how to use; Good user feedback & modification	workable prototype / diagram; also mention how to use; Reasonable user feedback	sketchy prototype / diagram; hardly any user feedback

Rubrics for Drama

Performance Indicator	Excellent (18-25)	Acceptable (9 -17)	Attempted(1-8)
<i>Preparedness (PI1) (25 marks)</i>	Students are completely prepared and have obviously rehearsed.	Students seem pretty prepared but might have needed a couple more rehearsals.	Need to stretch the imagination to connect to theme
<i>Content (PI2) (25 marks)</i>	There is an abundance of material clearly related to the topic. All points are accurate and clearly made.	There is sufficient information that relates to topic. Most points are accurate and clearly made	There is a great deal of information that is not clearly connected to the topic.
<i>Enthusiasm (PI3) (25 marks)</i>	Facial expressions and body language generate a strong interest and enthusiasm about the topic in others.	Facial expressions and body language sometimes generate a strong interest and enthusiasm about the topic in others.	Facial expressions and body language are used to try to generate enthusiasm, but seem somewhat fake!

NOTICE

ABL-3 'Creative Thinking, Diversity and Workplace Etiquettes' activities for
Third Year students

Following Students are Winner for Design thinking Project Activity

Group No	UID	Name	Topic
2	2017110002	Adhya Anikait	FARMER ECOSYSTEM APP
	2017110013	Deshpande Param	
	2017110022	Jain Raksha Mukesh	
	2017110040	Patil Usikar Vishwas	
	2017110048	Ramnayare Manaswi M	
	2017110059	Upasani Gaurav Sahes	
	2018210068	Hirve Rishabh	
	2018210078	Savla Neel Kishor	

Following Students are Winner for Drama Activity

Group No	UID	Name	Topic
9	2017110011	Dalvi Prathamesh	Lab ethics
	2017110026	Kalnawar Sharmishtha	
	2017110036	Panlikar Prasad Sachin	
	2017110044	Pillai Shreyas Biju	
	2017110056	Sairuth Ramesh	
	2018210065	Bhandare Shradha	
	2018210075	Parikh Dharmil Sandeep	
	2016110036	Motghare Ria

~~ABL-3 Creative Thinking, Diversity and Workplace Etiquettes (2018-19)~~

PO Mapping:

Graduate Attributes	PO Mapping Level
PO1: Engineering Knowledge	3
PO2: Problem Analysis	3
PO3: Design & Development of Solutions	3
PO4: Conduct Investigation of Complex Problems	2
PO5: Modern Tools Usage	2
PO6: The Engineer and Society	3
PO7: Environment & Sustainability	1
PO8: Ethics	3
PO9: Individual & Team work	3
PO10: Communication	3
PO11: Project management & Finance	3
PO12: Life-long Learning	3

PO Weightage*:

Marks Obtained	Level
80.00 and above	3
75.00-79.99	2.5
70.00-74.99	2
60.00-69.99	1.5
50.00-59.99	1
45.00-49.99	0.5
40.00-44.99	0.25
Less than 40	0

Rubrics for Project on Design Thinking

Performance Indicator	Excellent (18-25)	Acceptable (9 -17)	Attempted(1-8)
<i>Research (PI1)</i> <i>(25 marks)</i>	Well defined users; is able to do detailed Observation(AEIOU); a lot of relevant assumptions & qtns; draw from other similar experiences	Defined users; is able to do detailed Observation(AEIOU); a reasonable number of relevant assumptions & qtns	Vague user understanding; is not able to do detailed Observation(AEIOU); weak interviewing & insights;
<i>Making Sense of data (PI2)</i> <i>(25 marks)</i>	large empathy map/persona; Strong insights & good understanding of user needss;	larger empathy map/persona; Better insights & user needs;	small empathy map/persona; weak insights & no understanding of user needs;
<i>Ideation (PI3)</i> <i>(25 marks)</i>	high use of divergent/convergent concepts; unique & original idea; insights are further strengthened	moderate use of divergent/convergent concepts. Original idea	hardly any use of divergent/convergent concepts; copied idea;
<i>Prototype & Feedback (PI4)</i> <i>(25 marks)</i>	workable prototype / diagram; mention details of how to use; Good user feedback & modification	workable prototype / diagram; also mention how to use; Reasonable user feedback	sketchy prototype / diagram; hardly any user feedback

Total Marks= 100

Rubrics for Drama

Performance Indicator	Excellent (18-25)	Acceptable (9 -17)	Attempted(1-8)
<i>Preparedness (PI1) (25 marks)</i>	Students are completely prepared and have obviously rehearsed.	Students seem pretty prepared but might have needed a couple more rehearsals.	Need to stretch the imagination to connect to theme.
<i>Content (PI2) (25 marks)</i>	There is an abundance of material clearly related to the topic. All points are accurate and clearly made.	There is sufficient information that relates to topic. Most points are accurate and clearly made.	There is a great deal of information that is not clearly connected to the topic.
<i>Enthusiasm (PI3) (25 marks)</i>	Facial expressions and body language generate a strong interest and enthusiasm about the topic in others.	Facial expressions and body language sometimes generate a strong interest and enthusiasm about the topic in others.	Facial expressions and body language are used to try to generate enthusiasm, but seem somewhat faked
<i>Audience Response (PI4) (25marks)</i>	Points made in a very creative way and held the audience's attention throughout.	Presented facts with some interesting "twists"; held the audience's attention most of the time	Some related facts but went off topic and lost the audience; mostly presented facts with little or no imagination

Total Marks= 100

Class average = (ActivityI + ActivityII)/2

Rubrics for Drama

Performance Indicator	Excellent (18-25)	Acceptable (9-17)	Attempted(1-8)
<i>Preparedness (PI1) (25 marks)</i>	Students are completely prepared and have obviously rehearsed.	Students seem pretty prepared but might have needed a couple more rehearsals.	Need to stretch the imagination to connect to theme
<i>Content (PI2) (25 marks)</i>	There is an abundance of material clearly related to the topic. All points are accurate and clearly made.	There is sufficient information that relates to topic. Most points are accurate and clearly made	There is a great deal of information that is not clearly connected to the topic.
<i>Enthusiasm (PI3) (25 marks)</i>	Facial expressions and body language generate a strong interest and enthusiasm about the topic in others.	Facial expressions and body language sometimes generate a strong interest and enthusiasm about the topic in others.	Facial expressions and body language are used to try to generate enthusiasm, but seem somewhat faked

ABL-4: 'Technical Paper and Patent Drafting' Contest

Course: ABL: 4-Technical Paper and Patent Drafting

Class: T.E. SEM. VI

Activity Day: Friday, 27th March 2020

Following activities will be conducted during contest:

1. SPOT the Mistake
2. Presentation on Funding Scheme
3. Drafting Skill
 - A) Paper Presentation
 - B) Paper Drafting in IEEE Format
 - C) Patent Drafting

Topic Selection: Same as minor project.

Group Formation: Same as minor project group.

Authors and Co-authors in a paper and Patent: Name of all the students in a group and the name of project guide must be mentioned on paper as well as patent.

Each student will have to participate in all the activities.

1. SPOT the Mistake: Group of students will be given paper's containing drafting mistakes. Students need to identify the maximum number of mistakes.

2. White Paper on 'Funding Scheme': Each group need to identify and present the funding scheme (by State Government or Central Government or NGO or any national or international agency). Prepare the white paper on scheme. Please include as much as information available on the scheme.

Presentation Time: Five (05) minutes

Topic reservation is First cum first serve basis.

Every group need to give different name of funding scheme. Duplicate entries are not allowed.

Submission of topic: 18th to 19th March 2020

Registration of Funding Scheme should be done with the respective ABL coordinators.

Last Date to Submit 'White Paper on Funding Agency' (Soft copy as well as hard copy):
23rd March 2020

DEAN ACADEMICS

Moot Court Competition

Aim and Purpose: To provide exposure to the students, at the backdrop of the court system in India. Moot court competition shall create an awareness among students about legal system in India and upgrade their documentation skill. To provide a real life experience cum training in doing cutting edge research and presenting ground breaking arguments. Experience of legal system procedures shall remove their fear of legal system and help them in future to overcome challenges in their life.

Definitions:

Compendium means the compilation of research work prepared by the participating teams for the reference of the Bench.

Informant means the side representing the informing party.

Opposite Party means the side representing the defending party.

Rebuttals refer to the challenges presented by the Claimant in response to the Respondent's submissions.

Sur-Rebuttals refer to the defense presented by the Respondent to the rebuttals.

Written Submission means the memorials that are to be submitted consisting of the arguments of the participating teams.

Memorial Submission: Each team is required to prepare written submissions representing both the sides, Informant and Opposite Party of the case. **Written Submissions to be prepared from Both Sides.** Each team must prepare Written Submissions for both sides to the dispute.

Written submissions should be made in the following format:

i. Main body Specifications:

Printed on: A4 sized paper

Font: Times New Roman

Font Size: 12

Line spacing: 1.5

Alignment: Justified

ii. Footnote specifications:

Citation

Font: Times New Roman

Font size: 10

Line spacing: 1

Alignment: Justified

iii. Speaking footnotes and endnotes should not be used anywhere in the written submissions.

Margin: 1 inch margin on all sides.

iv. Print should be taken on both sides and in black ink only.

The memorial should consist of the following content:

i. Cover Page /Case Title

ii. Table of Contents

iii. Index of Authorities (The Index of Authorities must list all the authorities cited in the Written submission. The Index must indicate the page number(s) and/or the paragraph number(s) of the Written submission in which the authority is cited;)

iv. Statement of Jurisdiction

Ritika
Dean Academics

Bhartiya Vidya Bhawan's
Sardar Patel Institute of Technology
Munshi Nagar, Anand (Guj), 388415

Sachin

v. Statement of Facts (The Statement of Facts must contain a concise statement of the relevant facts of the dispute. As far as may be, the Statement of Facts should be limited to the stipulated facts and legitimate inferences which can be drawn from those facts. Statement of Facts shall not exceed 2 pages.)

vi. Statement of Issues

vii. Summary of Arguments/Pleadings (The Summary of Arguments should contain a summary of the substance of the arguments, and should not merely be a reproduction of the various headings and sub-headings of arguments. The Summary of Arguments shall not exceed 2 pages.)

viii. Arguments Advanced

ix. Prayer/Conclusion

The Memorials must not contain any Annexures/ Photographs / Sketches/ Exhibits / Affidavits etc.

Cover Page:

The cover page of the memorials should have the following details:

- i. Colour: Blue for Informant & Red for Opposite Party
- ii. Team Number
- iii. The year of the Competition
- iv. The name of the Case
- v. The Party on behalf of which the written submission has been prepared
- vi. Name of the forum resolving the dispute

There is an overall limit of 30 pages on the memorial, wherein the arguments advanced should be limited to a page limit of 18 pages.

Evaluation criteria for Written Submissions:

Last date for Memorial Submission (hard copy) 1st March 2019, Friday before 11.00am.

Each memorial shall be evaluated on a scale of 100 based on the following criteria.

Sr. No.	Criteria for Evaluation	Max. Marks
1	Knowledge of Laws and Facts	15
2	Grammar and Style of Presentation	10
3	Application of Laws and Facts	20
4	Proper Articulate Analysis and Organization	10
5	Use of Authorities and precedence's	15
6	Proper citation and correct format	10
7	Originality in presentation	10
8	General Impression and Clarity of Thought	10

ORAL Submission:

Each team shall comprise of TWO speakers. Court language shall be English.

Two Rounds shall be held, wherein each team shall be provided with an opportunity to argue from both sides.

Each team shall be allotted with a total of 20 Minutes for Oral Arguments, inclusive of rebuttals and sur-rebuttals. Teams are at a discretion to divide the allotted time amongst the speakers, subject to a maximum of 10 minutes for one speaker. An extension of time may be granted at the discretion of the Judges.

Each team shall communicate their division of time to the Court Officer, prior to the commencement of the Oral Arguments.

Teams may provide the Bench with a compendium, provided the same is permitted by the Bench.

1045

Dean Academics
Bharatiya Vidya Bhawan's
Sardar Patel Institute of Technology
Munshi Nagar, Andheri (W), Mumbai - 400 053.

During the course of oral submissions the participants cannot submit to the court any material containing pictorial representation whatsoever. Further the participants will not be permitted to make any audio/visual representation nor will they be allowed to use personal computers, laptops and any other technical or mechanical device during their oral submissions.

Speakers shall not be allowed to pass annexures to the judges; instead the teams may make a compendium of annexure that shall be given to the judges before the start of the proceedings.

The order in which the teams shall present their arguments is as follows:

- a. Appellant Speaker 1
- b. Appellant Speaker 2
- c. Respondent Speaker 1
- d. Respondent Speaker 2
- e. Rebuttal: Appellant - Any one of the two Speakers
- f. Sur-rebuttal: Respondent - Any one of the two Speakers.
Sur-rebuttal may be permitted only at the discretion of the Judges.

The Researcher shall not be permitted to address the Court during the Oral Rounds. The Researcher may however, be permitted to pass notes to the Speakers at the discretion of the Judges. Such notes shall be passed through the court clerks present in the court room.

Teams are not permitted to raise issues in the Oral Rounds that have not been submitted in the Written Submissions. The exchange of Written Submissions shall take place prior to the Oral Pleading Rounds.

A team shall be credited with a win, if the total marks secured in the respective sessions are higher than the marks secured by the opponent team. For the purpose of calculation of total marks, the marks awarded for the written submissions shall be added to the oral round score and each team will be evaluated for 200 Marks.

Evaluation Criteria for Oral Arguments

Each team shall be evaluated on the following criteria:

Sr. No.	Criteria for Evaluation	Max. Marks
1	Identification and Articulation of Issues	20
2	Interpretation of Facts and Its Application	20
3	Application of legal principles, use of Authorities and precedents	15
4	Style, Poise and Court Mannerism	15
5	Clarity of Thoughts and logical structure of Arguments	15
6	Presentation Skills and Time Management	15

Scouting: Scouting by any team or an individual member of the team is strictly prohibited and shall be subject to immediate disqualification from the Competition.

Dress Code: Formal. Preferably the following:

- i. Females: White Kurta, Black Salwar and Black Dupatta or White Shirt and Black Trousers along with the Black Coat and Tie.
- ii. Males: White Shirt, Black Trousers, Black Tie along with Black Coat and Black Shoes.

(Autonomous College Affiliated to University of Mumbai)

"ABLL@LLC"

(Activity Based Liberal Learning about Life, Literature and Culture)

Academic Year: 2021-22 Semester: ALL

Course Code: Course Name : **ABHYUDAYA**

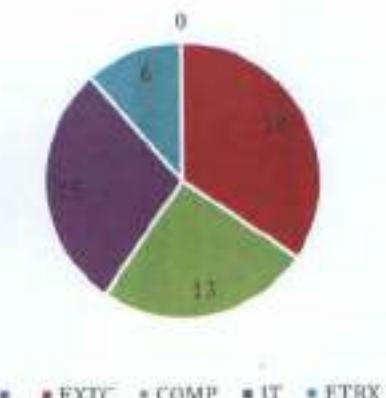

Name of Faculty Coordinator: **GOVIND HALDANKAR**

Total Number of students registered:

Branch Wise Year Wise

EXTC	18
COMP	13
IT	15
ETRX	6

2021-22 Branch wise

Number of sessions conducted: 36 Hrs.

Duration of the session: 3 Hrs.

Brief contents taught: About "Abhyudaya": Abhyudaya is an NGO associated with SP Jain Institute of Management and research and the institute is in the same campus of Sardar Patel Institute of Technology. SP Jain Institute of Management and Research has designed a transformative experiential learning course for the children from underprivileged backgrounds. These bright school children are called Sitara, which means a star. For the past 15 years, the non-profit arm of Abhyudaya has been addressing UN SDG 4 of Quality Education by engaging actively with the Sitara community. It educates 550+ Sitaras and offers financial assistance, health and safety programmes, digital literacy programmes, and several holistic development activities. More than 50% of Sitaras are girls.

Program Outcomes-

- PO8 Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
- PO9 Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- PO10 Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- PO12: Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

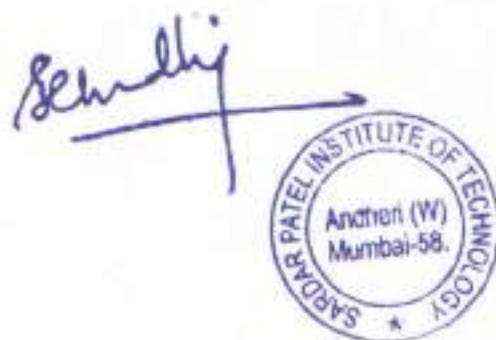

PO number	Graduates Attributes	PO mapping level
PO8	Ethics	3
PO9	Individual and team work	3
PO10	Communication	2
PO12	Life-long learning	2

No of students participated: 42

No of students received more than or equal to average grades: 37

No of students received less than average grades: 5

PO Attainment				
Graduate Attributes	PO Mapping Level	Avg Level	Weight = Level / 3	Avg * weight
PO8 Ethics	3	3	1	3
PO9 Individual and team work	3	3	1	3
PO10 Communication	2	2	0.67	1.33
PO12 Life-long learning	2	2	0.67	1.33
Total PO attainment				2.17

Course: SEVA/SATVA : SV15 : Study of one of the identified Books

Sem.: ODD

Academic Year: 2021-2022

Mentor: Prof. Prashant Kasambe

Students who enrolled for this course were asked to select any book of their interest. The details are as follows. Later an online meet is arranged to brief them the contents and format of the report to be submitted. In the same meeting their progress in the course was monitored. Evaluation criteria was also decided during the meeting. Submission of the reports and presentation was taken on google drive.

In the report, students were asked to write the takeaway based on the contents of the book and their own views, feelings.

Name of the students	UID No.	Semester in which Appeared for course	Semester in which currently studying	Branch	Name of the identified book
Samidha Salian	2020510056	Sem II	Sem II	MCA	The Oath of the Vayuputras
ADRIKA DIKSHIT	2020100012	Sem III	Sem III	ETRX	And then there were none
Wajid Jamadar	2020100023	Sem III	Sem III	ETRX	RAM:SCION OF IKSHVAKU
Namita Praful Kadam	2020100026	Sem III	Sem III	ETRX	Gently Falls the Bakula
Sneha Ghuge	2019110015	Sem V	Sem V	ETRX	The Immortals of Meluha

The details of the books read by the students and their takeaway is summarized as follows:

Name of the students	Details of the Book	Takeaway
Samidha Salian	1.1. Name of the book title The Oath of the Vayuputras 1.2. Name of the author Amish Tripathi 1.3. Publications Westland Press 1.4. Year of publication 27 February 2013 1.5. Edition: 1st Edition	Shiva's journey has come to a conclusion, and it was a peaceful one. He stood up for what he believed in, loved unconditionally, and gave life to deserving children. He vanquished the 'evil' and now realizes that he has accomplished his life's goal. Shiva's views and interpretations will captivate you. The balance between virtue and vice is the subject of this book. It depicts how the light will destroy darkness anytime it arises. Regardless of the loss, people who choose the right will forge a new way.

ADRIKA DIKSHIT	Name of the book: And then there were none Author: Agatha Christie Publication: HarperCollins Publishers Year of Publication: 1939 Edition: 2015	Christie not only traps her characters in this house of horrors, but she traps us as well. We know from the title where all this is headed and there is nothing we can do to stop it except turn every page faster and faster until we know the secret' until we know what it is that has led these ten little Indians to face their judgment once and for all.
Wajid Jamadar	RAM: Scion of Ikshvaku By Amish tripathi Publisher:Westland Press Publication date: 22 June 2015	I like this book as it was thriller and meaningful .The book's story was a horrifying ride to me .The Love between got tears in my eyes .The Ram character was the one character that I was fond of.This book teaches you about your family values .And law is above all. No one is above law. The books told that whatever situation comes in life you should follow law and do your dharma .As in rams case his sister was brutally raped he stand still and followed law .He didn't lose his temper on that .He would have punished Denuka but he did not .And this is true example of dharma.I personally liked book. My Favorite character was Lakshman who was always with his brother.
Namita Praful Kadam	1.1.Title of the Book: Gently Falls the Bakula 1.2.Name of the Author: Sudha Murty 1.3.Publication: Penguin Group 1.4.Year of Publication: February 2008 1.5.Edition: 1st Edition in 2008	1. Never sacrifice your identity and career for anything. 2. A relationship should always have balance in all aspects. Both should learn to manage their priorities, ambitions and egos. 3. We should judge right from the beginning about what we want and what we are about to get after committing to something. 4. Whenever something gets toxic, we should try to find a cumulative solution. But, if things go out of hand, then we should not hesitate to take some tough steps. 5. Sometimes, we should take decisions that benefit us independently too, rather than always think about the consequences on the relationship as a whole. 6. If one person in the relationship is over-ambitious, then we should make that person realize that their ambitions are coming in the way of making the relationship better. 7. Opportunities don't come knocking twice, we should always make use of them when they come.
Sneha Ghuge	1. 1 Title of the Book : The Immortals of Meluha 1.2 Name of the Author: Amish Tripathi 1.3 Publications: Westland Ltd 1.4 Year of Publication: 2010	Shiva is an ordinary tribal man who is challenged by his fate to become a savior for people. He is faced with extraordinary struggles during his path. He stands in front of all his challenges and proves that he deserves to be the Neelkanth not only because of his blue throat but also due to his ability to be one. He proves that if a man tries and persists against the odds, he can be God. It's not just dependent on fate, it's upon the karma of the individual.

Based on evaluation criteria, the following are the details of evaluation.

Devashish Rairikar report 18May 2022

The Boy Who Loved & The Boy with a Broken heart

- Durjoy Datta

About the Author:

- Durjoy Datta was born in Delhi, and completed a degree in engineering and business management before embarking on a writing career.
- His first book- Of Course I Love You... was an instant bestseller
- He has written over a thousand television episodes.
- His other works include- The Girl of my Dreams; World's Best Boyfriend; Hold my Hand and many other novels were on the bestseller lists making him one of the highest-selling authors in India.

Genre of the book:

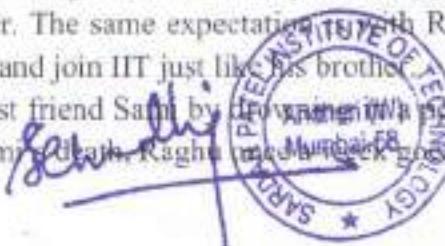

- The Boy Who Loved and the Boy with a Broken Heart are duology romantic novels.
- Written in a form of diary and a first person method where the protagonist takes the readers through his events of life.
- The first part takes place in Delhi about a boy named Raghu Ganguly and second part about Advaita in Dehradun where the two worlds collide leading us to a dramatic climax.

Preface

I bought 'The Boy who Loved' while coming back to Mumbai at a train station. What attracted me was the headline that 'The only thing you cannot plan in life is when and whom to fall in love with...' I have firmly believed that you don't have the right to choose your parents, family but there are two things in life that you can choose i.e. friends and a loved one. I also didn't expect more than an old-school romance of the 90s when a middle-class boy falls in love with a rich girl and all the drama that unfolds... disowned from community/family, elope, forgiveness... but this book superseded my expectations and gave a different perspective for fiction romance novels.

Summary

It starts in 1999 where Raghu Ganguly, 16- year old introduced us to his family consisting of his parents (Maa-Baba) and elder brother Anirban in a close knit Bengali family residing in Delhi. Anirban is an IIT graduate working in a corporate firm in Bangalore much to his parents' opposition of settling in Delhi so that everyone could live together. The same expectation with Raghu's academic performance; perform well in boards, AIEEE and join IIT just like his brother. He shies away from friendship after the death of his best friend Sami by ~~Devashish Rairikar~~. He always it's his mistake and regrets till date. To atone Sami's death, Raghu ~~and~~ ^{Swasthi} moves to his

society and looks up to his balcony hoping Sami would come. After Sami's death, Raghu's parents changed his school to divert him from the regret just before his board exams. Baba at the breakfast table is shown to chastise Pakistanis and hypocrisy of Secular India and Muslims. Both Maa-Baba have deep hatred towards Muslims and Pakistan.

Dada is a secular and always in cross-hairs with Baba over the debate that the Indian cricket team should be led by Sourav Ganguly not Mohd. Azharuddin since Sourav is Bengali Hindu, and the Maa would make truce between them.

At school, class-teacher Ms. Amarjeet Kaur introduced him to the class and asked the class to do the same. Brahmi Sharma's name stuck in his mind. She was the class monitor, march-past incharge and teacher's pet. I liked the introduction of her where Raghu told that once you find a flaw, you concentrate on that. It could be anything and slowly you will only see the flaw and not the person.

Raghu's first interaction with Brahmi was on his 17th birthday where he dressed in colorful clothes and their friendship begins after the class-teacher makes him sit next to her. She was a class topper and had an impeccable report card. Raghu was in dilemma when he describes Brahmi on whether he started liking her and finds a confidant with his secret of Sami. Baba wanted Raghu to pursue UPSC after IIT studies in order to work for the country and started randomly asking him the questions on general knowledge and what not. Baba works in a bank, so retirement is settled and Maa works as a professor in Delhi University. Baba always chastises Dada for not having a government job and working for a MnC in a cubicle. He was true patriotic and ordered a full course Chinese meal when India tested nuclear bombs and became a full-fledged nuclear state under Atal Bihari Vajpayee government. 11th grade begins and it happens Raghu and Brahmi are in the same class. He starts having fictional dreams about them. On the first day, she tells about her family; her Tauji (uncle), Taiji (aunt) and a bit about her parents. Raghu looks at her bruises when she gives an excuse about how she cut her hand while helping out in the kitchen. After the Physics test, Raghu sees Brahmi bunk the period and follows her when she invites him to join. They took an excursion to Keventers milkshake at Connaught place. While Raghu was worried about suspension due to absence, Brahmi calmed him down saying she will manipulate attendance under the pretext of toppers' perks. They talked about each other and Sami when Raghu started to lose his temper when she told him it was not his mistake. The old memories of Sami flashbacked and an uncomfortable atmosphere was created.

Raghu and Brahmi spend more time together sometimes at Nehru Planetarium or with dogs at the back of the school gate. She tells him that she always bunks her last period deliberately in order to roam around the city or play with Shahrazad and her puppies. These were her happiest moments of the day. Shahrazad died due to illness and both puppies were adopted by Raghu and Brahmi each. We see further how Maa-baba reacts when he brings home a puppy. The puppy was quickly welcomed.

Ahead in the story it was time for Raghu to meet Zubeida. He shares with the Brahmi and asks her to come along with him. They talk about the definition of love and sacrifice and how the two are interlinked when it was interrupted by them. The meeting described was quite awkward where Raghu asked silly questions about their first meeting and can't she find the boy from her community. Later, he felt sorry about misbehaving with her.

Dada's secret was out in the open. Maa-Baba went mad and started cursing and beating Dada and threatened to ostracized from society if he ever brought Zubeida into the family. They gave him an ultimatum to choose her or them!

Dada leaves the home and shows up a week later to invite them to his marriage in a court. Later, we get to know that Zubeida is pregnant and as per astrologer's prediction Anirban's child won't live longer than 2 years.

The story progresses by Maa leaving home to be with Dada despite opposition from Baba but a mother's love is greater than hatred. Brahmi stopped coming to school and started working in a call-center in order to avoid the beatings of Taiji and Tauji. Dada settled with Zubeida in Delhi. Brahmi was back and surprised me through Rishabh and Arundhati but it was short-lived when her secret was revealed by her Taiji and Tauji that her parents died 10 years ago and from that trouble started in their life and became a burden on them. They threatened Raghu not to meet her ever. Maa helped Boudi during the pregnancy, not allowing her to do the office work and properly keeping a watch if all her daily chores are getting fulfilled but that hurt her when Dada allowed her to work and travel. Boudi's heavily pregnant and Raghu avoided his friends in order to focus on studies and prepare for IIT. Dada requests him to study in Delhi as he wants him around his child. Soon, Dada died in the LPG blast. Brahmi consoles Raghu by talking him out of his grief but much to her dismay, he breaks with her off. Raghu realizes Maa is a chameleon, she tries to hurt Boudi in every way possible and then apologizes for it. Soon, it was revealed that it was orchestrated by Maa-Baba to convert her after giving birth. If not, she wouldn't see her child again. Zubeida got into labor and gave birth to a boy. They named him Anirban Jr. While she was under sedatives, Maa and Baba took Anirban Jr away in order to force her to convert. Boudi cried and left with no option but to convert and rethink her faith. Next day, Boudi came back without her burqa. Raghu couldn't digest all of this and decides to leave the house forever. He apologized to Boudi for not being able to be with her during her tough times. He decided to spend the night at Dada's place with Brahmi and then die with her by jumping off the balcony together. But fate has different plans. On the night, while Raghu was writing his last piece of this diary telling how they loved, lived and then died together... She was at the ledge while he was writing.. she left the letter to him. Brahmi jumped!

Part 2:

The Boy with a Broken heart:

The story takes a leap of 2 years in 2002, where we get introduced to Advaita Vaid... this diary written by Adavita and about her life and how she met Raghu in exile. The story starts in Dehradun and we get introduced to her parents (Mumma and Papa), elder sister Divya, Grandpa, Buaji, Fufaji, Manish Chachu and two cousins Karan and Anshuman. Mumma supported us by stitching clothes and marriage suits. Papa is handicapped and that was disrespectful in the face of Voids. The worlds of Delhi and Dehradun collide on a result day when Advaita worked in a library when Raghu ripped off a hardcover of a book by mistake and then apologized by saying "Sorry Advaita". She inquired about him at various food-stalls, garages. She got a sense of attitude/attitude that he's from Delhi and has done some bad deeds... that's why he ran away and came to Dehradun... he doesn't look safe. Manish Chachu's marriage alliance was fixed with Sumitra who shares a

history with Divya as they had a crush on the same boy named Vibhor Gupta and that caused rift between them. She opposed the alliance but the family got dowry, jewelry. It came to know that Manish Chachu is closeted and used to sneak home at night to meet his boyfriend Altaf. When Advaita reveals to Sumitra about his fiancee's sexuality, it comes as a shock to her. Despite requests to cancel the wedding, Sumitra remains adamant to marry. Buaji came to know that jewelry is fake and dowry is much less than decided. She decides to cancel the wedding but after repeated requests by her parents and allows them to treat Sumitra as a maid. Buaji agrees to the wedding having four maids. Raghu was friends with Altaf and knew about Chachu's secret. Advaita came to know about Raghu's tuition classes and famous tea. She visited him there and asked about his secret about what happened in Delhi.

Course: SEVA/SATVA : SV-15-BOOK REVIEW

Sem.: EVEN

Academic Year: 2021-2022

Mentor: Milind Paraye

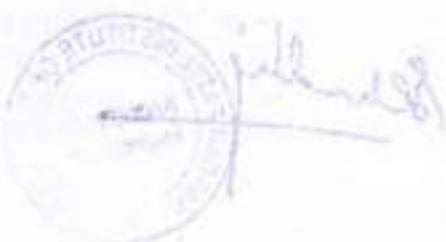

Evaluaiton pattern:

- Title page (consisting of name of course i.e. SEVA/SATVA, name of task, your name, your UID, branch, year)
- Details of the book (Title of Book, Author, Few sentences about author, Genre of the book, total pages of the book). If possible, include the image/pic of the front page of the book which you read.
- Organization of Book (in what way the book is organized like which chapter describes what content etc..)
- Your summary
- Content/sentence particularly you liked the most (& reason if possible). Also mention the page numbers
- Key takeaways after reading the book
- Conclusion (write using pen-paper using your own handwriting, scan it, paste it in word document)

According this point we have to make the presentation

Following is the list of students....

1) Namita Kadam 2020100026

The "Shiva Trilogy" by Amish Tripathi, is an amazing series of 3 books, namely.

1. The Immortals of Meluha
2. The Secret of the Nagas.
3. The Oath of the Vayu Putra.

I would like to begin by introducing the Author. He is an IIM (Kolkata) educated banker turned award-winning author. He is passionate about history, mythology and philosophy, finding beauty and meaning in all world religions. His 7 books have sold over 5 million copies and been translated into 19 Indian & international languages. His Shiva Trilogy is the fastest-selling book series in Indian publishing history. His other works include, the 'Ram Chandra Series' again a trilogy, 'King Suheldev', 'Dharma: Decoding the Epics for a Meaningful Life' and many more.

2) Ojas Patil 2019130048

'Immortals of Meluha'

Shiva! The Neelkanth! The Mahadev. The God of Gods. The Destroyer of Evil. Passionate lover, fierce warrior, charismatic leader and the consummate dancer. Powerful but incorruptible, accompanied by equally quick and fearsome temper. Over the ages, we have assumed that he must be a mythical God, who existed merely in human imaginations. But, what if there existed such a great man in reality? What if Shiva was not an imagination but a man of blood and flesh? A man who rose to godlike because of his deeds. And, to rescue us from this dilemma, India's biggest literary rockstar, author Amish Tripathi's 'Shiva Trilogy' has appeared. 'Shiva Trilogy' interprets the rich mythological heritage of ancient India, blending fiction with historical facts. It introduces the youth to ancient value systems while pricking and satisfying their curiosity. 'Immortals of Meluha' is the first book of the trilogy and debut book of Amish, which became a record breaker book in the short span of its release. This 417 paged book has sold more than 5 million copies till date and the numbers are still increasing. It has been translated into 19 different languages. The book narrates a journey of an uncouth, rough-hewn Tibetan barbarian from leader of a tribe to become the Neelkanth! The Mahadev! The Lord of people, Aryavarta. The book has adventures of Shiva, Sati's love, Parvateshwar's loyalty, Nandi, Bhadra's friendship, Naga's fierceness and many more. The simple man whose karma re-cast him as our Mahadev, the God of Gods.

3) NIDHI SAMANT 2020100050

The Palace of Illusions

Draupadi was born along with her brother, Dhrishtadyumna (whom she called Dhri out of love), from the sacrificial fire. The world saw King Drupad accepting both the children by carrying them in his lap. Reality is often different than what outsiders see. It must have been disheartening to see her own father staring at her with denial. She was the only one who knew he carried her in his lap only because Dhri was holding her hand tightly. It might be unbearable for a common child but not for one who was prophesized to bring a revolution in society for women. Since both the brother-sister pair were born with a purpose from the sacrificial fire, they were taught different subjects accordingly.

4) Pooja Bhatu Sable 2019130052

The Hungry Tide

The novel begins with Kanai, a forty-two-year-old Indian man, observing a young woman her name is Piya (Piya) at a train station. Though Piya is of Indian descent, Kanai immediately can tell that she is a foreigner in the country because of her "neatly composed androgyny" (3). He's surprised that a foreigner would be at this particular train station in Kolkata (formerly Calcutta) because the train goes to Canning, which is rarely visited by tourists. Kanai is a translator, fascinated by language, and he listens to Piya ask another man for directions in English, then apologetically explain that she doesn't understand Bengali. Though Kanai is from India, unlike Piya, he is also somewhat of an outsider because of his comparative affluence, which is visible because of his type of luggage and style of dress. Kanai briefly loses track of Piya

in the crowd and boards the train. He asks an elderly passenger to switch seats with him so he can see his work better by the light of the window, and the passenger agrees.

5) Nupur Gupte 2019140027

Collected Short Stories

This book consists of many short stories. The author gives us various messages through this book.

- Nature Conservation: Death of the Trees, The Last Truck Ride, Tiger Tiger burning Bright, The Leopard, A Tiger in the House.
- Horror stories :Whistling in the Dark, Wilson's Bridge, Reunion Regal, The wind on the Haunted Hill, Whispering in the Dark, The Haunted Bicycle, A Face in the Dark, The Monkeys
- Mysterious Stories: Something in the Water, Eyes of the Cat, Susanna's Seven Husbands, A Job Well Done, He Said it with Arsenic.
- In stories like The Coral Tree, The Window, The Story of Madhu, When you can't climb trees any more the author writes about his interaction with children. Stories like The Photograph, The Cherry Tree, Faraway Places, A Rupee Goes a Long Way, and The Prospect of Flowers are about children and their adventures.
- As Time Goes by, Would Astley Return?The playing fields of Shimla,The Flute player, Here comes Mr. Oliver, The Trouble with Jinns are about the author and his friends and also about friendship.
- The author gave some beautiful messages like we should not discriminate between people in Untouchable, we shouldn't disrespect the specially abled in Most Beautiful, work hard to achieve your dreams in What's Your Dream?People easily forget their heroes in The Garlands on His Brow and The Kitemaker,
- The Eyes have it, The Night Train at Deoli, The Woman on Platform No.8, The Thief describes the bond developed with unknown people.
- The Daffodil Case and The Man who was Kipling are stories where the author meets some famous people
- There are many stories about the people whom he met during his childhood like grandfather, grandmother, Ayah and many more.

6) OMKAR DILIP PAWAR 2019110044

"Midnight's Children"

Salman Rushdie is a British-Indian author who has written many successful novels. He has received many accolades for his books including European Union's Aristedion prize for Literature, the Premio Grinzane Cavour, and the Writer of the Year Award in Germany. His book *Midnight's Children* is a 1981 magical fiction novel revolving around India's independence. The novel is semi-autobiographical, though the main character and Rushdie stand-in has magical powers. *Midnight's Children* was critically acclaimed and won many literary awards, including the Booker Prize and the special Booker of Bookers Prize, which commemorated the award's 25th anniversary.

Bhavali

Sardar Patel Institute of Technology, Mumbai

Event : ABL on Technical Paper writing

Class : Information Technology

Co-ordinator : Prof. Sheetal Chaudhari

Schedule : Jan-March 2021 No of Sessions : 10

Event Report on Session-1

Date : 27 Jan 2021

Duration : 1Hr

Speaker : Prof. Dr Reena Sonkusare

Speaker Profile : Deputy HOD, Associate Professor in Electronics and Telecommunication Department, SPIT

Deliverable : Introduction to research, types of research, What is research paper, why to Publish the research

No of Participants : 66

Outcome : Students have understood the importance of writing research paper and what is the structure of research paper

Sardar Patel Institute of Technology, Mumbai

Event : ABL on Technical Paper writing

Class : TE Information technology

Co-ordinator : Sheetal Chaudhari

Schedule : Jan-March 2021 No of Sessions : 10

Event Report on Session-2

Date : 10th Feb 2021

Duration : 1hr

Speaker : Prof. Dr. Radha Shankarmani

Speaker Profile :

- Dr. Prof. Radha Shankarmani is Dean of Quality in SPIT having 25 years of teaching experience and research experience of more than 15 years. She Published several research papers in national and international conferences as well as journals. She also wrote 4 books .

Deliverable : Various research topics

No of Participants : 70

Outcome : Students are able to know what emerging research areas like tackling misinformation are a trending field, handling privacy concerns is also in demand.

Sardar Patel Institute of Technology, Mumbai

Event : ABL on Technical Paper writing

Class : TE Information Technology

Co-ordinator :Sheetal Chaudhari

Schedule : Jan- March 2021 No of Sessions : 10

Event Report on Session-3

Date : 3rd Feb 2021

Duration :1 Hr

Speaker :Prof. Dr. Sudhir Dhage

Speaker Profile :

Prof. Sudhir Dhage is professor in the Computer Engineering Department of Sardar Patel Institute of Technology, Mumbai with 26 years experience in Academics and 12 years in research. He has published 47 + research papers at various national & international refereed conferences and 12 papers in journals.

Deliverable : Submission and review mechanism of research paper

No of Participants :72

Outcome : Students have are now able to understand

- The importance of Review mechanism of a research paper.
- Different types reviews

Sardar Patel Institute of Technology, Mumbai

Event : ABL on Technical Paper writing

Class : TE Information Technology

Co-ordinator :Sheetal Chaudhari

Schedule : Jan-March 2021

No of Sessions : 10

Event Report on Session-4

Date : 3rd Feb 2021

Duration :1 Hr

Speaker :Prof. Dr. P. B. Bhavathankar

Speaker Profile :

Dr.Prasenjit Bhavathankar is HoD of Information Technology department at SPIT. He has 16 + years of teaching experience. He has published several research papers in various national and international conferences and journals. His area of interest includes Wireless Sensor Networks, algorithms etc.

Deliverable : Formatting research paper in Latex , Introduction to Latex , research paper format

No of Participants :72

Outcome : Students

1. Learnt what is LaTeX
2. Learnt about the different commands of LaTeX
3. Learnt why LaTeX should be used

Sardar Patel Institute of Technology, Mumbai

Event : ABL on Technical Paper writing

Class : TE Information Technology

Co-ordinator : Sheetal Chaudhari

Schedule : Jan-March 2021

No of Sessions : 10

Event Report on Session-5

Date : 12th Feb 2021

Duration : 1 Hr

Speaker : Prof. Dr. D.R. Kalbande

Speaker Profile : Dr. Dhananjay Kalbande is Professor in Computer Engineering at SPIT. He is Dean of Industrial Relations. He has research experience of 9 years. He has published research papers in various national and international conferences and journals. His research interests are soft computing , IOT, HMI, UED, etc. Skinzy is a health startup by him.

Deliverable :

- How to prepare research proposal for funding
- Origin of the proposal, review of status research and development in the subject, work plan
- Expertise, list of facilities by parent institute

No of Participants : 67

Outcome : Students understood the following points

- 1) How to write grant application/ funding proposal
- 2) Factors which are important for funding
- 3) One should follow ethical aspects for any research funding

Sardar Patel Institute of Technology, Mumbai

Event : ABL on Technical Paper writing

Class : TE Information Technology

Co-ordinator : Prof. Sheetal Chaudhari

Schedule : Jan-March 2021 No of Sessions : 10

Event Report on Session-6

Date : 10th Feb 2021

Duration : 1Hr

Speaker : Dr. Rajendra Sawant

Speaker Profile :

- Dr. R. R. Sawant is a Professor in the Electronics and Telecommunication Department at SPIT, Mumbai.
- He is having 26+ years of experience in academics and 1.5 years of industry experience.
- He has published more than 40 papers in international conferences or journals of repute.
- He has completed 11 Industrial Consultancy and government funded projects.

Deliverable : Why and where to apply for Research Funding

No of Participants : 70

Outcome :

- Students understood the type of expenses, preparation of budget, resources to gain research grant or research funds.
- They are now aware about various organizations which provide grants such as UGC, DRDO, DAE, etc along with the type of schemes they make available.

Sardar Patel Institute of Technology, Mumbai

Event : ABL on Technical Paper writing

Class : TE Information Technology

Co-ordinator : Prof. Sheetal Chaudhari

Schedule : Jan-March 2021 No of Sessions : 10

Event Report on Session-7

Date : 15th Feb 2021

Duration : 1Hr

Speaker : Dr. Anant V. Nimkar

Speaker Profile :

- Dr. Anant Nimkar is a Head and Associate Professor of the Computer Engineering Department at SPIT, Mumbai with 20 years of experience.
- He has published more than 25 papers in international conferences or journals of repute.

Deliverable : How to perform literature survey of any research paper,

No of Participants : 71

Outcome :

- Students are aware about what should be the contents of the research paper, different approaches of literature survey, order in which different sections of the paper should be written.

Sardar Patel Institute of Technology, Mumbai

Event : ABL on Technical Paper writing

Class : TE Information Technology

Co-ordinator : Prof. Sheetal Chaudhari

Schedule : Jan-March 2021 No of Sessions : 10

Event Report on Session-8

Date : 15th Feb 2021

Duration : 1Hr

Speaker : Dr. Rajendra G. Sutar

Speaker Profile :

- He is a Professor in the department of Electronics at SPIT, Mumbai. Also, currently is Dean of Academics since 2019 at SPIT.
- He has published 14+ papers in various international and national conferences/journal publications.

Deliverable : How to identify conference and journal, poster presentation

No of Participants : 71

Outcome : Students are aware of

- How to identify the right journal/conference for research paper publication.
- What are the steps to perform a Poster presentation.

Sardar Patel Institute of Technology, Mumbai

Event : ABL on Technical Paper writing

Class : TE Information Technology

Co-ordinator : Prof. Sheetal Chaudhari

Schedule : Jan-March 2021 No of Sessions : 10

Event Report on Session-9

Date : 1st March 2021

Duration : 1Hr

Speaker : Dr. Y. S. Rao

Speaker Profile:

- He is a Professor and Dean of R&D in the department of Electronics and Telecommunication at SPIT, Mumbai. He is also on the post of Vice Principal at SPIT since 2011.
- His overall teaching and industrial experience is about 30 years.
- He has published 50+ papers in various international and national conferences/journal publications.

Deliverable : Do and Don'ts in Research

No of Participants : 69

Outcome :

- Students understood that the research paper writing is an activity and there are always some rules to be followed while writing the same.
- If these guidelines are not followed, then any report is useless.

678

Sardar Patel Institute of Technology, Mumbai

Event : ABL on Technical Paper writing

Class : TE Information Technology

Co-ordinator : Prof. Sheetal Chaudhari

Schedule : Jan-March 2021 No of Sessions : 10

Event Report on Session-10

Date : 1st March 2021

Duration : 1Hr

Speaker : Dr. Sujata Kulkarni

Speaker Profile:

- Dr. Sujata Kulkarni is an Associate Professor in the department of Electronics and Telecommunication at SPIT, Mumbai.
- His overall teaching and industrial experience is about 21 years.
- She has published 20+ papers in various international and national conferences/journal publications.

Deliverable : How to use plagiarism tools

No of Participants : 69

Outcome : Students are aware of following:

- What is plagiarism and how to check plagiarism using different plagiarism check softwares.
- Also, they are able to understand why plagiarism matters while writing a research paper.

3. Attainment Levels

Theory course Attainment Levels Versus Target:

CO Attainment Method	Attainment Level		
	1 (low)	2 (medium)	3 (high)
ESE/MSE	< 40% student scoring more than class average in the final examination	40-60% student scoring more than class average in the final examination	> 60% students scoring more than class average in the final examination
ISE	< 50% students score more than class average in the internal assessment	50-70% students score more than class average in the internal assessment	> 70% students score more than class average in the internal assessment
Course Exit Survey	< 60% weight age average in course exit analysis	60-80% weight age average in course exit analysis	> 80% weight age average in course exit analysis

4. Evaluation Rubric

Report Writing					
Sr. No	Criteria	Exemplary (5/4)	Accomplished (3)	Developing (2)	Beginning (1)
1	Title Page and Introduction	All required information, detailed and informative introduction	All required information, Introduction is well-written	Most of the required information, introduction is uninformative	Missing information and/or no introduction
2	Organization	Proper formatting, sections clearly labeled, well-organized, professional style	Proper formatting with labeled sections	Some formatting errors or missing sections	Multiple formatting errors or missing sections

Sekhriji

**Bharatiya Vidya Bhavan's
SARDAR PATEL INSTITUTE OF TECHNOLOGY**

Munshi Nagar, Andheri(W), Mumbai – 400 058.

(Autonomous Institute Affiliated to University of Mumbai)

3	Topics	All of the requested topics are covered in good detail	Most of the requested topics are good in good detail	Some requested topics absent or details lacking	Multiple topics lacking or insufficient details
4	Quality of information	Interesting, well researched, informative. Supporting details specific to subject	Some details vague or non-supporting of the subject	Details somewhat sketchy, do not support the topic	Unable to find specific details
5	References	Multiple references, citations appropriately placed, formatted correctly	References limited or a few missed citations, format mostly correct	References sparse, poor formatting	No appropriate references

Presentation

Sr. No	Criteria	Exemplary (5/4)	Accomplished (3)	Developing (2)	Beginning (1)
1	Organization	Students presents information in logical, interesting sequence which audience can follow	Students presents information in logical sequence which audience can follow	Audience has difficulty following presentation because students jump around	Audience can not understand presentation because there is no sequence of information
2	Content Knowledge	Student demonstrate full knowledge with explanation and elaboration	student is at ease with content, but fails to elaborate	Student uncomfortable with information and can answer only rudimentary questions	Student does not have grasp of information; student cannot answer question about topic
3	Visuals	Students used visuals to reinforce screen text and presentation	Visuals related to text and presentation	Student occasional used visuals that rarely support text	Student used no Visuals

Sardar Patel Institute of Technology, Mumbai

Event: ABL on Patent Drafting

Class: TE Computer /TE IT

Co-ordinator: Prof. Soni Bhambhani/Prof. Sheetal Chaudhari

Schedule: March 2021

No of Sessions: 5

Event Report on Session-1

Date: 8th March 2021

Duration: 2 hrs

Speaker: Mr. Nayan J. Rawal

Speaker Profile:

- He has more than 23 years of experience in the field of Corporate Law and IPR Practice more focused on Patents & Designs, Trademarks and Copyrights and Law IP- Commercialization.
- Experience in counseling and advising clients regarding creation, protection and commercialization of Intellectual Property, Intellectual Property Rights- Consultancy and Strategy, Conducting and IP Audit, Valuation of IP, Public Issue Management, Competition Law
- In the IP field has prospected more than 800 Trade Mark Applications has prospected more than 50 Patents in the subject of Pharmaceuticals & Medical, Electronics, Information Technology, Mechanical, Protected more than 50 Designs and more than 50 Copyrights.

Deliverable:

- Introduction to Patent: Definition, Concepts.
- Patentability Criteria : How to Identify whether invention is patentable

No of Participants: 110

Outcome: Students are made of about what ideas are patentable. Also, what are the different criteria for getting patented.

Sardar Patel Institute of Technology, Mumbai

Event: ABL on Patent Drafting

Class: TE Computer /TE IT

Co-ordinator: Prof. Soni Bhambar/Prof. Sheetal Chaudhari

Schedule: March 2021

No of Sessions: 5

Event Report on Session-2

Date: 15th March 2021

Duration : 2 hrs

Speaker: Prof. K. T. Talele

Speaker Profile:

- Prof. K.T. Talele is an Associate Professor in Electronics Engineering Department of Sardar Patel Institute of Technology, Mumbai with 30+ years experience in Academics. He has published 60+ research papers at various national & international refereed conferences and journals. He has filed & published 15 patents at Indian Patent Office.
- He is the Incharge of IEDC and IPR Cell of SPIT.

Deliverable:

- Advantage of Patent Filing, How to read a patent document?, Prior Art Search.
- Procedure for patent filing.
- Discussion on Patent Form-1,3,5,9,18

No of Participants: 125

Outcome: Students are able to understand how to file the patent and what is the procedure for filing it.

Sardar Patel Institute of Technology, Mumbai

Event: ABL on Patent Drafting

Class: TE Computer /TE IT

Co-ordinator: Prof. Soni Bhambar/Prof. Sheetal Chaudhari

Schedule: March 2021

Event Report on Session-3

Date: 22nd March 2021

Duration : 2 hrs

Speaker: Prof. K. T. Talele

Speaker Profile:

- Prof. K.T. Talele is an Associate Professor in Electronics Engineering Department of Sardar Patel Institute of Technology, Mumbai with 30+ years experience in Academics. He has published 60+ research papers at various national & international refereed conferences and journals. He has filed & published 15 patents at Indian Patent Office.
- He is the Incharge of IEDC and IPR Cell of SPIT.

Deliverable:

- Anatomy of Patent – Patent as a form of Document
- Discussion on Patent Form-2

No of Participants: 132

Outcome: Students are able to understand the structure of the patent document.

Sample PPT

The image displays two consecutive slides from a Microsoft PowerPoint presentation. Both slides have a white background with a decorative border consisting of vertical stripes in various colors (blue, green, yellow, red, purple). The top slide is titled 'STUDY OF CORONA PANDEMIC IN INDIA' in large, bold, black capital letters. Below the title, there is a small amount of text that is mostly illegible due to the low resolution of the image. The bottom slide is titled 'INTRODUCTION' in large, bold, black capital letters. It contains a bulleted list of five items, each preceded by a small square bullet point. The text in the list is also mostly illegible. At the bottom of both slides, there is a navigation bar with icons for back, forward, search, and other presentation controls.

8. Areas of COVID-19 in India 4-6. Mental Health and a 7% Impact of COVID-19 on mental health
 9. Mental Health Initiatives in specific adolescent groups 8-9. Impact from Stress and Define
 Initiatives 12-13. Intervention strategies for mental health issues during COVID-19 14-15. Additional
 Work to be done 16-17. Conclusion 17-18

1. Introduction

In 2020, the world is facing a new and unexpected scenario for managing our lives. Disruption of life due to the global pandemic has severely impacted the city of Ahmedabad. Thus, the situation calls for an urgent need to respond to help address certain social problems. Specifically, the World Health Organization (WHO) has given a red alert over COVID-19. According to WHO, 2020-21, there are 2 severe outbreaks of major public health risks (WHO, 2020). The first being, COVID-19 and secondly, mental health issues due to COVID-19. The first issue, COVID-19 has a significant impact on people involved with mental health issues and also other individuals that interact with them.

(WHO, 2020) and as a consequence, it has been decided to take action. This article

is aimed at addressing the mental health issues due to the disruption. The article

will be divided into 8 sections. The first section will introduce the reader to the

problem and the second section will discuss the impact of the problem. The third

section will discuss the mental health issues due to the disruption. The fourth

section will discuss the mental health issues due to the disruption. The fifth

section will discuss the mental health issues due to the disruption. The sixth

section will discuss the mental health issues due to the disruption. The seventh

section will discuss the mental health issues due to the disruption. The eighth

section will discuss the mental health issues due to the disruption. The ninth

section will discuss the mental health issues due to the disruption. The tenth

section will discuss the mental health issues due to the disruption. The eleventh

section will discuss the mental health issues due to the disruption. The twelfth

section will discuss the mental health issues due to the disruption. The thirteenth

section will discuss the mental health issues due to the disruption. The fourteenth

section will discuss the mental health issues due to the disruption. The fifteenth

section will discuss the mental health issues due to the disruption. The sixteenth

section will discuss the mental health issues due to the disruption. The seventeenth

section will discuss the mental health issues due to the disruption. The eighteenth

section will discuss the mental health issues due to the disruption. The nineteenth

section will discuss the mental health issues due to the disruption. The twentieth

section will discuss the mental health issues due to the disruption. The twenty-first

section will discuss the mental health issues due to the disruption. The twenty-second

section will discuss the mental health issues due to the disruption. The twenty-third

section will discuss the mental health issues due to the disruption. The twenty-fourth

section will discuss the mental health issues due to the disruption. The twenty-fifth

section will discuss the mental health issues due to the disruption. The twenty-sixth

section will discuss the mental health issues due to the disruption. The twenty-seventh

section will discuss the mental health issues due to the disruption. The twenty-eighth

section will discuss the mental health issues due to the disruption. The twenty-ninth

section will discuss the mental health issues due to the disruption. The thirtieth

section will discuss the mental health issues due to the disruption. The thirty-first

section will discuss the mental health issues due to the disruption. The thirty-second

section will discuss the mental health issues due to the disruption. The thirty-third

section will discuss the mental health issues due to the disruption. The thirty-fourth

section will discuss the mental health issues due to the disruption. The thirty-fifth

section will discuss the mental health issues due to the disruption. The thirty-sixth

section will discuss the mental health issues due to the disruption. The thirty-seventh

section will discuss the mental health issues due to the disruption. The thirty-eighth

4. Evaluation Rubric

Report Writing					
Sr. No	Criteria	Exemplary (5/4)	Accomplished (3)	Developing (2)	Beginning (1)
1	Title Page and Introduction	All required information, detailed and informative introduction	All required information. Introduction is well-written	Most of the required information, introduction is	Missing information and/or no introduction
2	Organization	Proper formatting, sections clearly labeled, well-organized,	Proper formatting with labeled sections	Some formatting errors or missing sections	Multiple formatting errors or missing sections
3	Topics	All of the requested topics are covered in good detail	Most of the requested topics are good in good detail	Some requested topics absent or details	Multiple topics lacking or insufficient details

4	Quality of information	Interesting, well researched, informative. Supporting details specific to subject	Some details vague or non-supporting of the subject	Details somewhat sketchy, do not support the topic	Unable to find specific details
5	References	Multiple references, citations appropriately placed, formatted correctly	References limited or a few missed citations, format mostly correct	References sparse, poor formatting	No appropriate references

Presentation

Sr. No	Criteria	Exemplary (5/4)	Accomplished (3)	Developing (2)	Beginning (1)
1	Organization	Students presents information in logical, interesting sequence which audience can	Students presents information in logical sequence which audience can follow	Audience has difficulty following presentation because students jump around	Audience can not understand presentation because there is no sequence of information
2	Content Knowledge	Student demonstrate full knowledge with explanation and elaboration	student is at ease with content, but fails to elaborate	Student uncomfortable with information and can answer only rudimentary questions	Student does not have grasp of information; student cannot answer question
3	Visuals	Students used visuals to reinforce screen text and presentation	Visuals related to text and presentation	Student occasionally used visuals that rarely support text and	Student used no Visuals

4	Volume & clarity	Able to hear the speech very clearly	Student Mumbles a bit but audience can hear most of the speech	Student Mumbles some and audience can hear parts of the speech	Student Mumbles consistently so that audience cannot hear
5	Time Management	Speech is given in the time allotted	Speech is 10% short or over the allotted time	Speech is 20% short or over the allotted time	Speech is 30% short or over the allotted time

(Activity Based Liberal Learning about Life, Literature and Culture)

Academic Year: 2021-22

Semester: EVEN

Course Code: SV15/SV16

Course Name: SV12: Study of India's top 2 problems

Name of Faculty Coordinator: Ms. Kiran Gawande

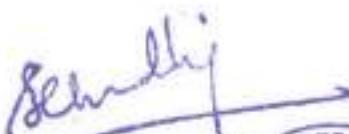

Total Number of students Evaluated: 10

Duration of the session: Students need to spend more than 30hrs for this course.

Observations: Students studied various issues, their root cause analysis and emphasizing the solutions. Overall the activity was very informative.

Students gain the skills and knowledge to think critically.

Topic: Study of Green and White Revolution in India
Course Code: SV10

TE ETRX
Academic Year: 2021 - 2022

By:

Name:	Arohi Saiade
UID:	2019110054
Branch:	TE ETRX

Course Mentor:
Prof. Nishita Margaoekar

Abstract:
Agriculture is the spine of the Indian economy, and has been converted, considering independence in 1947. The inexperienced revolution started off flamer via way of means of elevating crop yields dramatically, and the white revolution - "Operation Flood" - grew to become India into the world's biggest milk producer. Yet, for all the growth in production, meaty losses have additionally increased, and the extensive majority of farmers continue to be trapped withinwide the cycle of poverty. The achievement and the issues are satisfactorily connected.

To attain its complete potential, Indian agriculture urgently desires a 3rd revolution: the blue, or cool, revolution to construct a sustainable bloodless chain connecting farms to cities, and permit small farmers to increase entrepreneurial agri-groups serving the developing city centre class. This new smooth bloodless chain will preserve large quantities of meat that presently just waste, helping the antique polluting technology that dominate worldwide the evolved countries.

Study of green and white revolution in India

Abstract:

The production of food within India was insufficient in the years from 1947 to 1960 as there was a growing population, during which a famine was also experienced. Food availability was only 407 g per day per person. Many farmers were in debt, and they had become landless laborers. Political situation also had a negative impact on the food system. There was a severe shortage of food crops as well as commercial crops. At the same time, Norman Borlaug, an agronomist, contributed to the green revolution significantly, and this had several effects throughout the world. He provided new seeds for cultivation, which were sturdy, disease-resistant, fast-growing, and highly responsive to fertilizers. In India, the green revolution was launched under the guidance of scientist Dr. M. S. Swaminathan. It started around 1960, and helped in increasing food production in the country. The green revolution's primary aim was to introduce high-yielding varieties (HYVs) of cereals to alleviate poverty and malnutrition. Not to deny, the green revolution was equally of mitigating hunger and malnutrition in the short term as well.

White Revolution was one of the biggest dairy development movements by the Indian Government in India in 1970. It was a step taken by the Indian Government to develop and help the dairy industry make itself economically by developing a co-operative, while providing employment to the poor farmers. The White Revolution helped increase milk productivity and

SARDAR PATEL INSTITUTE OF TECHNOLOGY
Andheri (W)
Mumbai-58

Following is the summary given by individual students:

1) Shubham Gupta 2020510027

1. Srinivas Ramanujan

Ramanujan was born on 22 December 1887 was born on 22 December 1887 in Erode, Madras He mastered advanced trigonometry by the age of 13 while discovering sophisticated theorems on his own. Ramanujan was awarded the K. Ranganatha Rao prize for mathematics by the school's headmaster who also said Ramanujan as an outstanding student who deserved scores higher than the maximum. Ramanujan failed his Fellow of Arts exam in December 1906 and again a year later. Without a degree, he left college and continued to pursue independent research in mathematics, living in extreme poverty and often on the brink of starvation.

Throughout his life, Ramanujan was tormented by health issues. His health deteriorated in England, and he may have been less resilient wartime rations in 1914–18. He was hospitalised after being diagnosed with TB and a severe vitamin deficit. He returned to Madras, in 1919, and died in 1920, at the age of 32. Ramanujan's final handwritten notes, which included equations for singular moduli, hypergeometric series, and continuing fractions, were assembled by his brother Tirunarayanan after his death.

2. Satyajit Ray

Satyajit Ray was an Indian filmmaker, screenwriter, documentary filmmaker, author, essayist, lyricist, magazine editor, illustrator, calligrapher, and music composer. He was born in Calcutta on 2 May 1921. Ray completed his BA in economics at Presidency College, Calcutta. He then went on to study at Visva-Bharati University where he came to appreciate oriental art. Ray started working at D.J. Keymer, where he designed covers for many books like Discovery of India, Rupasi Bangla and many more. Ray directed Pathar panchali which turned out to be both a commercial and a tremendous critical success, first in Bengal and then in the West following a major award at the 1956 Cannes International Film Festival. Some of Ray's finest films were based on novels or other works by Rabindranath Tagore, who was the principal creative influence on the director. Ray initiated the parallel cinema in Bengal which is known for its realism and naturalism. Ray founded the Calcutta Film Society in 1947. Despite Ray's success, it had little influence on his personal life in the years to come. He continued to live with his wife and children in a rented house, with his mother, uncle, and other members of his extended family. Ray's health deteriorated in 1992 because of cardiac issues. He was admitted to the hospital but died there.

2) Kalpesh Khandelwal 2020510032

1. Kalam was invited by Raja Ramanna to witness the country's first nuclear test Smiling Buddha as the representative of TIRPL, even though he had not participated in its development. In the 1970s, Kalam also directed two projects, Project Devil and Project Valiant, which sought to develop ballistic missiles from the technology of the successful SLV programme. Despite the disapproval of the Union Cabinet, Prime Minister Indira Gandhi allotted secret funds for these aerospace projects through her discretionary powers under Kalam's directorship. Kalam played an integral role convincing the Union Cabinet to conceal the true nature of these classified aerospace projects. His research and educational leadership brought him great laurels and prestige in the 1980s, which prompted the government to initiate an advanced missile programme under his directorship. Kalam and Dr V S Arunachalam, metallurgist and scientific adviser to the Defence Minister, worked on the suggestion by the then Defence Minister, R Venkateswaran on a proposal

for simultaneous development of a quiver of missiles instead of taking planned missiles one after another.

2. Bhagat Singh (September 1907 – 23 March 1931) was a charismatic Indian revolutionary who participated in the murder of a junior British police officer and an Indian head constable in mistaken retaliation for the death of an Indian nationalist. He also took part in a largely symbolic bombing of the Central Legislative Assembly in Delhi and a hunger strike in jail, which—on the back of sympathetic coverage in Indian-owned newspapers—turned him into a household name in Punjab region, and after his execution at age 23 into a martyr and folk hero in Northern India. Borrowing ideas from Bolshevism and anarchism, he electrified a growing militancy in India in the 1930s and prompted urgent introspection within the Indian National Congress's nonviolent and eventually successful campaign for India's independence.

3) Shubham Jaiswal UCID: 2020510031

1. Mahatma Jyotirao phule

Mahatma Jyotiba Govindrao Phule was a prominent social reformer and thinker of nineteenth century India. He led the movement against the prevailing caste-restrictions in India. He revolted against the domination of the Brahmins and struggled for the rights of peasants and other low-caste people. Mahatma Jyotiba Phule was also a pioneer for women education in India and fought for the education of girls throughout his life. He is believed to be the first Hindu to start an orphanage for the unfortunate children.

2. Savitribai Jyotirao Phule was a prominent Indian social reformer, educationist and poet who played an instrumental role in women education and empowerment during the nineteenth century. Counted among few literate women of those times, Savitribai is credited for founding the first girl's school in Pune in Bhide Wada with her husband Jyotirao Phule. She took great effort towards educating and emancipating child widows, campaigned against child marriage and sati pratha, and advocated for widow remarriage. A leading figure of Maharashtra's social reform movement, she is considered an icon of Dalit Mang caste along with likes of B. R. Ambedkar and Annabhai Sathe. She campaigned against untouchability and worked actively in abolishing caste and gender based discrimination.

4) Sneha Hariyan 2020510028

1. Rani Laxmibai

Rani Laxmi bai was an Indian queen, the Maharani consort of the Maratha princely state of Jhansi from 1843 to 1853 as the wife of Maharaja Gangadhar Rao. She was one of the leading figures of the Indian Rebellion of 1857 and became a symbol of resistance to the British Raj for Indian nationalists. She was bravest soldier of Indias first war of independence.

2. Mahatma Gandhi

He was born on 2 October, 1869 in Porbandar, Gujarat. A renowned freedom activist and a powerful political leaderAlso known as the father of the nation. His ideology of truth and non-violence influenced many. His birthday is celebrated every year as Gandhi Jayanti. On 30 January Mahatma Gandhi was assassinated by Nathuram Godse. His simplistic lifestyle won him admirers, both in India and the outside world. He was popularly known as Bapu (Father).

5) Tejal Ajay Jadhav 2020510030

1. Padmashri Lata Mangeshkar

Lata Mangeshkar was born as Hema Mangeshkar on 28th September 1929 and lived till 6 February 2022 was an Indian playback singer and occasional music composer. She is widely considered to have been one of the greatest and most influential singers in India. Her contribution to the Indian music industry in a career spanning seven decades gained her honorific titles such as the "Queen of Melody", "Nightingale of India", and "Voice of the Millennium". Her career started in 1942, and for over 7 decades she recorded around 25,000 songs. She sang in around 36 Indian languages, and few foreign languages like English, Dutch, Nepali, etc..

2. Sau. Sindutai Sapkal

Sau. Sindutai Sapkal was born on 14 November 1948 and lived till 4 January 2022. She was an Indian social worker and social activist known particularly for her work in raising orphaned children in India. Because for her social work people started calling her Mai. And she was also titled as "Mother of Orphans" since she has nurtured over 1050 orphan children. As of today, she has a great family of 207 sons-in-law, 36 daughters-in-law and 1000 grand children.

Vision-

To produce globally competent, social and ethical practicing graduates adapting technological changes to solve contemporary issues.

Mission

- Collaborate with global professional bodies for recognition,
- Work with local NGOs to do social service,
- Design curriculum to inculcate ethical practices in technological and behavioral aspects,
- Industry collaboration to keep abreast of technology,
- Engage with stakeholders to understand contemporary issues and propose technical solutions.

Program Outcomes-

PO	Description
P01	PO1 Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
P02	P02 Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences
P03	P03 Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet specified needs with appropriate consideration for public health and safety, and the cultural, societal, and environmental considerations,
P04	P04 Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
P05	P05 Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex engineering activities with an understanding of the limitations.
P06	P06 The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

Bharatiya Vidya Bhavan's
SARDAR PATEL INSTITUTE OF TECHNOLOGY

Munshi Nagar, Andheri(W), Mumbai – 400 058.
(Autonomous Institute Affiliated to University of Mumbai)

P07	Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
P08	Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
P09	Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings
P10	Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
P11	Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
P12	Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

Seva sattva Mentoring Report

ACADEMIC YEAR: 2021-22(Odd Semester)

Topic :- Study of any of GREAT sons of INDIA

Name of Student Mentee :

- 1) Kuldeep Pal(MCA)
- 2) Shweta Pandey
- 3) Surabhi Agrawal
- 4) Jaikishan Bagul
- 5) Akash Bamble
- 6) Debaroti Biswas

Mentor Name : Ms. Kiran Gewande

The first meeting conducted on Date:30 October 2021 (Screenshot no. 1 is attached herewith)

Rest of the meetings were conducted for discussion/presentation on the selected books and the

Record is maintained like title of the book and status. (screenshot no. 2)

Agenda of the meeting was to introduce Seva Sattva and Topic Great Sons of India

Students were guided about Books and importance of reading in the current Era of social networking.

This mentoring activity end was take-over in an online mode because of the Pandemic 2021.

All the students participated very enthusiastically and presented the topics very well choosing heroes from all the sectors like Sports, NGOs and also on Capt. Manoj Kumar Pandey, martyred in Kargil battle who was posthumously awarded the Param Vir Chakra.

Overall, it was a value added activity and students were evaluated well as per their contribution.

Proofs : Screenshot no. 1

Dear All,

Your final evaluation of Seva Satva is scheduled tomorrow (Saturday 22nd January 3.30 onwards)

All need to join the following link and then discussion will happen one by one with the faculty (including me).

You may create a small PPT or report and discuss with me for 10 minutes.

I will appreciate it if you prepare and complete the presentation well in time so I can keep it during your entire days in meeting onwards.

Please free to reply.

Academic Year: 2021-22

Semester: EVEN

Course Code: SV12-SV13-ST14

Course Name: SV12: Study of India top 2 problems

SV13: Study of World's top 2 problems

ST14: Study of any of GREAT sons of INDIA

Name of Faculty Coordinator: Dr. Surekha Dholay

Total Number of students Evaluated: 07

Duration of the session: Students need to spend more than 30 hrs for this course.

Observations: Students gain a study of India's and World's problems . Students studied various problems ex. Illiteracy, Poverty, Food Scarcity, Unemployment & Water Pollution . Students gain the skills and knowledge to think critically with the issues.

Course File Attainment & Analysis

Sumegh Anglekar, Urvee Chaudhari, Atul Chitanvis

Sardar Patel Institute of Technology

ABSTRACT

The course file generation system currently used by the faculty is too tiresome for them to generate as they have to enter all the data and values manually and also calculate and analyse the attainment of POs and PSOs of the course. To ease and automate the entire process of course file generation is the main purpose of this application. In the very first phase, the application will be used to generate the strengths of COs and POs and automatically generate CO-PO Correlation Matrix, depending on which we will calculate the PO addressing levels. The next phase of the application will be used to analyse the attainments of COs and POs. It will also represent results obtained through visual techniques.

OBJECTIVES

- To generate the strengths of COs and POs.
- To automatically generate CO-PO Correlation Matrix.
- To calculate the PO addressing levels.
- To analyse attainment of COs and POs.
- To represent results obtained through visual techniques.

OUTCOMES

- The faculty would be able to analyse student's level of understanding of the course.
- The faculty would be able to decide the level of difficulty depending on the analysis results.
- Reducing the manual work significantly thus saving time.

PROJECT SCOPE

This application is made to lessen the load on the faculties and make the analysis more efficient. Therefore, the scope of this project spreads to large extent as any faculty in any stream can use it.

METHODOLOGY

The research methodology consists of composing Program Specific Outcomes (PSOs), Program Outcomes (POs), Course Outcomes (COs), and its assessment and analysis.

- Framing Program Outcome and Program Specific Outcomes.
- Composing Course Outcome for each course/subject.

Mapping of Course Outcome from Program Outcome to form Correlation Matrix.

Calculating CO attainment based on Direct and Indirect assessments.

- Estimating Actual and Expected Assessment with the help of all the above attributes.
- The final attainment is calculated by assessing Direct and Indirect assessment. The Direct Assessment results are calculated from the student's performance in the course like marks, grades, etc. whereas the Indirect Assessment results are those which are calculated depending upon the student's feedback for a particular course. The system will generate a report of the final correlation between COs and POs and their attainment.

TECHNOLOGY USED

- Front-end: HTML, CSS, JavaScript, Bootstrap
- Middle-tier: PHP
- Back-end: MySQL

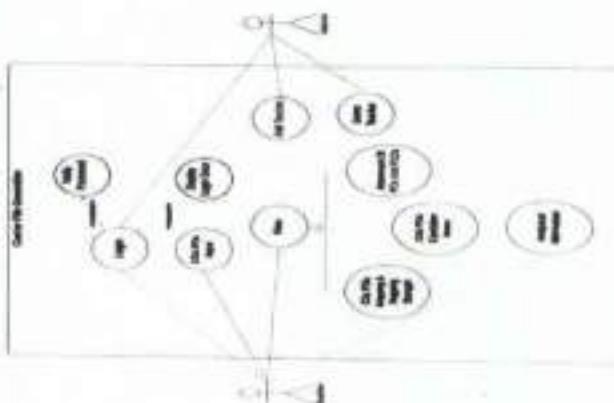

FUTURE SCOPE

The feature of generating question paper and also evaluating whether it is properly balanced or not (according to the COs) is an add-on to the CO Attainment Calculation Process.

CONCLUSION

All engineering institutes in India have to follow the rules of the NBA for Outcome Based Education. Majority of institutes invest a lot of time in creating reports for audit and their own records. This time which is spent in creating these reports can be utilized in many more ways which can contribute towards better implementation of the OBE, different techniques to ensure maximum coverage of the topic for all students in efficient manner. Also, the tiresome task of looking for variety of questions just to make sure that questions aren't repeated comes to an end because of this automated system.

MOTIVATION

The current course file generation system is too tedious for the faculties to generate as they have to enter all the data and values manually and also calculate and analyse the attainment of POs and PSOs of the course. This is a complex and a tiresome task. Thus the motivation behind this project is to ease and automate the entire process of course file generation.

PROBLEM STATEMENT

To replace the current manual system of course file generation with a new computerized, user friendly and robust system which directly generates final outputs using user inputs and mapping techniques.

Course File Attainment & Analysis

Sumegh Anglekar, Urvee Chaudhari, Atul Chitanvis

Sardar Patel Institute of Technology

ABSTRACT

The course file generation system currently used by the faculty is too tiresome for them to generate as they have to enter all the data and values manually and also calculate and analyse the attainment of POs and PSOs of the course. To ease and automate the entire process of course file generation is the main purpose of this application. In the very first phase, the application will be used to generate the strengths of COs and POs and automatically generate CO-PO Correlation Matrix, depending on which we will calculate the PO addressing levels. The next phase of the application will be used to analyse attainment of COs and POs. It will also represent results obtained through visual techniques.

OBJECTIVES

- To generate the strengths of COs and POs
- To automatically generate CO-PO Correlation Matrix.
- To calculate the PO addressing levels.
- To analyse attainment of COs and POs.
- To represent results obtained through visual techniques.

The current course file generation system is too tedious for the faculties to generate as they have to enter all the data and values manually and also calculate and analyse the attainment of POs and PSOs of the course. This is a complex and a tiresome task. Thus the motivation behind this project is to ease and automate the entire process of course file generation.

MOTIVATION

The current course file generation system is too tedious for the faculties to generate as they have to enter all the data and values manually and also calculate and analyse the attainment of POs and PSOs of the course. This is a complex and a tiresome task. Thus the motivation behind this project is to ease and automate the entire process of course file generation.

PROBLEM STATEMENT

To replace the current manual system of course file generation with a new computerized, user friendly and robust system which directly generates final outputs using user inputs and mapping techniques.

OUTCOMES

- The faculty would be able to analyse student's level of understanding of the course.
- The faculty would be able to decide the level of difficulty depending on the analysis results.
- Reducing the manual work significantly thus saving time.

PROJECT SCOPE

This application is made to lessen the load on the faculties and make the analysis more efficient. Therefore, the scope of this project spreads to large extend as any faculty in any stream can use it.

METHODOLOGY

The research methodology consists of composing Program Specific Outcomes (PSOs), Program Outcomes (POs), Course Outcomes (COs), and its assessment and analysis.

- Framing Program Outcome and Program Specific Outcomes.
- Composing Course Outcome for each course/subject.

• Mapping of Course Outcome from Program Outcome to form Correlation Matrix.

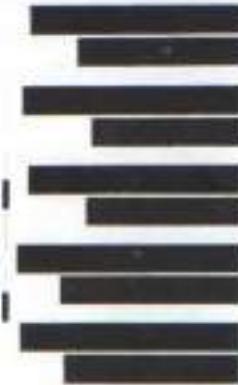

• Calculating CO attainment based on Direct and Indirect assessments.

• Estimating Actual and Expected Assessment with the help of all the above attributes.

The final attainment is calculated by assessing Direct and Indirect assessment. The Direct Assessment results are calculated from the student's performance in the course like marks, grades, etc. whereas the Indirect Assessment results are those which are calculated depending upon the student's feedback for a particular course. The system will generate a report of the final correlation between COs and POs and their attainment.

TECHNOLOGY USED

- Front-end: HTML, CSS, JavaScript, Bootstrap
- Middle-tier: PHP
- Back-end: MySQL

FUTURE SCOPE

The feature of generating question paper and also evaluating whether it is properly balanced or not (according to the COs) is an add-on to the CO Attainment Calculation Process.

CONCLUSION

All engineering institutes in India have to follow the rules of the NBA for Outcome Based Education. Majority of institutes invest a lot of time in creating reports for audit and their own records. This time which is spent in creating these reports can be utilized in many more ways which can contribute towards better implementation of the OBE. different techniques to ensure maximum coverage of the topic for all students in efficient manner. Also, the tiresome task of looking for variety of questions just to make sure that questions aren't repeated comes to an end because of this automated system.

Sardar Patel Institute of Technology
 Bhavan's Campus, Munshi Nagar, Andheri (West), Mumbai-400058-India
 (Autonomous Institute Affiliated to University of Mumbai)

Academic Year: 2019-20

Term: Summer Term

COURSE: ABL-5: Financial Planning, Taxation and Investment

Group No.	Time	Group	Problem Statement Number
1	8.00 to 8.30 AM	IT-1	1
2	8.30 to 9.00 AM	IT-2	2
3	9.00 to 9.30 AM	IT-3	3
4	9.30 to 10.00 AM	IT-4	4
5	10.00 to 10.30 AM	IT-5, COMP-4	5
6	10.30 to 11.00 AM	COMP-3	6
7	11.00 to 11.30 AM	COMP-2	7
8	11.30 to 12.00	COMP-1	8
LUNCH BREAK			
1	1.00 to 1.30 PM	ETRX-1	1
2	1.30 to 2.00 PM	ETRX-2	2
3	2.00 to 2.30 PM	ETRX-3	3
4	2.30 to 3.00 PM	ETRX-4	4
5	3.00 to 3.30 PM	EXTC-1	5
6	3.30 to 4.00 PM	EXTC-2	6
7	4.00 to 4.30 PM	EXTC-3	7
8	4.30 to 5.00 PM	EXTC-4	8

Methodology for Assessment:

Bank Account and PAN Card is compulsory to pass this course.

Topic	QUIZ	Example Financial Plan and Self Financial Plan	Total Marks	Teaching Date (Room 008)	Submission Deadline (Room 303)	Assessment Date (Room 305)
Financial Planning	10 Marks	20 Marks	30	18/05/2019	23/05/2019	25/05/2019
Taxation	10 Marks	20 Marks	30	01/06/2019	06/06/2019	08/06/2019
Investment	10 Marks	20 Marks	30	15/06/2019	27/06/2019	29/06/2019
Attendance, Punctuality, Keeping Deadlines		10				
		Total Marks	100

Course Code: ST34

Course Name : Fundamentals of Photography

Name of Faculty Coordinator: Kaisar Katchi

Total Number of students registered: 143

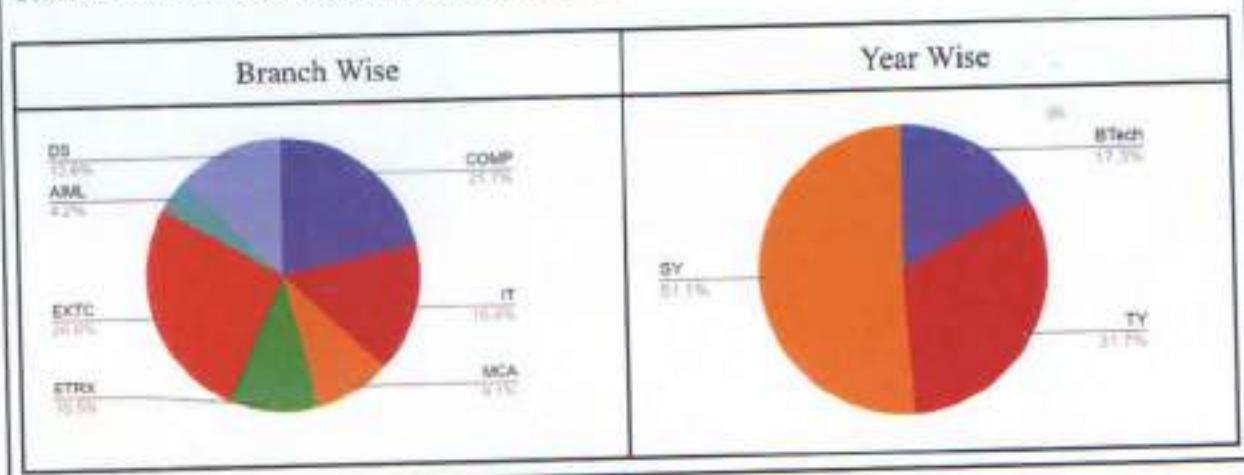

Number of sessions conducted: 10

Duration of the session: 1 hour

Brief contents taught: Principles of photography, operation of DSLR camera, difference between DSLR and mirrorless camera, photography techniques, special effects and night photography.

Result:

Total Number of students evaluated/graded: 143

Senthil
SARDAR PATEL INSTITUTE OF TECHNOLOGY
Autonomous
Mumbai-58

Observations: A lot of students registered for the course, so two batches were prepared of about 70 students each. It was difficult to manage so many students for the instructor. This was further more difficult because most students did not have a DSLR camera, so there wasn't much scope for practical, hands-on experience. The instructor was quite knowledgeable.

LESSON OF MUSIC

1. In alphabet A, B, C, D, E, F, G are
used to denote the Notes and these Notes
in keyboard are divided into black and white Notes.

Black Notes are divided in two groups

2. Black Notes
White Notes

White Notes first Black Note is group of two kinds
Notes is "Note C"

middle black note

3. When we say C, it is middle C.

4. Scale group of notes which work together
notes are connected by sound.

5. C major scale : C D E F G A B C

6. C which comes to start of middle C
called 1st note, shown by dot on top of C

7. Number to count No. 1 in both hands

8. C major scale : C D E F G A B C
1 2 3 4 5 6 7 8

9. Number 1 denotes all 8 digits

Report on Social Psychology (ST 15)

Human beings are essentially social beings. We stay with other and our actions, thoughts, and feelings are affected by the presence of others. At the same time we influence the behaviour of other individuals. This consists of large amount of human behaviour. Social psychology is a discipline that tries to understand the human social behavior

The main objective of session was to acquire an understanding of psychological problems among students, particularly within the course of academic learning and achievement of academic goals. The important psychological problems that students experienced were depression, stress, pressure and anxiety. The psychological problems among students were discussed and also had tried to solved.

Following topics covered during session:

Psychology : Definition , Nature and Scope, Three levels of Social Behavior, Application of Social Psychology, Nature and process of Socialization, Development of Morality, Concept of Self, Definition of Motive, Nature and Type, Different Social Motives, Colligation Motive and Attainment motive, Attitude – Transformation, Measurement Of Attitude, Interpersonal Relations, Social Comparison & Interpersonal Attraction, Benevolence And Social Acceptability, Co-Operation And Competition, Group nature, characteristics and objectives, Group Formation And Its Types, Group Performance, Group Morale And Group Integrity, Leadership and its types and functions

- 21 students were enrolled for this course. Students took actively part in group discussion, case-studies.
- Sessions were taken from 2nd September 2022 to 24th November 2022. The course was designed for 18 hours.
- Online exam on moodle was taken. (85 % questions on MCQ Pattern and 15 % questions on short answers)
- Different case studies were given to students. 10 minutes were given to think on them.
- Students took actively part in sessions to share their ideas and views.

Report on Integrated Personality Development-I (ST 16)

Vision: To empower humankind to learn, love and live noble values.

About the Course:

This course has been initiated by BAPS-Swaminarayan Trust to provide value-based education to a broader audience; by developing syllabi for the nation's youth, which can be easily integrated into the existing structure of government and private educational institutions.

This leadership course equips students with an understanding of how an individual can develop the skills required to become an effective leader in an organization, community, society and even in a family!

Also, students discover the importance of understanding others and building empathy and relationships. You will gain a better understanding of managing time and mastering yourself.

Following topics covered during session:

- 1. Restructuring Yourself:** To make students identify and practice the various quotients of life that will help to shape their characters.
- 2. Power of Habits:** To make students aware of the significance of good and bad habits in our day to day life.
- 3. Listening & Understanding:** To make students understand the importance of active listening in human relationships.
- 4. Welcoming Challenges:** To make students practice maintaining a positive attitude amongst difficult circumstances.
- 5. Significance of Failures:** To make students understand the fact that hardships and zeal to keep learning from failure is the only key to success.

- Till now, more than **100 students** (both semesters of AY 2022-2023) have successfully completed the course.
- Students took active part in group discussion, case-studies.
- Sessions were taken from 2nd September 2022 to 24th November 2022. The course was designed for 10 hours.
- Online exam on moodle was taken(MCQ Pattern).
- Students demonstrated their ideas and views through short role play.

"ABLL@LLC"

(Activity Based Liberal Learning about Life, Literature and Culture)

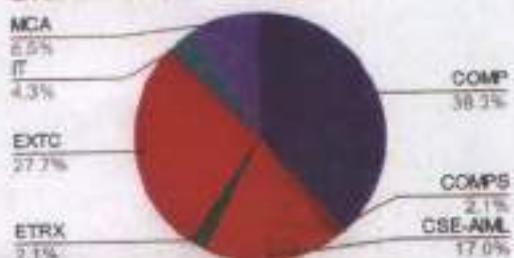

Academic Year: 2022-23

Semester: II/IV/VI/VIII

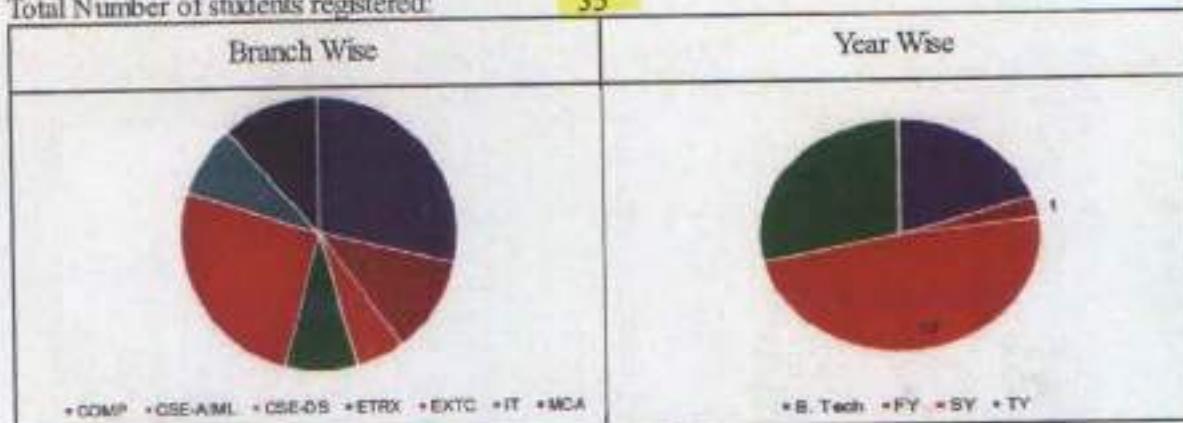

Course Code: ST32

Course Name :Basics of Music Composition

Name of Faculty Coordinator: Najib Ghatte

Total Number of students registered:

35

Number of sessions conducted: 11

Duration of the session: 1 hour

Brief contents taught: Basics of Music Composition, Piano Basics, Keyboard Playing

Result:

Total Number of students evaluated/graded: 29

Schudhij

Observations: Students were made to play keyboard to understand the basics of music composition. Also it made to lighten the mood of engineering students. This aid them to enhance the focus towards learning and development.

"ABLL@LLC"
(Activity Based Liberal Learning about Life, Literature and Culture)

Academic Year: 2022-23

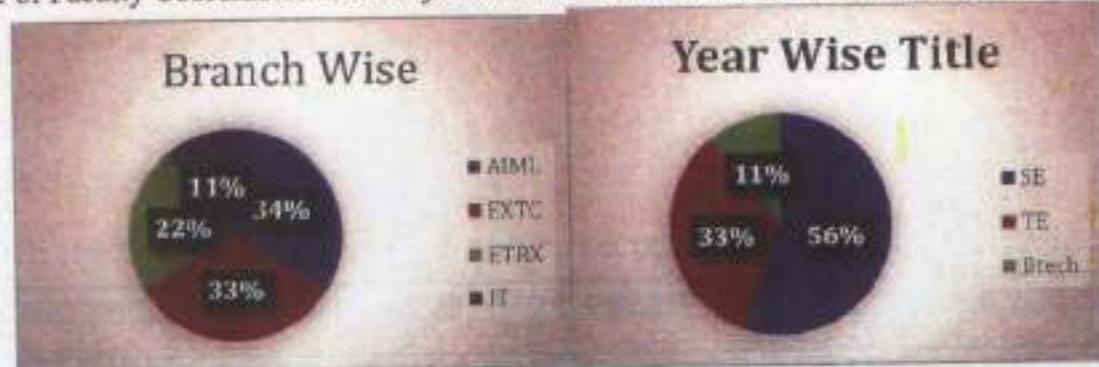

Semester: ODD

Course Code: ST46

Course Name : Principle Centred Leadership

Name of Faculty Coordinator: Dr. Pooja Raundale Total Number of students registered:

09

Number of sessions conducted: 08

Duration of the session: 2 hours

Brief contents taught:

Objectives of the Course:

- To bring balance between personal and professional life, work and entertainment
- Learning team playing, celebrating diversity, overcoming inferiority etc.
- Managing emotions for long enduring success
- Overcoming reactive behavior and learning proactive behavior
- Changing attitude and outlook to life for converting distress to stress
- Developing calm, clear and creative thinking

Syllabus: (2 hours per topic)

1. Stress Management
2. Effective Time Management
3. Art of Self-Management
4. Power of Habits and Role of Character in Life
5. Proactive Leadership
6. Art of Developing Self Confidence

Result: Total Number of students evaluated/graded:09

Observations: Shreshta club founded by SPIT Alumni conducted the course, he was very dedicated and enthusiastic about the TandL. Very interesting course for our students who learn ethical leadership revolves around Principles.

(Activity Based Liberal Learning about Life, Literature and Culture)

Academic Year: 2022-23 Semester: I, III, V, VII

Course Code: SV17

Total Number of students registered: 103

Course Name : Basics of Fire Safety

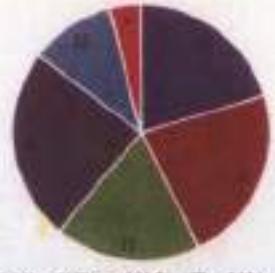

Name of Faculty Coordinator: Dr. P. V. Kasambe

Branch Wise

*I *III *V *VII

Year Wise

*ETRX *EXTC *COMP *IT *MCA *CS

Number of sessions conducted: 10

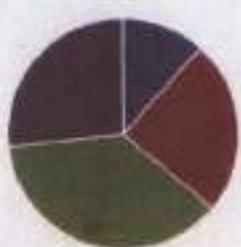

Duration of the session: 1 Hr

Brief contents taught: The basics of fire and electrical safety standards, practical demonstrations on using fire and electrical safety equipment were emphasized so that students are trained to handle the fire or electrical hazards. If not at least which dos and don'ts to follow during such incidence were covered as the mishaps happens due to the unawareness of philosophy and sciences behind these aspects.

Result:

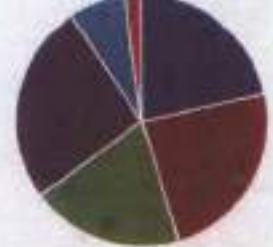

Total Number of students evaluated/graded: 101

Branch Wise

*I *III *V *VII

Year Wise

*ETRX *EXTC *COMP *IT *MCA *CS

Observations: The timing slot allotted was perfectly fine for the experts and students. It was a great pleasure to have a session by Chairperson of FSAI and few other sessions to deliver practical demonstrations. However, more such sessions can be planned.

Photographs:

During demonstration session by Mr. Sirke, Chairperson, FSAI and experts from FSAI Chapter Mumbai Region.

Report on ABLL@LLC "Abhyudaya activity"

About "Abhyudaya": Abhyudaya is an NGO associated with SP Jain Institute of Management and research and the institute is in the same campus of Sardar Patel Institute of Technology. SP Jain Institute of Management and Research has designed a transformative experiential learning course for the children from underprivileged backgrounds. These bright school children are called Sitara, which means a star. For the past 15 years, the non-profit arm of Abhyudaya has been addressing UN SDG 4 of Quality Education by engaging actively with the Sitara community. It educates 550+ Sitaras and offers financial assistance, health and safety programmes, digital literacy programmes, and several holistic development activities. More than 50% of Sitaras are girls.

In "ABLL@LLC"® (Activity Based Liberal Learning about Life, Literature and Culture), the Abhyudaya activity is included as credit course and one credit is allotted to students after satisfactorily completing the course. The course is managed by SPJIMR staff working under ABHYUDAYA. According to ABHYUDAYA calendar SPIT students are allotted. In the current semester 40 students from SPIT have completed the various task given by the ABHYUDAYA.

Our students have completed the following task in the activity.

- 1) Mentoring the students from various BMC schools, Govt schools identified by ABHYUDAYA team.
- 2) Individual mentoring as well as group mentoring according to intellectual level and background of students decided by ABHYUDAYA.
- 3) Supporting the ABHYUDAYA staff in evaluation of the students in various competitions.
- 4) Supporting ABHYUDAYA in mentoring the parents and organizing the study books and materials received for the school students.

Following are some of the photographs showing the individual as well as group mentoring conducted for the school students.

About Jeevan vidya Mission

Establishment:

Year 1955 (Formerly known as Nam Sampraday Mandal)

Registration:

Registered with Charity Commissioner in 1980, Regd. No.E-7733 Mumbai.

Organisation:

Since its inception in 1955, Jeevanvidya Mission operates on a non-profit basis with hundred percent non paid volunteers from trustees to every participant for sole purpose to make Jeevanvidya philosophy easily accessible to masses for spiritual upliftment and empowerment of people.

Mission:

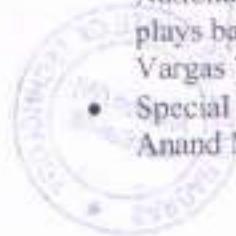

To make Jeevanvidya Wisdom accessible and available to everybody in the world. Imbibe Jeevanvidya's values of life leading to better human being, mind-set transformation, harmonious thinking, love and care for environment.

Vision:

Prosperity and happiness for All and World Peace.

Our Activities

- **Conducting Discourses :** Jeevanvidya Mission organized Satguru Shri Wamanrao Pai's discourses in Mumbai, all corners of Maharashtra, Goa & Karnataka states for last 60 years. Lecture series of Satguru Shri Wamanrao Pai were also held successfully in USA. These lecture series were organized with the support of friends, well-wishers & practitioners of Jeevanvidya philosophy.
- **Publication of books:** More than 25 books are published, mainly in Marathi. However, some books are also published in other languages such as Hindi, English, Gujarati & Kannada. Jeevanvidya Mission also publishes quarterly magazine by the name "Deepstambh".
- **Conducting Jeevanvidya Courses:** Jeevanvidya Mission conducts various courses namely Swanand Yog Part 1 & 2, Courses for Youth, Courses for Students as well as Kautimbik Swasthya (for family) in Jeevanvidya Dnyapeeth as well as all over India. These courses are conducted by our experienced trainers covering various topics of Jeevanvidya Philosophy. Jeevanvidya Mission also conducts specialized training based on Jeevanvidya Philosophy for Corporates and big industrial houses in India.
- **Grantha Dindi:** Propagation of Jeevanvidya teachings & books through books fair procession " Grantha Dindi". Jeevanvidya Philosophy has been spread not only in Maharashtra but in various parts of India through the medium of Grantha Dindi.
- **Others:** Sangeet Jeevanvidya, Bal Sanskar Kendra – Children's cultural study centers, Lectures for schools & college students and workers on Jeevanvidya, Discourses on National TV & private cable channels, Study Groups- "Abhyas Vargas", Educational plays based on Jeevanvidya – " Nava Natya ", Divine Meditation classes – " Sadhana Vargas " Mass " Upasana Yadnya" & Mass recitation of Universal Prayer.
- **Special Events:** Dnyaneshwar Mauli Punya Smaran Mahotsav Saptaha, Namdev Anand Melava Saptaha, Guru Pournima Mahotsav.

Speaker List

Topic 1: Introduction of Jeevanvidya

Date: 16th September 2022

Speaker: Shri Prasnna Kulkarni....

About Speaker:

- BE Chemical Engg from Mumbai University,
- PGMF and PGMM from Ignou University
- 27 years of industrial experience in Process engineering, Project Management, Technology transfer in the Bulk drugs and speciality chemicals
- Presently working as General Manager Projects at BKC, in Vinati Organics, a speciality manufacturing company

Topic 2: Human body

Date: 23rd September 2022

Speaker: Dr Dixa Talgaonkar

About Speaker:

- Dental surgeon (B.D.S.)
- Working in Hiramongi hospital, Mulund.
- Proprietor of Dentex smile care, dental clinic in seawoods, Navi Mumbai.

Topic 3: Communication Skill

Date: 7th October 22

Speaker: Mr. Manish Shinde

About Speaker:

- B Com -Mithibai College
- MBA – Rizvi Academy of Management
- Sales and Marketing profession for the last 23 years.
- Working with Reliance JioMart as General Manager -Customer Engagement.

Topic 4: Love Work...part I

Date: 14th October 22

Speaker: Dr. Premlata Ambre

About Speaker:

- PhD (Tech)
- Associate Professor and Head of the Pharmaceutical Chemistry Department, Bombay College of Pharmacy (Autonomous)
- Field of Specialization: Application and reuse of biopolymers for industrial waste water management, Engineering smart nanobiopolymers as drug carriers for targeted cancer therapy to minimize the adverse effects , Impurity profiling of API using flash chromatography
- Published 23 research outcomes in the reputed International and National peer reviewed journals
- Published 4 Book chapters with the publishers of Elsevier, Springer and Academy of Apple Press
- Presented Scientific work at 45 National and 4- International conferences
- Successfully Guided 45 M.Pharm. and 2 PhD students for their research projects
- She is an ardent disciple of Satguru Shri Wamanrao Pai – the inventor of Jeevan Vidya Philosophy since 1999. She actively participates in JVM programs and also working as a teacher of Character Building Classes for students.

Topic 5: Thoughts

Date: 21st October 22

Speaker: Dr Shilpa Lad

About Speaker:

- Consultant, Breast Imaging & Interventions, NM Medical Center, Sub-Speciality Head, Breast Imaging, ICRI - IRIA

Topic 6: Key to Success

Date: 4th November 22

Speaker: Snehal Dalvi

About Speaker:

- Completed MA in Industrial & Organizational Psychology.
- Assistant Professor in Psychology.
- Works as a Senior Consultant at Great Place to Work Institute India.
- She is also a member of the Board of Studies as an Industry Expert for Bhavans College.

Topic 7: Love Work part II

Date: 11 November 22

Speaker: Dr. Premlata Ambre

- PhD (Tech)
- Associate Professor and Head of the Pharmaceutical Chemistry Department, Bombay College of Pharmacy (Autonomous)
- Field of Specialization: Application and reuse of biopolymers for industrial waste water management, Engineering smart nanobiopolymers as drug carriers for targeted cancer therapy to minimize the adverse effects, Impurity profiling of API using flash chromatography
- Published 23 research outcomes in the reputed International and National peer reviewed journals
- Published 4 Book chapters with the publishers of Elsevier, Springer and Academy of Apple Press
- Presented Scientific work at 45 National and 4- International conferences
- Successfully Guided 45 M.Pharm. and 2 PhD students for their research projects

Topic 8: Personality Development

Date: 18th November 22

Speaker: Dr Dileep Patwardhan

About Speaker:

- M.S, D.O.M.S. (BOM).
- Founder of Nandadeep Netralay; 40+ years of experience;
- Pioneered phacoculsification in 1996 in Sangli

Topic 9: Leadership

Date: 27th November 22

Speaker: Mr. Manish Shinde

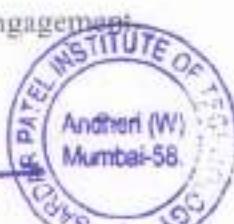

- B Com -Mithibai College
- MBA – Rizvi Academy of Management
- Sales and Marketing profession for the last 23 years.
- Working with Reliance JioMart as General Manager -Customer Engagement

- a) Positive - True
- b) Negative - True
- c) Harmonious - True
- d) All of the above

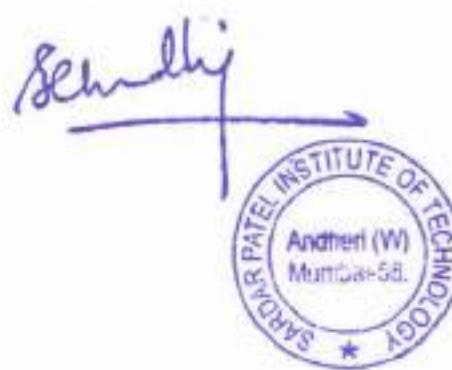

(1) Effective Communication

- 1) What are different types of Communication?
 - a) Internal
 - b) External
 - c) Both
 - d) None of the above
- 2) The key skills to be an effective communicator are:
 - a) Body language does not matter
 - b) Empathy for others
 - c) Intent of communication
 - d) All of the above
 - e) b&c
- 3) Tools for effective communication are:
 - a) Appreciation
 - b) Taunting
 - c) Arguing to deliver your point
 - d) Being prejudice

Sekhly

- c) Avoid Gossip
 - D) a & c
 - g) b,c & d
- 4) What are the results of gossip?
- a) Fastest mode of dispersing information
 - b) Results in false rumours
 - c) Never reaches the person you gossip about
 - d) Tarnishes your own image
 - e) a & c
 - D) b & d
- 5) What are active listening strategies?
- a) Paying attention
 - b) Being judgemental
 - c) Reading non-verbal cues
 - d) Reflecting
 - e) All of the above
 - I) a,c&d
- 6) What is the difference between hearing and listening?
- a) Listening requires efforts – hearing is effortless
 - b) Listening requires unstable mind – hearing can be done in stable mind
 - c) Listening requires internal and external efforts – hearing does not require any efforts
 - d) a & c
 - e) b
- 7) What is the difference between reaction and response?
- a) Reaction is spontaneous whereas response involves analysis and logical thinking
 - b) Response reflects calm whereas reaction reflects anger
 - c) Response is thought over while reaction is thoughtless
 - d) All of the above
- 8) What are the key aspects of content and intent of communication?
- a) Content is linguistic skill whereas intent is true purpose
 - b) Intent goes beyond words
 - c) Effective communication involves 15% content and 85% intent
 - d) All of the above
- 9) What are the strategies for internal communication?
- a) Wishing well for the person involved and wishing well for all
 - b) Avoid negative thoughts about the person
 - c) Replace negative thoughts with positive and super positive thoughts
 - d) Wishing well only for yourself
 - E) a, b & c

(Autonomous College Affiliated to University of Mumbai)

"ABLL@LLC"

(Activity Based Liberal Learning about Life, Literature and Culture)

Academic Year: 2022-23 Semester: FY BTech (CSE AIML, CE and CSE DS and FYMCA)

Course Code: SV39

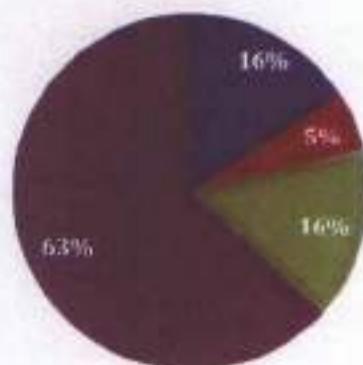

Course Name: Indian Knowledge System-I

Name of Faculty Coordinator: Prof Manish M Parmar

Total Number of students registered: 19

Branch Wise

■ CSE AIML ■ CSE DS ■ COMP ■ MCA

Number of sessions conducted: 09

Duration of the session: 1 hour

Brief contents taught: Introduction, Various categories of Ancient Indian Knowledge Systems, Differentiation, Relevance in the ancient times versus present time, Current articles with its context

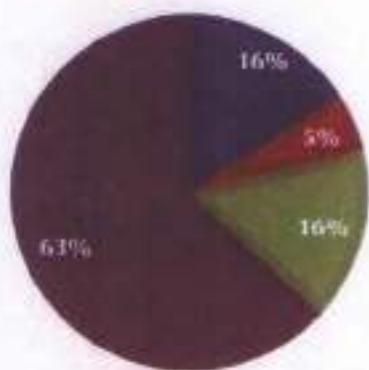

Bhavali

Result:

Total Number of students evaluated/graded: 19

Branch Wise

■ CSE AIML ■ CSE DS ■ COMP ■ MCA

Observations: Since many students were on the internship while other students were getting free at 1 PM, sessions were distributed in the online mode and self-learning mode. Students had prepared the given task of analyzing the article in the current context of time with some presentations.

Seva Sattva's Design Thinking Course Report

Seva sattva is a credit-based course stream where students every semester choose one subject of his/her own choice which is other than academics courses.

There are variety of courses available under the Seva-sattva stream whose main aim is to that students should indulge into some activity-based courses which will help them to destress, pursue them as hobbies, sports or simply avail it for the recreation purposes.

One such course is offered with pure intention of "learning while doing" and this course is quite popular among the students because of various reasons one of them is it's need in the industry specially IT sector.

The name of the course is Design Thinking.

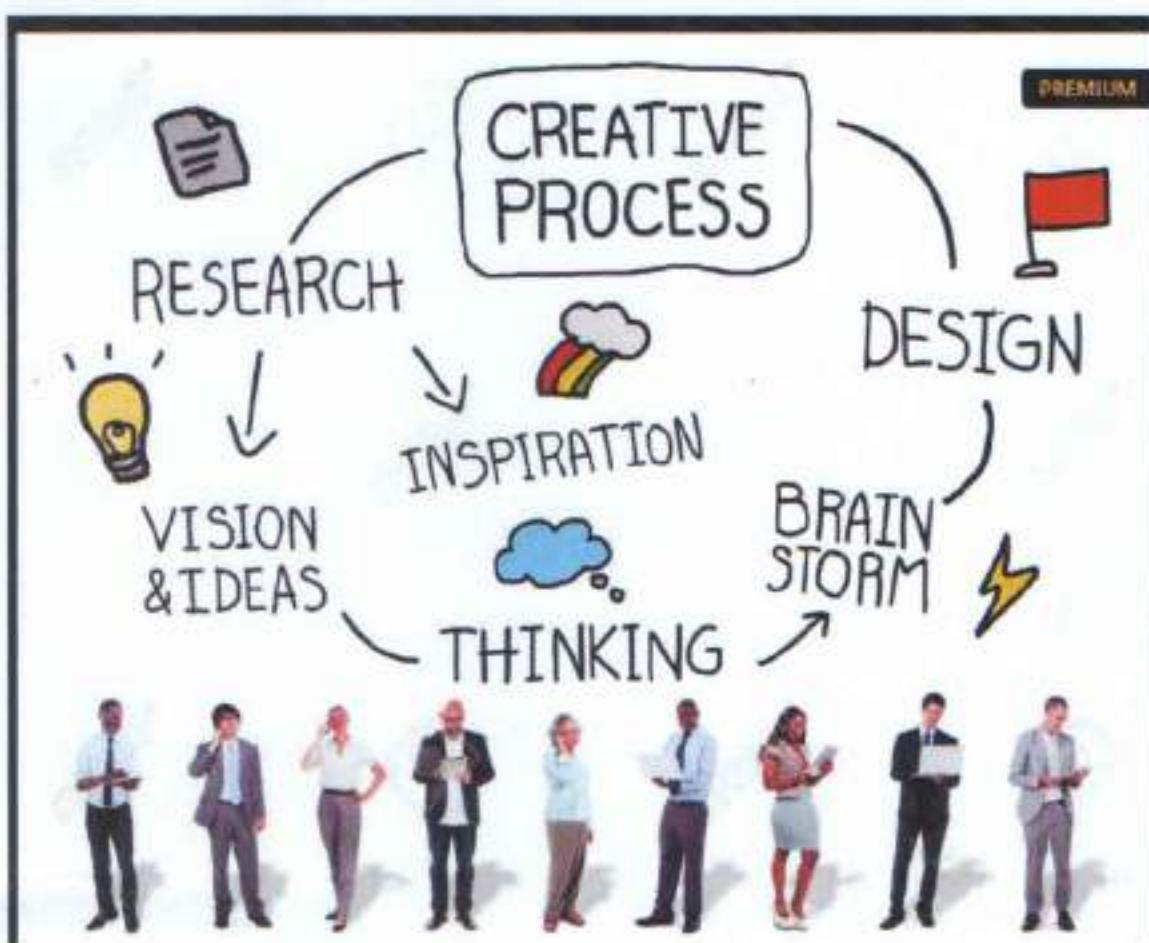

What is Design Thinking?

Design Thinking is a problem-solving approach that oriented in the field of design but has since been adopted by various disciplines and industries. It is the human-centred and iterative process that focuses on understanding the needs and testing and implementing the ideas through feedback and iteration.

Important Learning Steps in Design Thinking:

1. Empathize
 2. Define
 3. Ideate
 4. Brainstorming
 5. Prototyping
 6. Test
 7. Iterate
1. Empathize: This stage involves understanding and empathizing with the experiences, needs and challenges of the user or stakeholders. Design thinkers engage in research, interviews, observations, and other methods to gain insights into the user's perspectives.
2. Define: In this stage, the gathered information is synthesized, and the problem is defined. The design thinkers analyse the user insights to identify the underlying needs.
3. Ideate: During the ideation stage, design thinkers generate a wide range of ideas and potential solutions to address the defined problem.
4. Brainstorming sessions, sketching and other creative techniques are employed to encourage out-of-the-box thinking and foster rich pool of ideas [fig1].
5. Prototyping involves various prototyping techniques, such as sketches, storyboards, physical models, or digital simulations.
- Test: In this stage, prototypes are shared with the users or stakeholders for feedback and evaluation.

The Course and its Registration details :

The Google forms were floated with different choices among which one was the Design Thinking course. Around 160 students of different branches namely Computer Engineering, IT, ETRX, EXTC and MCA branches, were enrolled for the same. The students of third year and Final year of students who were going through internships were the selected students. For their convenience the course was in online mode.

Course Implementation Plan:

The students were divided into 3 batches 50 students in each batch on Monday, Tuesday and Saturday.

Batch timings were evening 7 to 8 PM and Saturday 9 to 10 AM.

Total 10 lectures were conducted per batch excluding the evaluation duration which was for 3 days per batch on an average.

This time was sufficient to cover the subject extensively and to evaluate their projects.

The instructor:

Instructor for the course was Prof. Vandana Wekhade an Associate Professor of National Institute of Fashion Technology. We were fortunate to have her as an expert who is a very well-known and

experiences teacher of Design Thinking. She was very engaging, effective, and passionate teacher always encouraging for active participation of the students. The result of this was students were various curious and eager for participation in the classroom. She had adapted a continuous evaluation procedure and encouraged students to form the groups and start implementing their own ideas at very start of the lecture. So advised students to bring their own problem statements and relate it with the theory she was teaching with.

All sessions were very interactive where students used to relate the theory taught with their own problem statements.

Her vivid style of teaching is characterized by lively and engaging instructional methods like PPTs and case studies effectively communicate complex ideas in a clear and concise manner. She also discussed some projects she evaluated as a judge in different competitions. Those discussions helped students to understand what good and bad projects ideas could be.

The Course Activities:

The course started with basics of design thinking, why to study – how it is applicable how the critical design thinking drives further to overcome the flaws and supports a software engineer to develop a good application.

During initial sessions teacher discussed some frameworks to understand how design thinking as a stream can be used as a problem-solving approach that emphasizes empathy, creativity and iterative prototyping.

Course Content:

- 1) Why should one learn Design thinking: Design Thinking is not limited to design professionals but is applicable to anyone seeking to solve complex problems, create meaningful experiences and drive innovation.
- 2) It is widely utilized in various fields, including product development, service design, business strategy, social entrepreneurship, and education etc.
- 3) Accordingly, students presented various topics matching each one as told by the teacher namely online food delivery app like Zomato, Swiggy, as a Service design app, business strategy like Mumbai Dabbawallas, social entrepreneurship like e-commerce apps like FlipCart, Myntra or various housing or real estate related apps and education like Moodle, ChatGPT like AI based Chat Generative Pre-Trained Transformer and comparing them to identify their pain points.
- 4) Figma: Figma is an end-to-end design platform, here to help teams understand problems, explore options, and build solutions-together.
Figma was taught extensively to the students which helped them to design their applications effectively.

Course Outcomes:

Introducing seva sattva Design Thinking course to the students in their curriculum have several beneficial outcomes:

1. Problem-solving skills
2. Empathy and human-centeredness
3. Collaboration and teamwork
4. Creativity and Innovation
5. Entrepreneurial mindset

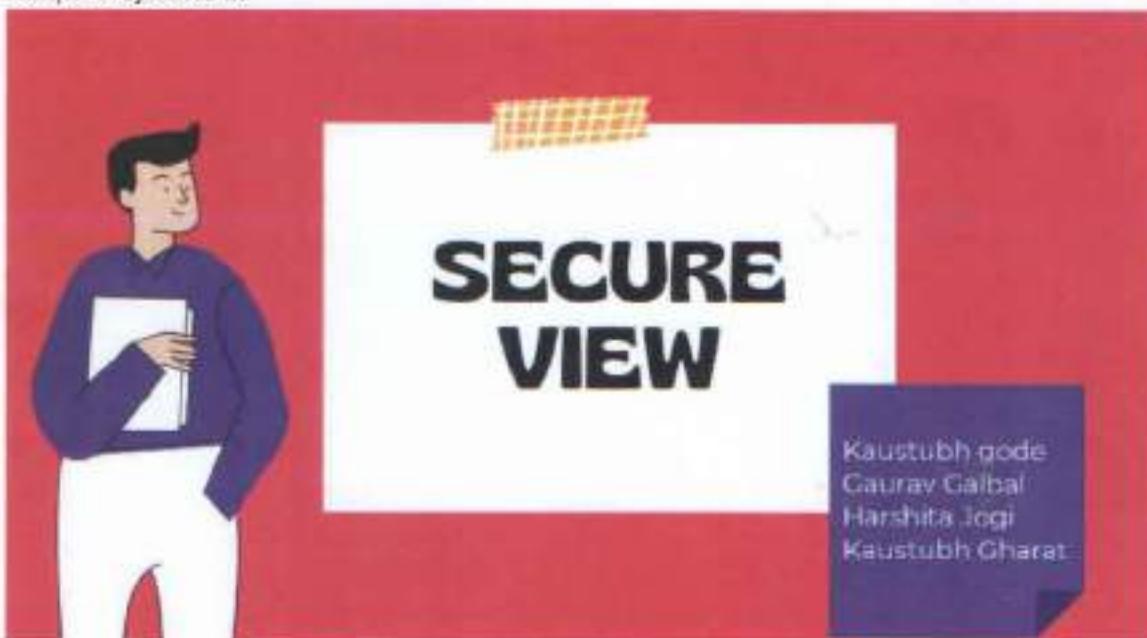

Conclusion:

The design Thinking course of seva-sattva equipped students with a valuable set of skill and mindset that are applicable across various domains. The course empowered them to become a creative problem solver, empathetic collaborators and innovative thinkers, setting them up for success in their academic, professional and personal pursuits.

Some of the screenshots of students Applications are as follows.

These screenshots is the showcase to view how enthusiastically and cautiously students performed overall problem-solving activity by identifying the flaws in the existing apps or building their own apps. Students enormously used empathy and creativity in order to define and ideate the problems.

Sample Project No 3

The screenshot shows a Google Slides presentation slide. The title 'DESIGN THINKING PRESENTATION' is centered at the top in white capital letters. Below the title, there is a section for team information: 'Team Number: 16' followed by four names and their respective numbers: Atharva Ranade, 2019140052; Prathamesh Bholi, 2019140008; Rohan Sodha, 2019140062; and Sahil Sawant, 2019140056. The background of the slide features abstract geometric shapes in purple and teal.

The screenshot shows a Google Slides presentation slide titled 'BRAINSTORMING (Atharva)'. It contains three blue rectangular boxes, each listing pros and cons for a specific application:

- MSRTC Mobile Reservation App**
 - No initial login page
 - No OAuth
 - Bus Stop selection is confusing
 - No simple filter to
- MahaDBT (Scholarship Portal)**
 - No GAUM
 - No option to simply edit scholarship application/resubmit
- IRCTC**
 - No initial login page
 - No OAuth
 - Boarding station selection gives incorrect results

Report on Integrated Personality Development-I (ST 16)

Vision: To empower humankind to learn, love and live noble values.

About the Course:

This course has been initiated by BAPS-Swaminarayan Trust to provide value-based education to a broader audience; by developing syllabi for the nation's youth, which can be easily integrated into the existing structure of government and private educational institutions. This leadership course equips students with an understanding of how an individual can develop the skills required to become an effective leader in an organization, community, society and even in a family!

Also, students discover the importance of understanding others and building empathy and relationships. You will gain a better understanding of managing time and mastering yourself.

Following topics covered during session:

- 1. Restructuring Yourself:** To make students identify and practice the various quotients of life that will help to shape their characters.
- 2. Power of Habits:** To make students aware of the significance of good and bad habits in our day to day life.
- 3. Listening & Understanding:** To make students understand the importance of active listening in human relationships.
- 4. Welcoming Challenges:** To make students practice maintaining a positive attitude amongst difficult circumstances.
- 5. Significance of Failures:** To make students understand the fact that hardships and zeal to keep learning from failure is the only key to success.

- Till now, more than 140 students (both semesters of AY 2022-2023) have successfully completed the course.
- Students took active part in group discussion, case-studies.
- Sessions were taken from September 2022 to April 2023. The course is designed for 10 hours/sem.
- Online exam on moodle was taken(MCQ Pattern).
- Students demonstrated their ideas and views through short role play.

SEVA SATVA: Study of an Identified Book (April - June 2023)

Under the Seva Satva, Students are offered various courses. One such course is **Study of an Identified Book**. For the even semester, First year students from COMPS A, Comps B, AIML and II Sem MCA, around 86 students opted for the course. A list of 20 celebrated books by Indian authors including biographies/autobiographies was prepared. From which Principal sir shortlisted 6 books for selection by students. A Google form was shared with the students where they had to pick a book of their choice. The books finalized for the course were *Swami Vivekananda: A Biography* by Swami Nikhilanand, *A Complete Biography of Ratan Tata* by A K Gandhi, *The Great Indian Novel* by Shashi Tharoor, *I Too Had a Dream* by Dr. Kurien Varghese, *Chanakya in You* by Radhkrishnan Pillai, and *Waiting for Visa* by Dr. B R Ambedkar. Once the book was selected by students, they were given 21 days time to read the book.

On May 4, students were called for a meeting where they were given a brief on the course, assignments, and evaluation scheme. From 1st June 2023, the evaluation of the

98

A handwritten signature in blue ink, consisting of stylized letters, is placed over a blue arrow pointing to the right.

course started. For evaluation four assignments were adopted: Poster making, Presentation, Skit, and Quiz.

Assignment 1: Poster Making

Students were asked to pick up a story/incident/situation from the book. They were asked to use a chart paper to draw the moment and use colours to convey the idea/message that the author is trying to convey through that incident in the book. Students were prohibited from including anything abusive/discriminative/racist in the poster. These posters were displayed at the entrance lobby in the following week. Every student had to make at least 1 poster and submit by 2nd June 2023, till 5.00pm. Submissions later to that were not accepted.

Day 1, 7 June 2023: Posters on *Swami Vivekananda: A Biography* by Swami Nikhilanand, *A Complete Biography of Ratan Tata* by A K Gandhi, *The Great Indian Novel* by Shashi Tharoor displayed at the entrance lobby.

Schudhij

Day 2, 8 June 2023: Posters on *I Too Had a Dream* by Dr. Varghese Kurien and *Chanakya in You* by Radhkrishnan Pillai displayed at the entrance lobby.

"ABLL@LLC"

(Activity Based Liberal Learning about Life, Literature and Culture)

Academic Year: 2022-23

Course Code: SV38

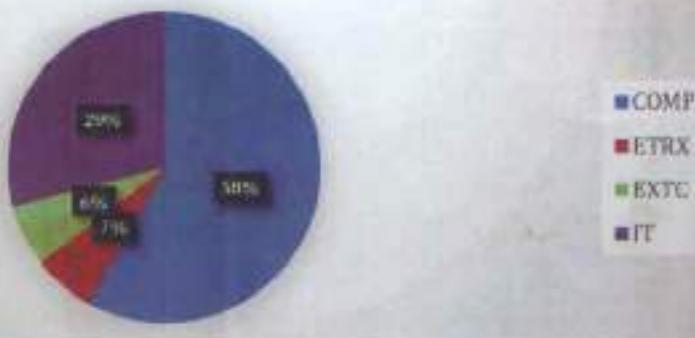

Name of Faculty Coordinator: Rita Das

Total Number of students registered: 31

Semester: EVEN

Course Name : **Mentoring to Juniors**

Branch wise

Year Wise

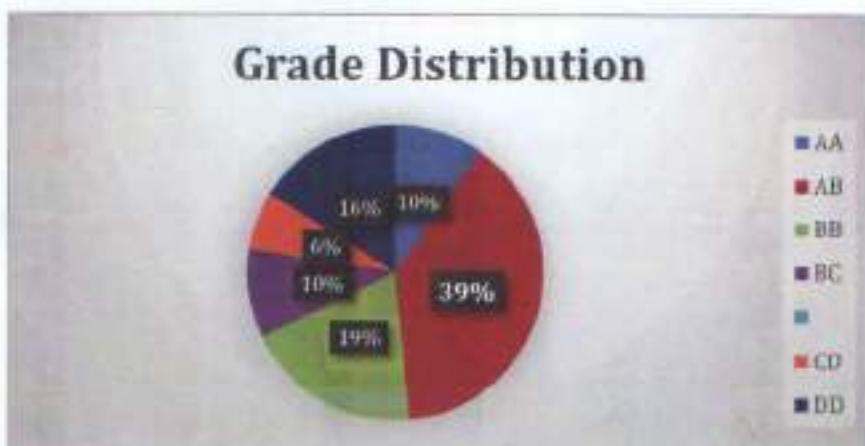

Number of sessions conducted: 10 to 12

Duration of the session: 1 to 2 hours

Brief contents taught: Final year students mentored third year students and third year students mentored first year students. Final year students helped their mentees to improve their programming skills, communication skills and the other skills to make them placement ready. Third year students helped their mentees in the academics, provided the resources, and conducted a few sessions to improve their programming skills.

Result:

Total Number of students evaluated/graded: 31

Observations: a) No. of students for this course should not be more than 20.

b) Allocation of this course should not be only based on CGPA.

c) Few students do not have interest in mentoring.

d) Please restrict number of mentors to make it meaningful and effective.

Photographs:

Put a minimum of 2 photographs.

Instructions for faculty coordinators

1. Your summary report should not exceed 1 page as per the given format.
2. Kindly help the instructor for any query.
3. Take the feedback from the Instructor (PFA sample questions).
4. Collect/Take the feedback from the Students (PFA sample questions).
5. Write 2-3 lines about brief contents taught
6. Put the result in the pie chart, branch wise and sem wise.
7. Based on Students and Instructors/Course teacher feedback the faculty coordinator will summarize the observations.
8. Put a minimum of 2 good quality photographs.

"ABLL@ LLC"

(Activity Based Liberal Learning about Life, Literature and Culture)

Academic Year: 2022-23

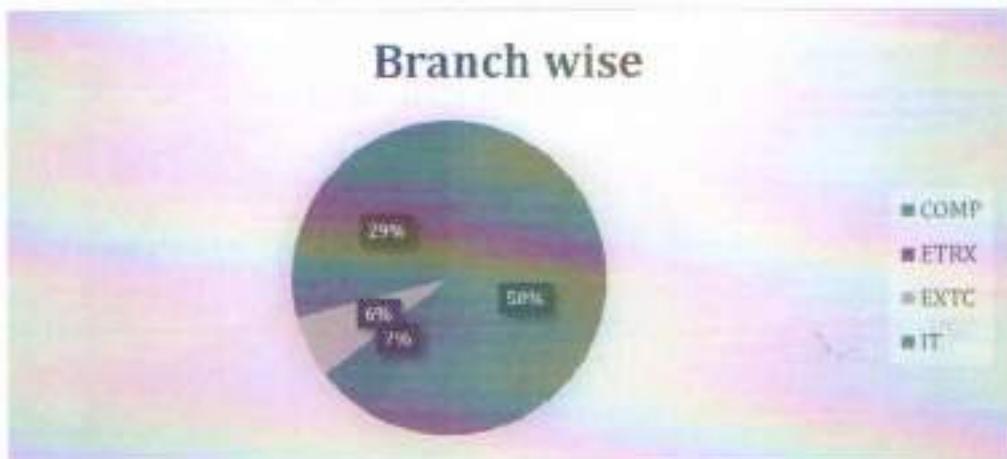

Course Code: SV38

Name of Faculty Coordinator: Rita Das

Total Number of students registered: 31

Semester: EVEN

Course Name : Mentoring to Juniors

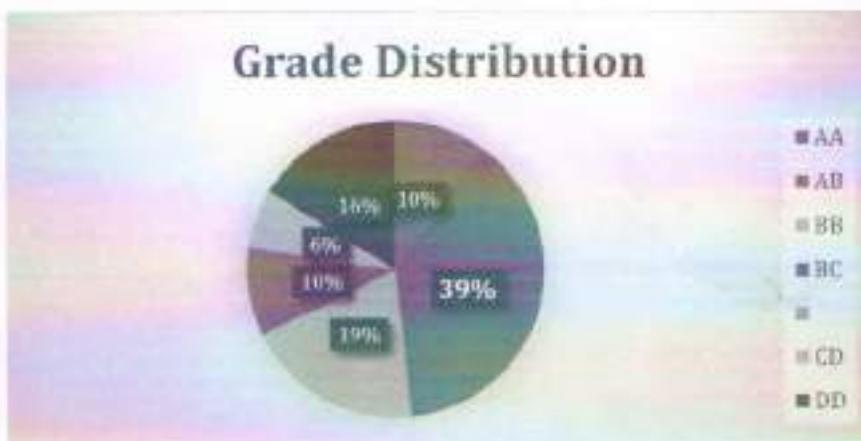

Number of sessions conducted: 10 to 12

Duration of the session: 1 to 2 hours

Brief contents taught: Final year students mentored third year students and third year students mentored first year students. Final year students helped their mentees to improve their programming skills, communication skills and the other skills to make them placement ready. Third year students helped their mentees in the academics, provided the resources, and conducted a few sessions to improve their programming skills.

Result:

Total Number of students evaluated/graded: 31

Observations: a) No.of students for this course should not be more than 20.

b) Allocation of this course should not be only based on CGPA.

c) Few students do not have interest in mentoring.

d) Please restrict number of mentors to make it meaningful and effective.

Photographs:

Put a minimum of 2 photographs.

Instructions for faculty coordinators

1. Your summary report should not exceed 1 page as per the given format.
2. Kindly help the instructor for any query.
3. Take the feedback from the Instructor (PFA sample questions).
4. Collect/Take the feedback from the Students (PFA sample questions).
5. Write 2-3 lines about brief contents taught
6. Put the result in the pie chart, branch wise and sem wise.
7. Based on Students and Instructors/Course teacher feedback the faculty coordinator will summarize the observations.
8. Put a minimum of 2 good quality photographs.

Report

Time line : February 2023- May 2023

Hours Worked : $31+4= 35$ Hours

Faculty under which I worked under as a Teaching Assistant - Prasenjit Bhavtankar Sir (31 Hrs)

Faculty I assisted for college event – Aparna Halbe Ma'am (4 Hrs)

Work Done –

- 1) Creation of Question Sets and examination questions.
- 2) Invigilation work
- 3) Suggesting Improvements in course work and Curriculum by sending forth notes and laboratory curriculum from leading universities in the world like Stanford, Georgia Tech , MIT etc.
- 4) Keeping a knowledge and assisting in maintenance of laboratory equipment (PC's)
- 5) Assisted Aparna Halbe ma'am during annual day .

Aayush Sheth

Detailed Work Report (Worked as A TA Under Dr Prasenjit Bhavtankar)

Start Date	End Date	Task Performed	Duration
08-Feb-23	12-Feb-23	Created and submitted 15 questions to Prasenjit sir on C programming for the ISE of 1st Year students which was held on 17th February 2023. This included me learning about the test work and understanding the level required for the test.	3hr
14-Feb-23	17-Feb-23	Invigilated and conducted ISE on C programming . This included solving internet connectivity issues, seating students roll no wise etc. In the prior days I had also checked the working and non working PC in laboratories, increased internet speed, solved connectivity issues during/after my laboratory hours.	2hr
06-Mar-23	14-Apr-23	Created a set of 90+ questions from my own and also took the help of the internet for the same. The Questions were from DAA syllabus of the second year and covered the entire syllabus. I learnt as well as created a versatile question set.	18 hr
25-Apr-23	25-Apr-23	Invigilated the class test and coordinated with same with PBB sir. Since the entire 4 th floor was booked and one faculty was not available it took some more time.	2hr
27-Apr-23	05-May-23	Created and assimilated study materials and notes from Top Universities which can be included in our curriculum.	5 hr
04-May-23	04-May-23	Assisted sir in invigilation for Lab ESE of second year students.	1hr
		Total Time Spent-	31 hr

Assisted Aparna Ma'am in Annual Day –

24-Apr-23	25-Apr-23	Assisted them in Creation of Certificates for Annual Day	4 hr
		Total Time Spent-	4 hr

SEVA/SATVA: TEACHING ASSISTANTSHIP

Problem Statement:

The S.P.I.T. Library currently lacks an efficient and user-friendly online platform for its users to access resources and services. The current website is outdated and difficult to navigate, resulting in low user engagement and limited online resource usage. The library needs a modern and interactive website that can provide easy access to resources, research assistance, and information about library services. The website must have a clear and intuitive menu structure, allowing users to quickly find the information they need. The goal of this project is to design and develop a new website for the S.P.I.T. Library that addresses these issues and provides an engaging and efficient online platform for library users.

Work Hours Breakdown:

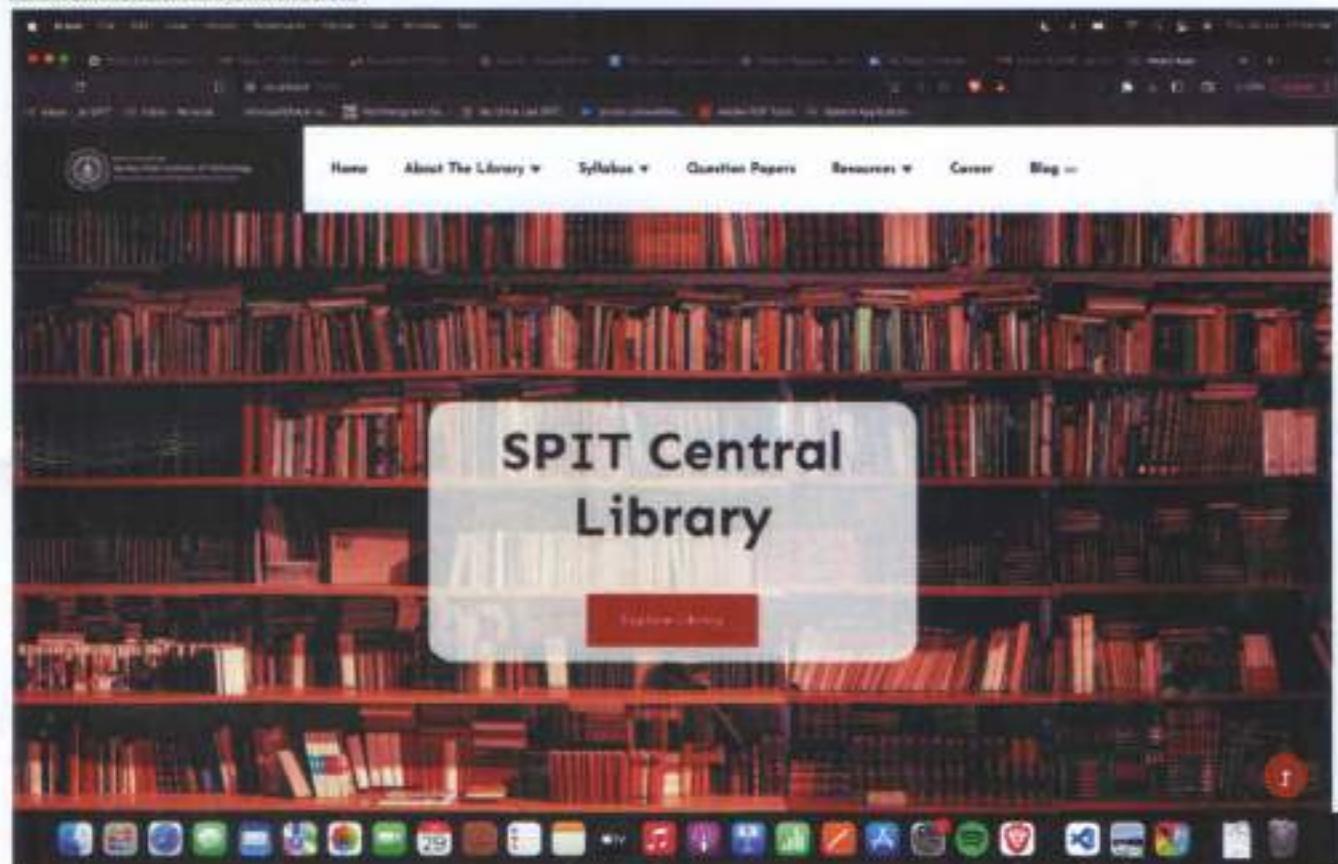

Start Date	End Date	Task Performed	Duration (Hours)
8/2/2023	16/2/2023	Project planning and requirement analysis. Research and selection of suitable React libraries and plugins.	6
18/2/2023	5/3/2023	Wireframing and UI/UX design. Creation of React components and pages. Importing the HTML Template into React Website.	6
8/3/2023	16/3/2023	1. Creation of Home page with menu. 2. Creation of About page with submenus - Introduction - Services - Library Committee - Rules and Regulations - Contact Us	7
18/3/2023	3/4/2023	1. Creation of Resources page with submenus and links - Print Resources Online - Resources Others - Free Resources - National Digital Library (Link) - Institutional Repository (Link) 2. Creation of Research Assistance page with tools and links	8

Selvaraj

10/4/2023	1/5/2023	1. Creation of Syllabus and Question Papers pages with links 2. Implementation of Photographs section 3. Implementation of Popular resources section	7
5/5/2023	18/5/2023	1. Implementation of the "How can we help you" section. 2. Implementation of the "Explore our services" section. 3. Creation of footer section with useful links and contact info	6
24/5/2023	10/6/2023	1. Testing and debugging. 2. Fixing minor errors.	5

Introduction

SPTI library is a knowledge resource center, which has an invaluable resource for the students and faculty members in the area of Engineering and Technology. It is providing effective information services to the users within a limited available time using SCILM library management software. Library is WiFi enabled.

Library has a collection of more than 22000 books and 8000 e-books. Subscribed to National and International periodicals along with several online journals like Manuscripta (Legal Discourses), IEEE, ASPP, PDF and ACM.

SPTI library maintains Institutional Repository on Intranet with open source software DSPACE having Institutions events, reports, institutional magazines, faculty publications, academic rules, question papers, syllabus etc.

Library has NPTEL online lectures of various personality of various IITs, and these are made available to user online through Intranet. Library provides book loans facility to students.

SPTI Library is open to other academic users for reference. Visitors are requested to bring an official letter from their institution with signature of their Head of the Department (H.O.D.).

Library Committee

- Rajeshree - Librarian
- Sanjay Joshi - Assistant Librarian
- Ganesh Naikshen - Assistant
- Ganesh Wadre - Assistant

The screenshot shows a decorative horizontal bar at the bottom of a website, featuring various colorful icons representing different functions or services.

The screenshot shows a dark-themed web browser window. At the top, there is a navigation bar with links like 'Home', 'About The Library', 'Syllabus', 'Question Papers', 'Resources', 'Career', and 'Blog'. Below this, the main content area features a section titled 'Book Bank'.

Book Bank

Book Bank facility is available for S.E to B.E. (of all branches) and S.Y. MCA and T.Y. MCA students. For each semester, 3 students of top ranking can issue 2 books for next year only. Students can keep books from book bank till term ends. The list of eligible students is displayed and circulated to each department after getting list from examination department on the basis of result of previous year's exam.

20% Book Bank: A limited number of test books will be provided to the students on the payment of 20% of the cost of the book under this facility for a period of one year for the test of session. The amount to be reimbursed.

This screenshot is similar to the one above, showing the library's website with a dark header and navigation menu. The 'Book Bank' section is visible, along with other sections like 'NPTEL Video Lectures' and 'Get in Touch'.

Roll No: 2019140016

Class: BE IT

SEVA/SATVA: TEACHING ASSISTANTSHIP

Problem Statement: Build an internal tool for SPIT that will aid the exam section as well as the faculties to store student exam data and thus help them to keep all the data efficiently and create student data reports according to the requirements. Thus by using in-house software the control of data as well as privacy is maintained.

HOURS	WORK COMPLETED
4	Project planning and requirement analysis. Research and selection of suitable React libraries and plugins as well as tech stack and node setup.
3	UI/UX design (rough sketch). Creation of React components and pages. Importing the HTML Template into React Website.
7	Creating Schema, Understanding the architecture, grading, and scaling system, as well as making a first iteration workflow - to be approved by the COE, Building the ER Diagram https://lucid.app/lucidchart/ae700b61-6a43-456c-869f-1fbe136bdfbe/edit?beaconFlowId=E0CFA8BB2476AD21&invitationId=inv_73fe7b00-168b-4d34-8970-aabac5e8e0d1&page=0_0#
3	Created the basic client-server architecture of the system. Initialized repository along with creating the basic setup of React Js in the front end and Express in the back end. https://github.com/mansidw/ExamSection
7	Writing all the basic GET/PUT/PATCH/POST REST API endpoints for the backend entities and performing the tests on them using Postman while simultaneously creating the database in MongoDB Atlas.

A handwritten signature in blue ink that reads "Mansi Dwivedi". A blue arrow points from the right side towards the signature.

	https://cloud.mongodb.com/v2/6304be465b7806501f246513#/metrics/replicaSet/64062f23909a5d5926c89629/explorer/SPIT_EXAM
7	Creating the UI components in React using react-bootstrap and creating the landing page (main dashboard screen), profile page, log-in, and sign-up page using react components and styling structures.
2	Connection of the front end with the back end using Axios and some basic profile fetching API calls, as well as writing checks on the APIs as part of the authentication.
5	Setting up the system authentication, user model, and roles for users. Adding utility functions for grade calculations, conversions, etc.
4	Testing and debugging the API error, code cleanup, and modularization

Total: 42 hours

SYSTEM WORKFLOW -

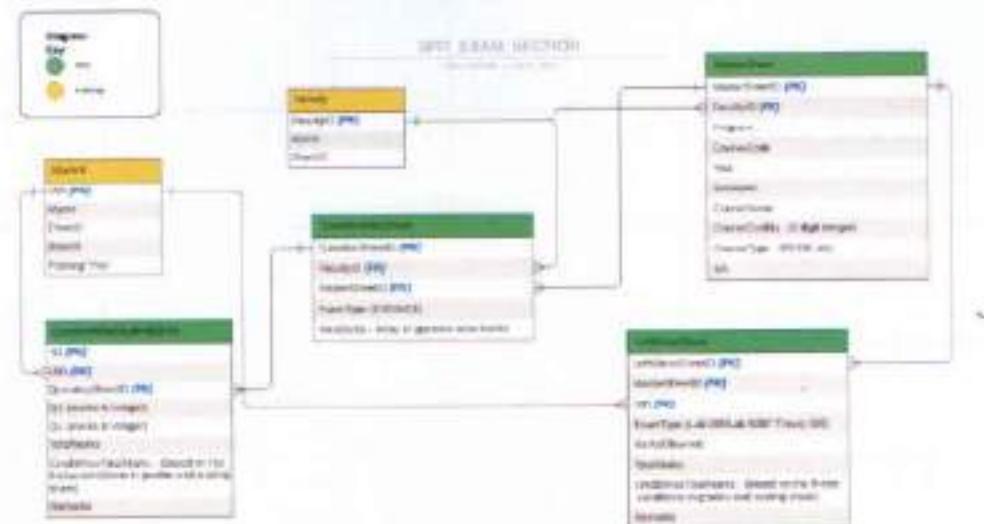

Once the prof logs in (username-password in SPIT network) -

1. Choose to create a new master sheet for a particular course with a mandatory course credit attribute (will be kind of a popup asking for details which will be stored in the MasterSheet)
 - a. Once the master sheet is created, the professor can select any particular sheet from a dropdown menu and then get two options -
 - i. Enter Question Wise ISE/MSE marks (Student Wise - Data obtained from Student DB)
 - ii. Enter Lab ISE/Lab ESE/Theory ISE Marks (Student Wise - Data obtained from Student DB)
2. Choose from existing sheets under him/her to view the Excel sheet and marks and add/remove from them and also the option of printing the sheet with customizable columns.

SCREENSHOTS OF THE BUILT APPLICATION -

A handwritten signature in blue ink, appearing to read "S. Patel", positioned above a blue arrow pointing to the right.

**NSS CAMP 2023
BORDI DAHANU**

NSS CAMP DAY-1 27/05/2023

The enthusiastic group of SPiT NSS students embarked on a journey to Bordi village in Maharashtra aboard the Saurashtra Express at 9:30 am on 27th May 2023. Filled with excitement and anticipation, the group was eager to immerse themselves in the rich cultural heritage and picturesque beauty of

S. Bhandarkar
INSTITUTE OF TECHNOLOGY
SARDAR PATEL
Andheri (W)
Mumbai-58.

the region. With a shared purpose of making a positive impact through community service and sustainable development, they are prepared to contribute their time, skills, and efforts to uplift the lives of the villagers in Bordi. As they board the train, their spirits are high, ready to embrace the upcoming adventure and create lasting memories while leaving a meaningful mark on the lives of the locals in Bordi village. The Train Reached Gholwad railway station at 12:00 pm, from where they took cab to go to Bordi Save Camp Site and reached by 12:30 pm.

A camp briefing held was then held in the quadrangle by the Teachers and Co-ordinators (Prof. Pramod Jagannath Bide, Prof. Govind Haldankar, Prof. Surekha Dholay, Mrs Meena) on the first day aimed to provide the students with essential information and set the tone for the days to come. The camp coordinators, support staff, and fellow volunteers were introduced during the briefing. The importance of teamwork, mutual respect, and cooperation in achieving the camp objectives were emphasized. This introduction allowed everyone to get acquainted, fostering a sense of camaraderie and unity among the participants. The detailed camp schedule was presented, outlining the activities, workshops, and sessions planned for each day, providing an overview of the diverse range of initiatives, including community development projects, environmental conservation efforts, health camps, awareness programs, and skill development sessions. The schedule allowed everyone to understand the breadth and depth of opportunities to actively contribute and make a positive impact on the lives of the villagers. The camp briefing on the first day successfully provided a comprehensive overview of the camp's objectives, schedule, rules, and individual roles. It set the foundation for an inclusive, purposeful, and impactful camp experience. Volunteers left the briefing feeling motivated, prepared, and eager to embark on their journey of community service in Bordi Village. This was followed by a delicious Lunch prepared on the camp site by the hosts at 1:15 pm.

After a fulfilling lunch, the volunteers gathered for a skit practice session, utilizing the allotted time to enhance their creative expression and deliver impactful messages through theatrical performances. The skit practice served as a platform to communicate social issues, raise awareness, and stimulate discussions among the villagers in Bordi. Script Development, Rehearsals and Role Assignments, Guidance and Feedback, Collaborative Learning were some of the qualities observed followed by a Final Run-through.

At 3:15 PM, the camp participants eagerly gathered to listen to an enlightening speech delivered by esteemed soil scientist, Mr. Ashok Bhoir, on the topic of organic farming. With his expertise and passion for sustainable agriculture, Mr. Bhoir aimed to educate and inspire the audience about the benefits and practices of organic farming. He discussed the benefits of organic farming, including improved soil fertility, biodiversity preservation, and healthier produce. He shared techniques such as crop rotation and composting that enhance organic farming's effectiveness. Additionally, he highlighted the market demand for organic produce and its economic viability for farmers. Mr. Bhoir called upon the audience to promote organic farming, emphasizing the need for collective action to protect the environment and ensure a sustainable future. The speech by Mr. Ashok Bhoir on organic farming at 3:15 PM was met with enthusiastic applause from the camp participants. His expertise, passion, and ability to articulate the importance of organic farming inspired the audience to explore sustainable agricultural practices and consider the broader impact of their choices on the environment and society.

At the Bordi Village Gram Panchayat office, a series of engaging activities took place, benefiting both the villagers and the local school students. The event began with an enlightening skit performance that addressed social issues prevalent in the village, capturing the attention and sparking discussions among the audience. Following the skit, a presentation on bamboo business and chikoo plantation was conducted, aimed at empowering the villagers with knowledge about alternative livelihood options

and sustainable agriculture. The presentation provided insights into the potential of bamboo-based industries and the benefits of chikoo plantation for economic growth and environmental conservation. Afterward, a career counseling session was held specifically for the village school students. The session aimed to broaden their horizons, providing information about various career paths and educational opportunities beyond their immediate surroundings. The students received guidance on pursuing higher education, vocational training, and entrepreneurial ventures. To put theory into practice, the SPIT NSS students actively participated in a bamboo plantation activity. Equipped with the necessary tools and guidance, they planted bamboo saplings in designated areas, contributing to the greening of the village and reinforcing the importance of environmental sustainability. Overall, the activities conducted at the Bordi Village Gram Panchayat office encompassed a range of initiatives aimed at empowering the villagers and the village school students. Through skit performances, presentations, career counseling, and hands-on plantation activities, the event fostered community engagement, knowledge sharing, and the cultivation of a sustainable and prosperous future for Bordi Village.

After the engaging activities at the Bordi Village Gram Panchayat office, a much-needed tea break was arranged for all the participants. The break allowed everyone to relax, socialize, and rejuvenate with a hot cup of tea and light refreshments. It provided an opportunity for the villagers, students, and volunteers to connect and share their experiences from the day's events. Following the tea break, a fun-filled time was organized on the beautiful beach of Bordi. Participants enjoyed the scenic views, walked along the shoreline, and engaged in beach games and activities. The beach excursion offered a refreshing change of scenery and allowed everyone to unwind and embrace the natural beauty of the surroundings. Upon returning to the campsite, cultural activities such as singing and dancing were organized for the NSS students. The participants showcased their talents, singing regional songs and performing traditional dances. The cultural activities served as a platform to celebrate the diversity of Indian culture and foster a sense of unity and togetherness among the camp participants. As the day progressed, dinner was served at the campsite. A sumptuous meal was prepared, featuring local delicacies and nutritious dishes. The participants gathered around, sharing stories and enjoying the delicious food, strengthening the bonds formed during the camp activities. The tea break, beach time, cultural activities, and dinner provided moments of relaxation, enjoyment, and cultural exchange within the camp setting. These activities not only added a touch of leisure and entertainment to the camp experience but also promoted camaraderie and a sense of community among the participants.

As the night fell upon the campsite, a sense of tranquillity enveloped the air. The students, filled with memories of the day's activities and a deep sense of purpose, retired to their sleeping quarters in preparation for the next day of the camp. And so, as the night settled in, the campsite became a haven of dreams and aspirations, a place where the spirit of volunteerism thrived, and where the next chapter of their journey would unfold.

NSS CAMP DAY-2 NSS CAMP DAY-1 28/05/2023

As the sun began to rise on the second day of the camp, the students awoke at 6 am in their beachside campsite. The gentle sound of waves crashing against the shore and the refreshing sea breeze greeted them, setting a tranquil and picturesque ambiance. Excitement filled the air as the students prepared themselves for another day of adventure, learning, and community engagement in the idyllic beach surroundings.

At 6:30 am, the camp participants gathered for a rejuvenating yoga session led by the faculty a certified yoga instructor, Prof. Biradar. The session aimed to provide a serene start to the day and promote physical and mental well-being. The practice of yoga not only nourished their bodies but also nurtured their minds and spirits, instilling a sense of balance, focus, and well-being. The participants emerged from the session energized and ready to embrace the day's activities with renewed enthusiasm and a heightened sense of self-awareness. Through a series of asanas, pranayama, and meditation, the session fostered balance, focus, and relaxation among the future IT professionals, preparing them for the day ahead.

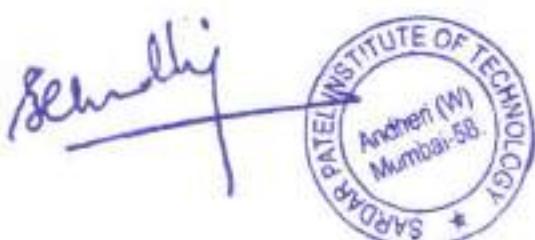

After the invigorating yoga session, the students got refreshed and made their way to the breakfast area by 8:30 am. A delicious spread awaited them, including a variety of nutritious options and a special highlight – the freshly harvested chikoo fruit. The students gathered around, savouring the flavourful chikoo and indulging in a wholesome breakfast, ready to embrace the day's activities with a burst of energy and the delightful taste of the local produce.

Following a visit to the Gram Panchayat office in Ghofvad, the camp participants were divided into four groups, each comprising eleven members. Accompanied by village female representatives, they embarked on a local village survey with a specific focus on electrical appliances and consumption. The objective of the survey was to collect data that would aid in devising strategies to assist the villagers in adopting renewable solar energy based on their specific needs and consumption patterns. Equipped with survey forms and guided by the

village representatives, the groups visited different households and interacted with the villagers. They diligently recorded information regarding the types of electrical appliances used, their energy consumption patterns, and the challenges faced by the villagers in accessing reliable and sustainable electricity. The data collected during the survey would prove invaluable in understanding the energy needs of the villagers and identifying opportunities for implementing solar energy solutions. It would help in developing a comprehensive plan to promote renewable energy and address the energy requirements of the community, fostering sustainable development and reducing dependence on non-renewable sources. By actively involving the villagers in the survey process and engaging with female representatives, the camp participants ensured a holistic and inclusive approach. This collaboration promoted knowledge sharing, community empowerment, and a sense of ownership over the renewable energy initiatives to be implemented. The survey conducted by the camp participants in partnership with the village female representatives marked a significant step towards promoting renewable solar energy in Gholvad. The data collected would serve as a foundation for future planning, enabling the camp organizers to design effective strategies and initiatives that align with the specific needs and aspirations of the villagers.

After completing the village survey, the students gathered on the beachside ground of Dattakrishna Mandir. In this setting, they had the opportunity to engage in an interactive session with the Panchayat Sevak, Shri Rajendra Bujad, and the villagers, discussing various social topics relevant to the village. The focus of the discussion revolved around vital social topics affecting the village, including education and farming. A particular emphasis was placed on the pressing need for bore well digging to address the village's water scarcity. Representatives from a technological institute, in the role of teachers, took the lead in guiding and educating the villagers on the intricacies of bore well digging. Their expertise provided valuable insights into the process, addressing factors like suitable locations, equipment requirements, and potential challenges. The teachers emphasized the significance of meticulous planning, community involvement, and sustainable water management practices to ensure a successful outcome. Throughout the interaction, the students gained profound insights into the realities of village life compared to city life. They became aware of the unique challenges faced by rural communities, particularly in terms of education, farming, and access to basic amenities like water. This exposure instilled a sense of empathy and understanding within the students, motivating them to actively contribute to the betterment of rural areas. The dialogue at Dattakrishna Mandir nurtured a spirit of collaboration and knowledge exchange, bringing together the students, Panchayat Sevak, teachers, and villagers as equal stakeholders in community development. By addressing the social topics and challenges faced by the village, the session sought to inspire collective action and foster sustainable solutions. Overall, the gathering on the beachside ground served as a transformative platform, enabling meaningful interactions between the students, Panchayat Sevak, teachers, and villagers. It empowered the villagers with valuable guidance on bore well digging, encouraged a mutual understanding between urban and rural perspectives, and ignited a sense of responsibility in the students to contribute positively to the lives of those in the village.

After the interactive session at Dattakrishna Mandir, the students enjoyed a delicious lunch served at 2:30 pm. As they savored the meal, the students connected with each other, sharing

laughter and engaging in conversations. The lunch break provided a refreshing break and energized them for the rest of the day's activities.

The visit to Saave Farm after lunch proved to be an engaging and educational experience for the students. Upon arrival, they had the privilege of interacting with Mr. Achyut Suchit Saave, the owner of the chikoo farm. The students were given a practical demonstration on the importance of cutting wild grass around the fruit trees, followed by a comprehensive tour of the sprawling 10-acre farm. After the tour, an interactive Q&A session took place, allowing the students to seek clarification and gain valuable insights into the intricacies of farming and the daily life of a farmer. This session provided a platform for the students to deepen their understanding and appreciate the challenges and rewards associated with agricultural practices. In a gesture of warm hospitality, the students were treated to a refreshing nariyal (coconut) drink by Mr. Saave himself. They also had the pleasure of savoring other fruits from the farm, such as mama phal and phaphanas, while witnessing a demonstration of the tools used in farm operations. The farm owner and workers extended their generosity and ensured the students felt welcome and appreciated throughout the visit. The students were truly impressed by the hospitality displayed by Mr. Saave and his team. The firsthand experience of observing farm practices, the opportunity to interact with the owner, and the taste of farm-fresh fruits left a lasting impression on the students. The visit to Saave Farm not only enriched their knowledge of agriculture but also fostered a sense of respect and admiration for the hard work and dedication of farmers. Overall, the visit to Saave Farm served as a valuable learning experience, promoting a deeper appreciation for farming and showcasing the importance of hospitality and community connections. The students left with newfound insights, inspired by the dedication and passion exhibited by Mr. Saave and his team.

After returning to the beachside campsite, the students enjoyed a rejuvenating tea and biscuits break. The aroma of freshly brewed tea and the assortment of biscuits provided a much-needed moment of relaxation and refreshment. The students gathered around, sipping tea and nibbling on biscuits, while taking in the scenic beach view.

Following the tea break, a session of group discussion and reflection was conducted with the teachers.

- During the session, students began by sharing their first-time experiences of visiting village houses, using a common washroom, and witnessing the creation of handicrafts in the village. This allowed them to gain valuable insights into the rural way of life and the challenges faced by the villagers.
- Following these experiences, Prof. Dholay shared impactful life lessons. She emphasized that society is not shaped by a single individual, but by the collective efforts of everyone. She highlighted the importance of recognizing the contributions of countless individuals behind our success and the need to give back to society. Prof. Dholay also drew a parallel between the limitations of AI/ML and deep learning, stressing the significance of maintaining a balance between technology and life.
- Prof. Pramod Bide presented an eye-opening realization during the session. He pointed out that while we often bargain with street vegetable vendors who struggle to make ends meet, we seldom bargain when purchasing branded products, leading to the exploitation of the economically weaker sections. This revelation made the

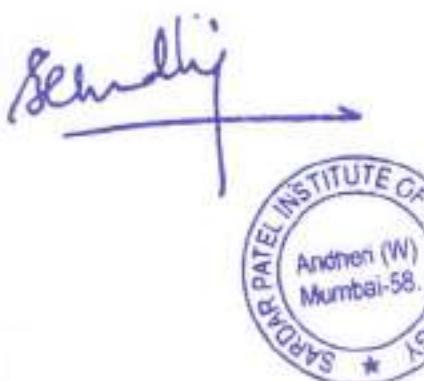

students reflect on their own purchasing choices and the need for fairness and equality in society.

- Prof. Govind Haldankar shared his experiences of teaching prison inmates and highlighted the positive impact that time spent in prison can have on their behavior. He emphasized that even highly educated individuals can become criminals if they lack emotional intelligence. Prof. Haldankar underscored the importance of self-development activities such as exercise, meditation, and yoga in building self-confidence and combating depression.
- Further contributing to the session, Prof. Biradar shared his perspective on education. He defined education as the control of one's own mind and its ability to focus. This insight prompted the students to reconsider their understanding of education and its broader implications.

The session left the students in deep contemplation, offering renewed clarity regarding the purpose of the NSS Camp. It sparked thoughts on social responsibility, the need for balanced technology integration, the significance of fair trade practices, and the importance of emotional intelligence and self-development. The students gained a deeper understanding of their role in society and their potential to make a positive impact.

After the insightful session, the students engaged in cultural activities that added a touch of joy and entertainment to the camp. They participated in a lively game of Musical Chairs, filled with laughter and friendly competition. The game brought out the spirit of camaraderie among the students as they danced around the chairs, vying for a seat when the music stopped. Following the game, the students showcased their talent and enthusiasm in a group dance performance. With coordinated moves and infectious energy, they mesmerized everyone with their synchronized steps and vibrant expressions. The dance filled the campsite with infectious joy and created a lively atmosphere.

As the evening progressed, the students were treated to a delicious dinner at 9:00 pm. The dinner provided a moment of relaxation and nourishment after an eventful day, allowing the students to recharge and bond over a shared meal. As the night settled in, the students retired to their sleeping arrangements on the beachside campsite, eagerly anticipating the adventures that awaited them on the third day of the camp. The beachside campsite remained peaceful throughout the night, preparing to welcome a fresh day filled with new adventures, discoveries, and memorable moments.

NSS CAMP DAY-3 NSS CAMP DAY-1 29/05/2023

On the third day of the NSS Camp, the students woke up at 6:00 am. Despite the early hour, a sense of anticipation and energy filled the air as they eagerly prepared for the day ahead. As the sun began to peek over the horizon, casting a warm golden glow across the landscape, the students made their way to the beach for their morning jog at 6:30 am. This was followed by a yoga (Exercise) session on the beach led by Prof. Biradar. The combination of jogging on the beach and the playful yoga session had invigorated both their bodies and spirits. The students felt a renewed sense of vitality and connection with themselves and each other. They knew that this day at the NSS Camp had brought them closer together, creating memories that would last a lifetime.

After the invigorating jogging and playful yoga session, the students returned to their accommodations to freshen up and get ready for the day ahead. The shared excitement and newfound energy lingered in the air as they prepared themselves for the next part of their NSS Camp experience. By 8:30 am, the students had gathered in the dining area, ready to fuel their bodies with a delicious and nourishing breakfast. Amidst the conversations, the students also discussed their plans for the day. They eagerly anticipated the activities and projects lined up for them, each looking forward to making a positive impact through their service and engagement.

After a hearty breakfast, the students embarked on their next mission for the day - visiting Jambugao village in Dahanu to continue their survey on electricity needs and consumption. Equipped with notepads, pens, and a genuine curiosity to understand the villagers' perspectives, they set off with a sense of purpose and determination. As they arrived at the village, they were greeted by Mr. Mahesh Kotari, a dedicated gram panchayat sevak of Jambugao. With his deep knowledge of the village and its residents, he would serve as their guide throughout the survey. Together, they embarked on their journey through the village, visiting each household and engaging in meaningful conversations with the villagers. The

students approached each encounter with respect, humility, and a genuine desire to learn from the community members. They asked questions about the electricity needs and consumption patterns of the villagers, taking notes and capturing valuable data. The villagers warmly welcomed them into their homes, sharing their personal stories and experiences. The students listened attentively, gaining insights into the challenges faced by the community and the impact of electricity availability on their daily lives. As the survey progressed, the students became more than just data collectors. They formed connections with the villagers, fostering a sense of empathy and understanding. The conversations transcended mere statistics and turned into shared experiences, bridging the gap between the students and the villagers, creating a bond of mutual respect and appreciation. As the students bid farewell to the villagers of Jambugao, they left with a deeper understanding of the realities faced by rural communities. They felt a renewed sense of responsibility to advocate for equitable access to electricity and to work towards sustainable solutions. The conversations and connections made in Jambugao would remain etched in their memories, fueling their commitment to making a positive impact in the lives of those they encountered.

After an eventful and enlightening visit to Jambugao village, the students of the NSS Camp returned to their campsite, feeling a mix of excitement and anticipation. Hunger gnawed at their stomachs as they made their way back, eagerly looking forward to a satisfying lunch. Amidst the enjoyment of the meal, the students also took the time to appreciate the efforts of the campsite staff. They recognized the dedication and hard work put into preparing and serving such a delicious spread, ensuring that everyone's hunger was satisfied.

Excitement filled the air as the students of the NSS Camp arrived at the Krishi Vigyaan Kendra (KVK) near Bordi. They were greeted by Mrs. Anjali Dwite, their knowledgeable guide, who would enlighten them about the research process involved in selecting the best crop and cultivation methods. The students eagerly listened as she began explaining the steps of this crucial agricultural process. With Mrs. Dwite's guidance, the students delved into the world of agricultural research. They learned about the significance of considering factors such as climate, soil conditions, and market demand when choosing a crop to cultivate. Mrs. Dwite stressed the importance of conducting thorough research to make informed decisions and maximize agricultural productivity. To illustrate the application of research in farming practices, Mrs. Dwite then demonstrated a rice planting machine. The students gathered around, their eyes widening with amazement as they witnessed the efficiency of this technology. The machine swiftly and accurately planted rows of rice seedlings, showcasing how innovation can revolutionize traditional farming methods. Eager to expand their knowledge further, Mrs. Dwite proceeded to introduce the students to the concept of grafting. Through a live demonstration, she showcased how this technique could combine desirable traits from different plant varieties, creating new and improved crops. The students watched attentively, captivated by the potential for enhancing agricultural productivity through such methods. Amidst the students' engrossment in the KVK activities, their excitement reached new heights as their Principal, Dr. B.N. Chaudhary, arrived at the KVK, he was accompanied by Prof. Rupali. Warm smiles and greetings were exchanged as the students welcomed him to the camp. Dr. Chaudhary's presence added an extra layer of enthusiasm and inspiration to the day's activities. Together, Mrs. Dwite, Dr. B.N Chaudhary, and the students explored the various sections of the KVK. They visited the beehive nursery, marveling at the intricate relationship between bees and plants. Dr. B. N Chaudhary shared anecdotes and insights from his own experiences in agriculture, further inspiring the students' passion for sustainable farming practices.

As the students bid farewell to the Krishi Vigyaan Kendra (KVK), their minds brimming with newfound knowledge and inspiration, they made their way back to the campsite. The journey was filled with animated conversations and laughter, as they excitedly shared their experiences and discussed the highlights of their visit. Sipping on their tea, the students reveled in the warmth and comfort it provided, grateful for this moment of respite amidst their busy day. They chatted and laughed, recounting the memorable moments from the visit to the KVK and reflecting on the valuable lessons they had learned.

As the tea break came to a close, the students found themselves rejuvenated and ready for more adventure. The campsite's location, nestled near the beach, presented the perfect

opportunity for them to unwind and have some fun.

The event in the quadrangle of the campsite continued to unfold, leaving the students inspired and eager to embrace the next phase of their NSS Camp journey. As the speeches by Police Inspector Mr. X on cybercrime and DIG Mr. Y on UPSC came to a close, the students eagerly awaited the final address of the evening.

Their beloved Principal, Dr. B.N. Chaudhary, took the stage with an air of wisdom and compassion. He acknowledged the valuable insights shared by the previous speakers and commended the students for their active participation and enthusiasm throughout the camp. Principal Sir emphasized the importance of the knowledge gained and encouraged the students to apply it not only in their academic pursuits but also in their personal lives. He spoke about the power of education to bring about positive change and the responsibility they held as future leaders of society. His words resonated deeply with the students, reaffirming their commitment to making a difference. As the event concluded, the students made their way to the dining area, their appetites piqued after an evening of engaging talks. They were welcomed with a delicious spread, with the highlight being bowls of luscious aamras, a sweet mango puree that is synonymous with the joy of summer. The students eagerly savoured this seasonal delight, indulging in its rich and refreshing flavors. Laughter and conversations filled the air as they bonded over the shared experience of a delicious meal. With satisfied appetites and a sense of contentment, the students gradually made their way to their respective rooms. Aware of the busy day that awaited them, they understood the importance of a good night's sleep and the need to recharge for the adventures that lay ahead. By 10:30 PM, the campsite was enveloped in a peaceful silence as the students settled into their sleeping bags, their minds filled with anticipation for the next day's activities.

With the night sky as their canopy and dreams of possibilities in their hearts, the students rested, ready to rise with the sun and embark on another day of learning, service, and personal growth. They knew that the experiences and knowledge gained during their NSS

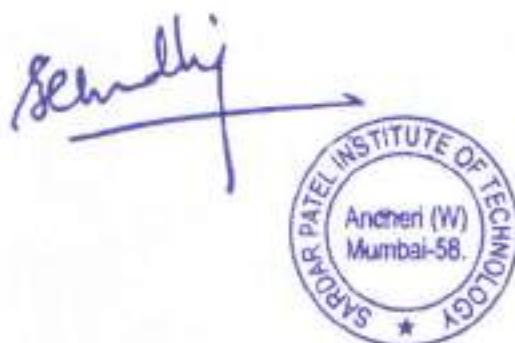

Camp would stay with them long after the camp concluded, shaping their outlook on life, and fuelling their passion for making a difference.

NSS CAMP DAY-4

As the sun began to rise, casting its gentle golden rays over the campsite, the students stirred from their slumber, their bodies rejuvenated and minds refreshed. It was the fourth and final day of the NSS Camp, a bittersweet realization that hung in the air. At 6:00 am, the students rose from their beds, embracing the promise of a new day. With a renewed sense of purpose, they made their way to the quadrangle, where Prof. Biradar, their dedicated yoga instructor, awaited them. The open space was filled with a sense of calm and tranquillity, providing the perfect environment for the students to connect with their bodies and minds.

With Prof. Biradar's gentle guidance, the students embarked on a yoga session that rejuvenated their spirits and invigorated their bodies. They flowed through various asanas, focusing on their breath and finding balance within themselves. The rhythmic movements and peaceful atmosphere set the tone for a harmonious start to the day. After the yoga session, the students returned to their tents to freshen up and prepare for the day ahead. With renewed energy coursing through their veins, they eagerly gathered at the dining area for a hearty breakfast. The aroma of freshly prepared food greeted them, filling the air with an appetizing allure. The students indulged in a nourishing meal, fueling their bodies for the activities that awaited them.

The students embarked on a visit to Bordi village to conduct a survey on electrical appliances and consumption. With their survey tools in hand, they engaged in fruitful interactions with the villagers, aiming to gain insights and knowledge on their electrical practices. The villagers graciously shared their experiences and perspectives, enriching the students' understanding of the subject matter.

Upon concluding the survey, the students returned to the campsite, where an interactive session in the quadrangle with Principal Sir awaited them. This session provided an invaluable opportunity for the students to articulate their experiences, realizations, and feedback, fostering a sense of unity and introspection among them.

Eager to contribute to the dialogue, each student eloquently recounted their encounters with the villagers, sharing engaging anecdotes that underscored the diverse range of perspectives they had encountered. Their appreciation for the opportunity to engage directly with the community was palpable, as they acknowledged the significance of grassroots interactions in comprehending societal needs. The interactive session functioned as a platform for collective learning, enabling the students to absorb the varied insights shared by their peers.

Principal Sir attentively listened to their narratives, his countenance reflecting pride in his students' unwavering dedication and enthusiasm. In his address, he emphasized the profound impact of their efforts and their potential to drive social reform through the prudent use of technology. By recognizing the significance of understanding a community's needs, Principal Sir underscored the pivotal role technology plays in fostering sustainable development.

Principal Sir's remarks resonated deeply with the students, who were inspired by the potential of technology as a catalyst for positive change. They understood that their responsibilities extended beyond mere survey conduct; they possessed the power to harness technology to effect meaningful transformations in the lives of others. Reinvigorated and invigorated by Principal Sir's words, the students embraced a renewed sense of purpose as they contemplated the impact they could make through their future endeavours.

Following the interactive session, the students congregated once more for a wholesome lunch at 2:30 pm. They relished the flavoursome meal, savouring each bite while treasuring the final moments spent together in the campsite, which had become a temporary home for them.

After the meal, the students meticulously packed their belongings, their possessions imbued with cherished memories and the spirit of service. With gratitude in their hearts for the experiences, friendships, and insights gained during the NSS Camp, they bid farewell to the campsite. Emotions ran high as they proceeded to Gholvad station, embarking on their journey back to Mumbai.

As they boarded the train, a profound sense of fulfilment enveloped the students, aware that their interactions had positively impacted the lives of the villagers. They also carried with them invaluable lessons learned, connections forged, and memories indelibly etched in their hearts. The return journey was marked by reflection and anticipation for the future. The students harboured immense gratitude towards the NSS Camp and the myriad opportunities it had presented. They recognized that the lessons learned and experiences gained would continue to shape their individual paths, as they committed themselves to effecting positive change in their respective communities and beyond.

With hearts brimming with gratitude and minds abuzz with the possibilities that lay ahead, the students bid farewell to the picturesque countryside, setting their sights on the bustling city of Mumbai. While the NSS Camp had drawn to a close, its impact would endure, guiding the students as they charted their courses, armed with renewed purpose and an unwavering dedication to service.

Date: 31st May 2023 to 2nd June 2023

Location: Prabalgad and Rajmachi, Maharashtra

Introduction:

Embarking on a trek to Prabalgad in Thakurwadi (Panvel) and Rajmachi in Udhewadi (Lonavala) presents an extraordinary journey through the natural wonders and historical marvels of Maharashtra. Thakurwadi, located in Panvel, serves as the starting point for the Prabalgad trek. Standing tall at approximately 2,300 feet above sea level, Prabalgad is a historically significant hill fort. Its strategic positioning provides sweeping vistas of the Sahyadri mountain range. Prabalgad's rugged terrain, dense forests, and remarkable architecture exemplify the engineering prowess of ancient times. Trekkers and adventure enthusiasts are drawn to its distinct geographical features, including precipitous cliffs and rocky formations.

Rajmachi, situated in Udhewadi near Lonavala, is another captivating destination for trekkers. It encompasses two forts, Shrivardhan and Manaranjan, nestled amidst the enchanting beauty of the Western Ghats. These forts hold cultural and historical significance dating back to the era of the Maratha Empire. Rajmachi treats visitors to awe-inspiring views of verdant valleys, cascading waterfalls, and picturesque landscapes. The trek to Rajmachi allows trekkers to explore the region's rich biodiversity, featuring diverse flora and fauna species.

Both treks offer a gateway to delve into Maharashtra's history, discover ancient architectural wonders, and immerse oneself in the natural splendor of the Western Ghats. The blend of historical importance, cultural heritage, and breathtaking landscapes make these treks extraordinary and unforgettable experiences for adventurers and nature enthusiasts alike.

We conducted both the treks under the expert leadership of 'Gadvede trekkers'.

Gadvede

Trekking Details:

The Rajmachi and Prabalgad trek is of moderate difficulty, making it accessible to both beginners and experienced trekkers. The trek can be completed in a span of two days, allowing ample time to explore both Rajmachi and Prabalgad. The best time to visit is during the winter months from November to February when the weather is pleasant.

1. Prabalgad:

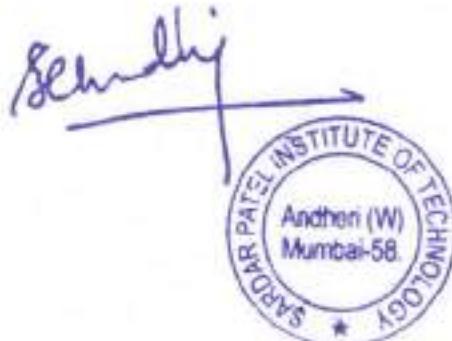

Difficulty: The Prabalgad trek is considered to be of moderate difficulty. It involves a steep ascent to reach the fort, which can be physically demanding for some trekkers. The trail consists of rocky terrain, uneven steps, and narrow paths, requiring a certain level of fitness and stamina.

Duration: The trek starts from the base village of Thakurwadi, located near Panvel in Maharashtra, India. From there, trekkers have to climb uphill for approximately 2-3 hours to reach the top of Prabalgad. The ascent involves negotiating steep slopes and traversing through dense forests.

Day 1 - Prabalgad Trek

Moving Time	Avg Speed	
3:17:40	3.3 km/h	
Max Speed		
10.5 km/h		

2. Rajmachi

Difficulty: The Rajmachi trek is generally considered to be of moderate difficulty, making it suitable for both beginners and experienced trekkers. The trail offers a balanced mix of uphill and downhill sections, along with a few flat stretches, allowing trekkers to adjust their pace accordingly.

Best Time to Visit: The best time to undertake these treks is during the cooler months, from October to February. During this period, the weather is pleasant, and the surrounding landscapes are lush and green. It is advisable to avoid the monsoon season (June to September) due to heavy rainfall and slippery trails.

Route and Challenges Faced:

1. Prabalgad:

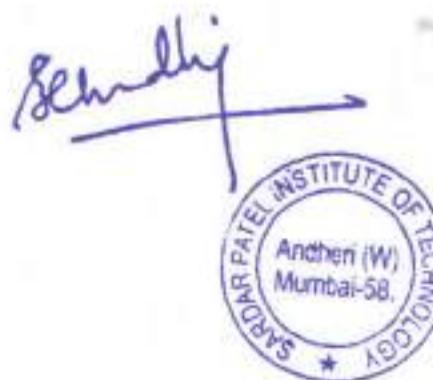

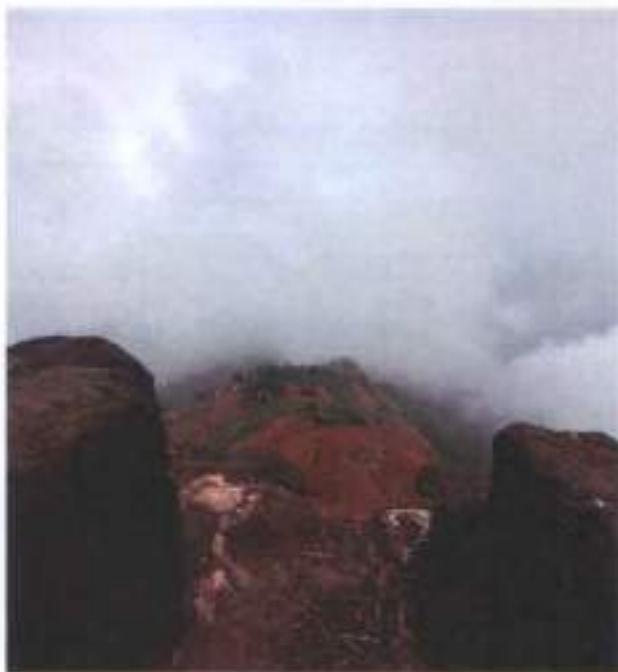

Route: The predominant path to Prabalgad commences from Thakurwadi village. Trekkers begin their ascent from there, traversing forests and rugged landscapes until they arrive at the entrance of the fort.

Challenges: The steep inclines, particularly in the latter part of the trek, can be physically demanding. The rocky patches and uneven terrain may pose challenges, especially for those with no prior trekking experience. At places, the rocks have lost the soil beneath them. Hence, they move as someone steps on them. The falling rocks may hit the person below causing fatal injuries. It becomes even more difficult while descending, demanding extreme coordination, agility and care.

2. Raimachi:

Route: We started to ascend the Rajmachi from the base village of Udhewadi where we had our base camp.

Challenges: Although the Rajmachi trek is generally considered easier, it does include certain uphill sections that demand stamina and endurance. In some areas, the path narrows with substantial rocks on one side and a deep valley on the other. It's worth noting that during the monsoon season, the trails can become slippery.

Overcoming Challenges:

To overcome the obstacles encountered during these treks, it is crucial to adhere to the following measures:

- Ensure you are equipped with appropriate trekking shoes and attire to ensure comfort and safety.
- Carry an ample supply of water to stay hydrated throughout the trek and necessary first aid kit which proves to be very helpful.
- Take regular breaks and pace yourself adequately to prevent exhaustion.
- Observe and follow the instructions provided by trek leaders or guides for guidance and safety.
- Maintain a consistent pace and employ proper trekking techniques when navigating steep or rocky terrains.

By being well-prepared, physically fit, and mentally determined, you can effectively overcome these challenges and fully relish the trekking experience to Prabalgad and Rajmachi.

Flora and Fauna:

Plant Life: During the treks to Prabalgad and Rajmachi, you will encounter a diverse range of plant species, enhancing the natural splendor of the surroundings. Some notable plants and trees you might come across include:

1. Karvy (*Strobilanthes callosa*): Known for its vibrant purple flowers, the Karvy plant blooms in abundance during the monsoon season, adorning the trail with its colorful display.
2. Orchids: The Western Ghats region is home to numerous orchid species. These delicate and exquisite flowers can be found clinging to tree branches or nestled in the forest undergrowth, adding an enchanting touch to the trek.
3. Bamboo: Thick bamboo groves can be found along the trekking trails, creating a unique atmosphere. The swaying bamboo shoots provide shade and lend a sense of tranquility to the surroundings.
4. Medicinal Herbs: The Western Ghats are rich in medicinal plants and herbs. You might encounter species like *Adhatoa vasica* (Vasaka), *Ocimum tenuiflorum* (Tulsi), and *Aloe vera*, which have traditional medicinal uses.
5. Teak Trees: Prabalgad and Rajmachi region have patches of dense forests consisting of teak trees (*Tectona grandis*). These majestic trees with their sturdy trunks and sprawling branches add to the scenic beauty of the trek.

Sekhdev

6. Mahua Trees: Mahua (*Madhuca longifolia*) trees are another common sight during the trek. Known for their fragrant flowers and edible fruits, these trees provide a source of nourishment for local wildlife.

7. Moist Deciduous Forests: As you trek through the region, you'll witness moist deciduous forests characterized by trees like Terminalia, Lagerstroemia, and Syzygium. These forests create a lush green canopy, providing shade and shelter for various flora and fauna.

The Western Ghats region boasts a rich biodiversity, and there are many more species to explore and appreciate along the way.

Animal and Bird Life: The treks to Prabalgad and Rajmachi present wonderful opportunities to observe diverse wildlife. Here are some notable animals and birds you may encounter:

1. Malabar Giant Squirrel: This large, colorful squirrel with its distinctive long bushy tail can often be spotted leaping between trees. Keep an eye out for their vibrant hues amidst the foliage.

2. Langur: The Hanuman Langur, a species of monkey, is commonly found in the Western Ghats. These agile creatures are known for their gray fur and long tails and can be seen swinging through the trees.

3. Indian Giant Flying Squirrel: With their ability to glide effortlessly between trees, these nocturnal creatures are a delight to spot. Their large, outstretched membranes enable them to soar through the air.

5. Malabar Whistling Thrush: This striking bird, also known as the Whistling Schoolboy, is recognized by its deep blue-black plumage. It has a melodious song and can often be found near streams or water bodies.

6. Indian Pitta: Renowned for its vibrant plumage, the Indian Pitta is a small, brightly colored bird with a distinctive pattern of green, blue, and red feathers. Keep an ear out for its melodious calls.

7. Malabar Grey Hornbill: These impressive birds feature a large, curved beak and a unique call. Look for their black-and-gray plumage with a pale yellow bill.

8. Crested Serpent Eagle: As you gaze into the sky, you might spot this majestic raptor soaring overhead. Its distinctive crest and piercing eyes make it a remarkable sight.

Wildlife sightings are dependent on various factors, including season, time of day, and luck.

Historical Significance:

The treks to Prabalgad and Rajmachi are steeped in historical significance and boast several notable landmarks. Let's explore the historical background and intriguing stories associated with these places:

1. Prabalgad

Historical Background:

Prabalgad, also known as the Prabal Fort, has a rich history. It was built during the Bahmani Sultanate era and later came under the control of the Marathas. The fort's strategic location atop a steep hill made it a formidable stronghold. The remnants of old structures, including gateways, water cisterns, and bastions, stand as a testament to its historical significance.

Notable Landmarks:

- Kalavantin Durg:

Kalavantin Durg, situated adjacent to Prabalgad Fort, is a towering pinnacle that commands breathtaking views of the surrounding landscape. It is renowned for its arduous ascent and distinctive architectural features.

The climb to Kalavantin Durg is considered challenging and requires a good level of physical fitness and trekking experience. The route involves navigating steep rock-cut steps and traversing narrow passages. The trek to the pinnacle offers an adrenaline-pumping adventure, attracting thrill-seeking trekkers and climbers.

The unique architecture of Kalavantin Durg is characterized by its rock-cut steps that wind their way up the pinnacle. These steps were meticulously carved into the rock face, showcasing the engineering skills of the past. The precision and craftsmanship involved in creating such a structure without modern tools and technology are truly awe-inspiring.

- Ganesh Temple:

At the summit of Prabalgad, trekkers will find a small Ganesh temple that holds great religious significance for both the local community and those who undertake the trek.

The temple serves as a spiritual oasis amidst the rugged surroundings, offering a serene and peaceful atmosphere for contemplation and reflection. It is not only a religious site but also a place that fosters a sense of unity and shared reverence among trekkers from different backgrounds and beliefs.

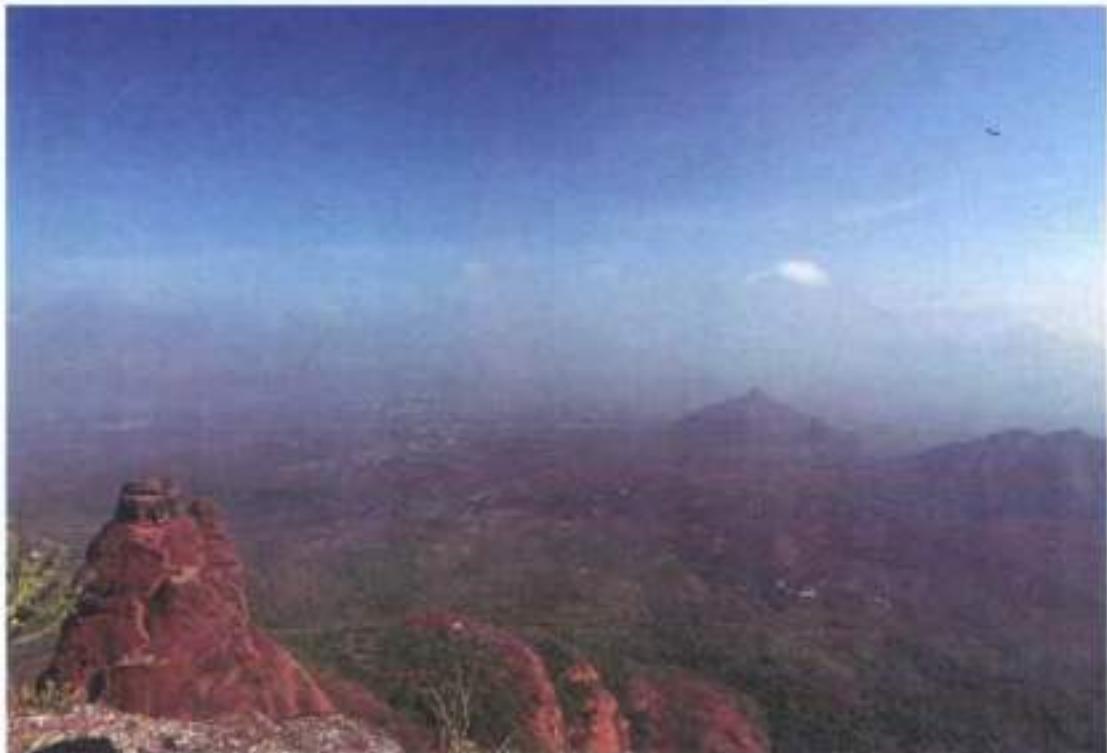

Legends and Stories:

Prabalgad Fort is shrouded in a popular legend that adds an air of mystique and intrigue to its historical significance. According to the legend, it is believed that the fort was constructed overnight by the Pandavas, the central characters from the ancient Indian epic Mahabharata.

The presence of this legend adds another layer to the rich tapestry of stories associated with Prabalgad, blending history, mythology, and folklore. It invites visitors to contemplate the deep-rooted traditions and beliefs that have shaped the collective consciousness of the local community and invites them to immerse themselves in the mystical aura surrounding the fort.

2. Rajmachi

- Historical Background:

Rajmachi holds historical importance as a strategic fortification, having been under the control of various ruling dynasties throughout history, including the Marathas and the British. It played a significant role in defending the trade routes between Mumbai and Pune. The fort complex consists of two forts, Shrivardhan and Manaranjan, each offering breathtaking views and architectural ruin.

Rajmachi, consisting of Shrivardhan Fort and Manaranjan Fort, has a history that traces back to the 17th century. It played a crucial role in guarding the trade routes between Konkan and the Deccan regions.

The region surrounding Rajmachi is known for its historical trade routes, which connected the coastal areas of Konkan with the hinterland of Maharashtra. These routes facilitated trade and cultural exchange between different regions.

- Notable Landmarks:

- Shrivardhan Fort:

The fort's architecture showcases its historical significance, with well-preserved ramparts, bastions, and watchtowers that once served as defensive structures. These features provide insights into the fort's strategic importance, allowing its occupants to monitor and safeguard the surrounding areas.

Within the fort complex, you can also find water reservoirs or tanks that were crucial for meeting the water needs of the fort's inhabitants during ancient times. These reservoirs are a testament to the engineering skills of the past and highlight the fort's ability to sustain itself even in challenging circumstances.

- Manaranjan Fort:

Manaranjan Fort, situated in close proximity to Shrivardhan Fort within the Rajmachi complex, may be smaller in size but offers an equally captivating experience. This fort provides a picturesque view of the enchanting landscapes that surround it.

While exploring Manaranjan Fort, you will come across remnants of ancient structures that offer glimpses into its past. The fort's architectural ruins stand as a testament to the historical events and the people who once inhabited it. These remnants serve as a reminder of the fort's role as a strategic outpost and its contribution to the region's history.

- Legends and Stories:

One of the notable legends associated with Rajmachi is the story of Shivaji Maharaj, the great Maratha warrior king, who stayed at Rajmachi during his expeditions. It is believed that he sought blessings from the local deity before embarking on his campaigns.

These historical backgrounds, landmarks, and intriguing legends add a sense of awe and fascination to the treks, allowing trekkers to connect with the rich history and cultural heritage of the region. Exploring these places not only offers breathtaking views but also provides a glimpse into the past and the stories that have shaped these historical landmarks.

Conclusion:

To summarize, the trek to Thakurwadi, Prabalgad, Rajmachi, and Udhewadi offers a captivating and fulfilling adventure. It combines the beauty of nature, historical landmarks, and challenging terrains, providing a unique opportunity for exploration, personal growth, and connection with Maharashtra's cultural heritage.

During the trek, we were mesmerized by the stunning landscapes, lush forests, and panoramic views of the Sahyadri mountain range. The presence of historical forts like Prabalgad, Shrivardhan, and Manaranjan evoked a sense of wonder and deepened our appreciation for the region's rich cultural legacy.

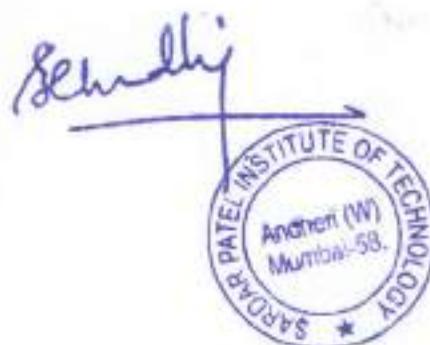

The trek also imparted valuable lessons and facilitated personal growth. We discovered the significance of physical fitness, perseverance, and teamwork. Overcoming the obstacles posed

by the challenging terrains tested our endurance and determination, leaving us with a profound sense of achievement. We recognized the importance of proper preparation, carrying essential supplies, and adhering to safety guidelines to ensure a successful and enjoyable trekking experience.

Moreover, the trek instilled in us a deeper appreciation for the beauty of nature and inspired a commitment to environmental conservation. Learning about the historical background and captivating stories associated with these places further fueled our fascination and allowed us to develop a greater understanding of the region's rich history and cultural heritage.

In conclusion, the trek to Thakurwadi, Prabalgad, Rajmachi, and Udhewadi left an indelible mark on us, offering a memorable and enriching experience. It provided adventure, a sense of accomplishment, and a profound connection with the natural and historical wonders of Maharashtra. The lessons we learned during the trek will continue to guide us, emphasizing the importance of preparation, perseverance, teamwork, and environmental preservation in all our future endeavors.

Trek to Andharban: A Journey into Nature's Serenity

• Introduction:

The trek to Andharban is a captivating experience that takes adventurers through a dense forest located in the Sahyadri range of the Western Ghats in Maharashtra, India. Andharban, which means "Dark Forest" in Marathi, is known for its mesmerizing beauty, historical significance, and diverse flora and fauna. This trekking trail offers a unique blend of natural wonders, cultural heritage, and thrilling challenges.

• Trekking Details:

Our trek to Andharban began with an exciting bus journey from SPIT College. On Wednesday, 12th July, we embarked on this adventure, departing at 11:00 PM. The late-night departure added an element of anticipation to the experience, as we eagerly awaited the exploration of this enchanting forest.

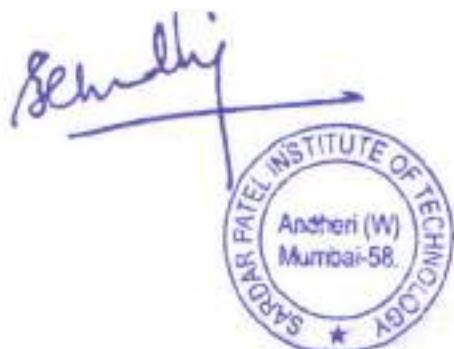

After a comfortable bus ride, we arrived at the outskirts of Andharban at approximately 6:30 AM. As the first rays of sunlight pierced through the mist-covered landscape, we were greeted by the stunning beauty of the surroundings. The cool morning air and the promise of an adventure-filled day filled us with excitement.

Once we reached Andharban, we gathered at a nearby eatery for a hearty breakfast at 7:30 AM. Energized and ready to embark on the trek, we took a moment to appreciate the tranquility and natural splendor that awaited us.

At 9:00 AM, we set foot on the trail, beginning our journey into the heart of Andharban. The trail covered a distance of approximately 15 kilometers and showcased the breathtaking beauty of the region. As we ventured deeper into the forest, we were captivated by the vibrant hues of green, which enveloped us in a sense of serenity.

The trek presented a moderate level of difficulty, with a variety of terrains to navigate. Steep descents, slippery pathways, and rocky patches tested our physical endurance and agility. However, the awe-inspiring landscapes and the thrill of exploration motivated us to overcome these challenges.

There was continuous rainfall during the trek which increased the difficulty level of the trek. We had to navigate through dense forests and marshes which were quite slippery. It was quite a new experience and navigating through the trek along with our friends and teachers made it memorable.

Me and my friends during the trek

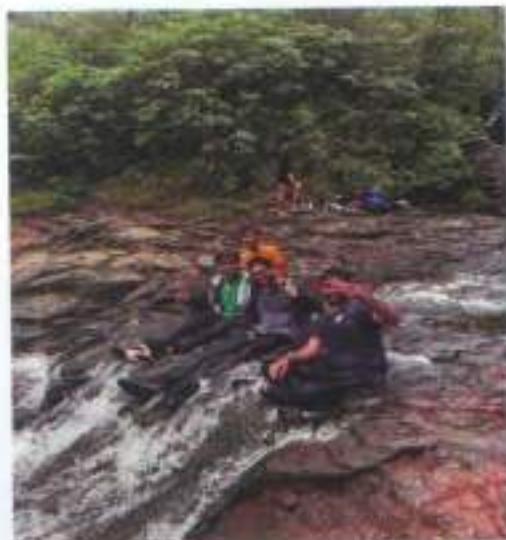

One of the main highlights of our trek to Andharban was the enchanting waterfall that we encountered along the trail. As we made our way through the dense forest, the distant sound of rushing water grew louder, creating a sense of anticipation among the group. Finally, we reached a clearing where the waterfall revealed itself in all its glory.

The cascading waters formed a beautiful curtain, sparkling in the sunlight and inviting us to immerse ourselves in its refreshing embrace. Excitement filled the air as we eagerly ventured closer, feeling the cool mist on our faces. The sheer power and beauty of the waterfall left us in awe, reminding us of the raw force of nature.

Without hesitation, we embraced the opportunity to play and revel in this natural wonder. The invigorating rush of the waterfall's embrace washed away any fatigue or weariness from the trek. Laughter filled the air as we frolicked in the crystal-clear pool below, letting the water rejuvenate our spirits.

This magical experience at the waterfall became a cherished memory for each one of us. It was a moment of pure joy and connection with nature, a reminder of the simple pleasures that can be found in the great outdoors. As we continued our journey, the memory of the waterfall stayed with us, serving as a symbol of the unforgettable moments and the unbounded beauty that Andharban had to offer.

A picture showcasing the beautiful waterfall

- **Flora and Fauna:**

Andharban is a treasure trove of biodiversity, housing a rich variety of plant and animal life. The forest is predominantly composed of deciduous trees, including species such as teak, bamboo, ferns, and moss. The dense canopy created by these trees provided a cool respite from the sunlight, allowing us to immerse ourselves in the natural ambience. As we trekked through Andharban, we were greeted by a symphony of bird songs. Various avian species call this forest home, including the melodious Malabar whistling thrush, the majestic Malabar grey hornbill, and the captivating Asian paradise flycatcher. Their vibrant plumage and melodic calls added a touch of magic to the journey.

Schmidig
X

An illustrative image featuring the diverse plants encountered during the trek

While exploring the forest, we had the opportunity to encounter fascinating reptiles and insects. There were a lot of crabs and centipedes along the trek. Additionally, the forest floor was teeming with insect life, showcasing the intricate webs spun by spiders and the vibrant colors of butterflies.

- **Historical Significance:**

Andharban holds significant historical importance, adding depth to the trekking experience. According to local folklore, the forest served as a hiding place for the Pandavas during their exile in the epic Mahabharata. This association with the mythological tale gives rise to the name "Andharban" or "Dark Forest," infusing the trek with a sense of intrigue and wonder.

Along the trail, remnants of ancient trade routes and old temples acted as silent witnesses to the historical significance of the region. These landmarks added a touch of mystique to our journey, allowing us to connect with the rich heritage of Andharban.

- **Conclusion:**

The trek to Andharban was an exhilarating adventure that immersed us in the serenity of nature. The bus journey from SPIT College added an element of camaraderie and anticipation to the experience. Arriving at Andharban in the early morning, we embarked on a trek that showcased the breathtaking beauty of the forest.

The diverse flora and fauna we encountered along the way added depth and fascination to the journey. From the towering trees and vibrant foliage to the melodious birds and captivating reptiles, Andharban truly showcased the wonders of the natural world.

The historical significance of Andharban, intertwined with myth and legend, added an extra layer of intrigue to the trek. The remnants of ancient trade routes and old temples reminded us of the rich heritage of this forest.

Overall, the trek to Andharban provided us with an opportunity to connect with nature, appreciate its beauty, and delve into the historical and cultural tapestry of the region. This journey taught us valuable lessons about resilience, patience, and the importance of preserving our natural heritage. Andharban stands as a testament to the wonders that await those who dare to venture off the beaten path and immerse themselves in the beauty of nature.

Number of sessions conducted: 36 Hrs.

Duration of the session: 3 Hrs.

Brief contents taught: About "Abhyudaya": Abhyudaya is an NGO associated with SP Jain Institute of Management and research and the institute is in the same campus of Sardar Patel Institute of Technology. SP Jain Institute of Management and Research has designed a transformative experiential learning course for the children from underprivileged backgrounds. These bright school children are called Sitara, which means a star. For the past 15 years, the non-profit arm of Abhyudaya has been addressing UN SDG 4 of Quality Education by engaging actively with the Sitara community. It educates 550+ Sitaras and offers financial assistance, health and safety programmes, digital literacy programmes, and several holistic development activities. More than 50% of Sitaras are girls.

Program Outcomes-

- PO8 Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
- PO9 Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- PO10 Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- PO12: Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PO number	Graduates Attributes	PO mapping level
PO8	Ethics	3
PO9	Individual and team work	3
PO10	Communication	2
PO12	Life-long learning	2

No of students participated: 42

No of students received more than or equal to average grades: 37

No of students received less than average grades: 5

PO Attainment

Graduate Attributes	PO Mapping Level	Avg Level	Weight = Level / 3	Avg * weight
PO8 Ethics	3	3	1	3
PO9 Individual and team work	3	3	1	3
PO10 Communication	2	2	0.67	1.33
PO12 Life-long learning	2	2	0.67	1.33
Total PO attainment				2.17

Course: SEVA/SATVA : STI4: Study of any GREAT Sons of India

Sem.: EVEN

Academic Year: 2020-2021

Mentor: Prof. Prashant Kasambe

Students who enrolled for this course were asked to fill the google form for details of any of the personalities whom they think of as GREAT Sons of India. Later an online meet is arranged to brief them the contents and format of the report to be submitted. In the same meeting their progress in the course was monitored. Evaluation criteria was also decided during the meeting. Submission of the reports and presentation was taken on google drive.

The contents of the report was as follows:

1. INTRODUCTION: THE PERSON THAT YOU HAVE SELECTED, THEIR BIOGRAPHY AND QUALITIES,
2. CONTENT: GIVE THEIR REAL-LIFE EXAMPLES WHICH WILL SHOW THAT THEY ACTUALLY IMPLEMENTED THOSE QUALITIES AND PRINCIPLES.
3. CONCLUSION: HOW THAT PERSON MADE AN IMPACT ON YOUR LIFE.

Name of the student	Name of the Personality selected for study	A few qualities which inspired the student
Sarvesha Shinde	Chatrapati Shivaji Maharaj	<ul style="list-style-type: none"> 1. Aim or determination 2. Proper planning and strategy 3. Choosing eligible, capable and right people for the task. 4. Exact execution of plan 5. Choosing proper personnel for different work 6. Bravery 7. Character 8. Positive thinking 9. Scientific view towards all things 10. Attachment with the people
Mahima Agrahari	Rani Lakshmibai	<ul style="list-style-type: none"> Deep Sense of Devotion and Piety Stubborn and Rebel Unflinching courage under adverse Circumstances Challenging Boldness Woman behind her Man Liberating Spirit Brave Mind Firm and Determination

Pankaj Ramu Bhoir	Chatrapati Shivaji Maharaj	<ol style="list-style-type: none"> 1. Character 2. Choosing proper personnel for different work 3. Aim or determination 4. Exact execution of plan 5. Attachment with the people 6. Bravery 7. Choosing eligible, capable and right people for the task. 8. Positive thinking 9. Scientific view towards all things 10. Proper planning and strategy
Tirsha Asim Das	DR. BABA SAHEB AMBEDKAR	<p>Ambedkar used his education to spearhead the cause of equality, fraternity and liberty.</p> <p>He believed that society will progress only when women are empowered and thus upheld women's right to higher education and employment.</p> <p>He wrote several books and columns highlighting the fundamental and human rights of all people.</p> <p>To close the gap of inequality inflicted on Dalits for centuries, he canvassed for reservation in education and employment for Dalits, and won.</p> <p>Human rights are more talked about than practiced in India. Dr Ambedkar, himself a victim of the denial of rights, made sure that fundamental rights were enshrined in our Constitution, benefiting generations to come.</p>
Prashant Pradeep Gowda	Mahatma Gandhi	<ol style="list-style-type: none"> a) Non-Violence b) Truth and Honesty c) Forgiveness d) Perseverance e) Mindfulness
Raashi Gupta	A.P.J. Abdul Kalam	<ol style="list-style-type: none"> 1) Be prepared 2) Taking failures in your stride 3) Think & act different 4) Have A Vision 5) Be humble, even if you are the head of the nation

SP Jain Institute of Management and Research has designed a transformative experiential learning course for the children from underprivileged backgrounds. These bright school children are called Sitara, which means a star. For the past 15 years, the non-profit arm of Abhyudaya has been addressing UN SDG 4 of Quality Education by engaging actively with the Sitara community. It educates 550+ Sitaras and offers financial assistance, health and safety programmes, digital literacy programmes, and several holistic development activities. More than 50% of Sitaras are girls.

Seunilij

Program Outcomes-

- 1) **PO8 Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
- 2) **PO9 Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- 3) **PO10 Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- 4) **PO12: Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

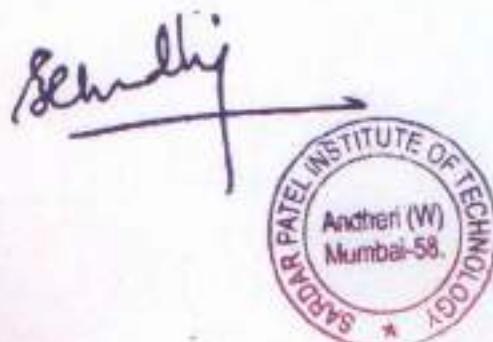

PO number	Graduates Attributes	PO mapping level
PO8	Ethics	3
PO9	Individual and team work	3
PO10	Communication	2
PO12	Life-long learning	2

No of students participated: 42

No of students received more than or equal to average grades: 37

No of students received less than average grades: 5

PO Attainment				
Graduate Attributes	PO Mapping Level	Avg Level	Weight = Level / 3	Avg * weight
PO8 Ethics	3	3	1	3
PO9 Individual and team work	3	3	1	3
PO10 Communication	2	2	0.67	1.33
PO12 Life-long learning	2	2	0.67	1.33
Total PO attainment				2.17

NOTES OF MUSIC

English alphabets A, B, C, D, E, F, G are
used to denote the notes and white keys.

Keyboard is divided into black and white keys.

White keys are divided in two groups

Note below first black key is group of two black
keys i.e. "middle C".

1st black key = middle C

Consider we say C, if it middle C.

a. Scale group of notes which work together.

Notes can be combined by sound.

b. C major scale : C D E F G A B C

1st note

c. C which comes to end of middle C is
called 12th step C, shown by dot on top "C"

d. Middle C finger no 1 in both hands.

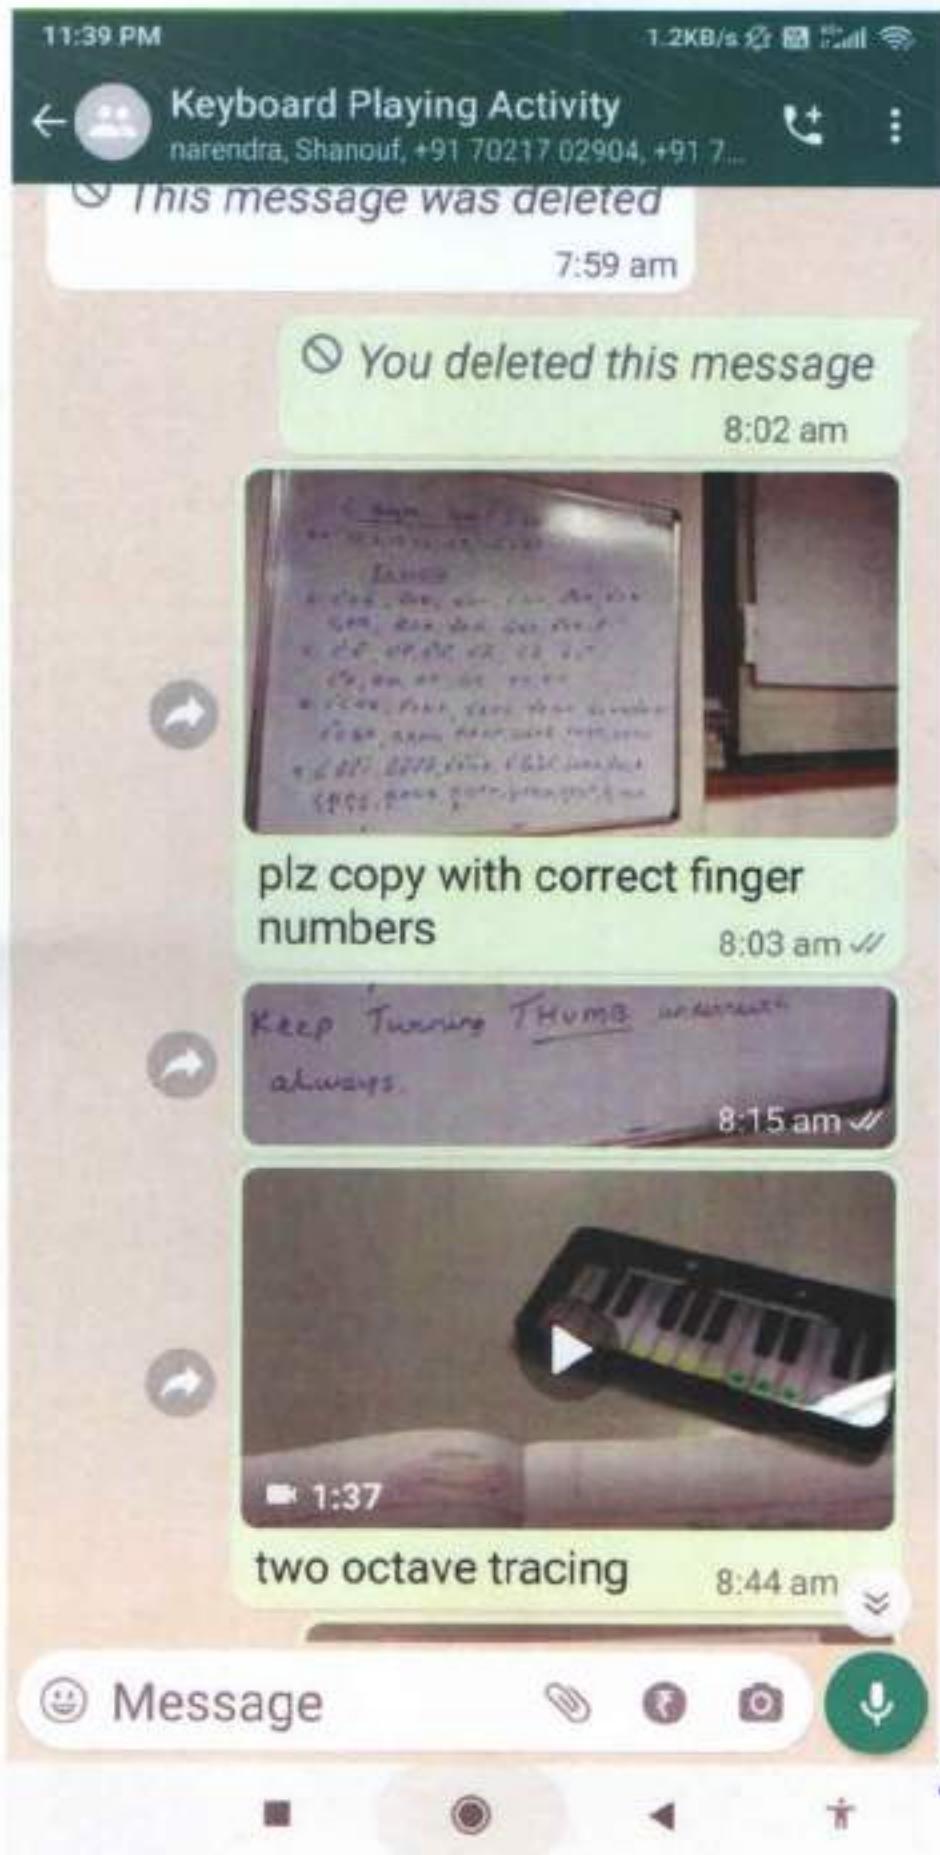

e. C major scale : C D E F G A B C

F# G# A# B# C#

finger 1 2 3 4 5 6 7

f. Notes - Group of 8 notes.

Course: SEVA/SATVA : SV11 Government Missions

Sem.: ODD

Academic Year: 2021-2022

Mentor: Prof. Sakina Salmani

Evaluation Pattern:

- 1) A meeting was arranged with students to inform about evaluation pattern.
- 2) Submission is taken in the form of timeline sheet, report and presentation
- 3) Evaluation is done based on presentation, timeline sheet, question answers during presentation and report submitted by the students

Following is the list of Allotted students:

Name of the student	UCID	Branch	Department
CHHEDA DHAVAL BIPIN	2020300004	SE	COMP
SEEMA MOHAN PADGHAN	2020300045	SE	COMP
Nancy Kamboj	2019450023	TE	MCA
Kuldeep Singh Harsh Sudhakar	2020200036	SE	EXTC
Aditya Charudatta Kulkarni	2020200037	SE	EXTC

Computer Engineering Department

Course File

2019-20

ABL1: Building Automation, Fire Safety and Electronic Security

Program outcomes (PO)

At the end of the programme, a student will be able to :

PO 1	Engineering Knowledge : apply knowledge of mathematics, science, and engineering to solve the real life problems in computer-based systems.
PO2	Problem Analysis: Identify, analyse and formulate computer engineering related problem and conduct new constraints
PO3	Design/Development of solutions: design computer-based systems to meet desired needs within realistic constraints
PO 4	Conduct Investigations of Complex Problems : Design and conduct experiments to interpret data and analyse the results
PO 5	Modern Tool Usage : Use Modern tool for Engineering Practise.
PO 6	The Engineering and Society : understand the impact of an engineer in general and Computer Engineer in particular on societal, safety, health, legal, and cultural issues
PO 7	Environment and Sustainability : understand the need and impact of computer engineering solutions on environment and its sustainability
PO 8	Ethics : take professional decision with a sense of ethical responsibility

SATVA-I	SANSKARI BHARAT	Values and Ethos of Bhavan Essence of Indian traditional knowledge	ST10	Report/ presentation
	Philosophy of religion (any)	ST11	Report/ Presentation	
	Study of Life Management / Kindle Life / Life Empowerment and Enriching Program or any other book cited.	ST12	Report/ Presentation	
	Study of any of GREAT sons of INDIA [Ex. Gandhi, Ambedkar, Phule, Savarkar, Sardar Patel, Nehru, Shivaji, JRD Tata etc]	ST13	Perceptions/ summary in own words (4000-5000 words).	
SATVA-II	SAKSHAM BHARAT	Participation in National Tech Fest, AICTE-Hackathon, Industry floored global and national competitions, Robocon, BAHAs etc	ST22	Report/ presentation
	Physical Fitness (Online)	ST23	Decided by Course Instructor	
	Yoga-Vidya—I (online)	ST24	Decided by Course Instructor	
SATVA-III	SUNDER BHARAT	Green Initiative (Contact: Dr. Pooja Raundale)	ST36	Online Demonstration

Guidelines for the Evaluation:

- Students are expected to invest a total of 30+ hours for a course.
- For SV 37, SY49, ST 23 and ST 24 evaluation to be the done by course instructor.
- Evaluation of student's performance for remaining courses to be done by the mentor
- Evaluation to be done based on student's performance in the course as per the expected mode of evaluation.
- Evaluation Grades: ➔ Please grade the students based on their performance in 5 grades as follows: (Marks are just for your reference and indicative only. You are expected to submit the result in the form of grades)

Patel

Performance (in % Marks)	Letter Grade	Numerical Equivalent Grade Points	Performance (in words)
O	O	10	Outstanding
A	A	9	Excellent
B	B	8	Good
C	C	6	Satisfactory
F	F	0	Non-Satisfactory (Fail)
NR	NR	-	Not Registered
PN	PN	-	Pending
-	-	-	-

- Evaluation to be completed by 4th January 2022
- Class coordinators will collect Grades of students from concerned mentors
