Report on Progress of Minor research grant Project

We (Dr Rita das and Mrs Ananthalakshmi) received a minor research grant for our proposal of Solid Waste Management in Bhavan's Campus (Principal Investigator : Dr Rita Das, Amount sanctioned : Rs 40,000) from Mumbai University for 2019-20. Our plan was to segregate waste and convert the biodegradable waste into compost using SPCE's composting machine and then use it within our campus. Our research project required our presence on the campus on a daily basis and we were also required to engage labour for collection and segregation of waste. However, due to lockdown, we could not carry out all this activity and after discussion with Prof Rao, we slightly modified the scope of our research project. The details are as follows :

Modification of scope of minor research project

The project proposal had four stages :

Stage 1 : Segregation of waste into wet and dry waste and collection of plastic and paper waste

Stage 2 : Composting of wet waste and utilisation of manure so obtained within the campus

Stage 3 : Set up process for regular disposal of plastic and paper waste to recyclers

Stage 4 : Develop a mobile application platform to connect all stakeholders in the waste management cycle including consumers, resellers and recyclers of paper, plastic and e waste to enable easy access to solid waste management tools at doorstep

Stage 4 : Mobile Application development : Due to the pandemic and subsequent lockdown , we started with Stage 4 which is independent of Stage 1-3. Similar apps are operational in Delhi and Bengaluru but we have not been able to trace any such app in Mumbai. For this purpose, we discussed with Prof Bhavtankar who connected us with a group of students under the mentorship of Sahil Sheth (BE, IT) who are working on this project now. We have had two review meetings and the application development work is progressing well. Students have developed a mobile application and uploaded the same on Google Playstore. The "Vrecycle" app was created by students is in advanced stage of development

Sahil Sheth

Installation of e waste collection bins at S.P.I.T : We established contact with the Parivartan group which is active in the collection of E waste in association with an E waste recycler. We also conducted several meetings with the Parivartan group and will be signing an MoU with the E waste recycler to clear the E waste from the bins on a regular basis. The bins are already placed in the designated location.

The grant money was received only by December, 2021 and in view of the pandemic and the planned resumption of offline classes we have utilized the grant towards purchase of hands free sanitisers to be placed at strategic locations and waste bins for solid waste management.

MINOR RESEARCH GRANT PROJECT

Mumbai University : Rs 40,000 ,Solid waste management at Bhavan's Campus

Alongwith Principal Investigator : Dr Rita Das

Due to pandemic, the project could not be implemented and phase 4 of the project which was to develop a mobile app was started.

Selected four students with Prof Bhavatankar's assistance and prepared a functionality requirements document.

"Vrecycle" app created by students in advanced stage of development

Simultaneously coordinated with a social organisation Parivartan Group to tie up with an E waste collector for collecting E waste on Bhavan' campus.

Coordinated for obtaining permissions for appropriate locations on Bhavan's Campus and got them ready for placing the bins

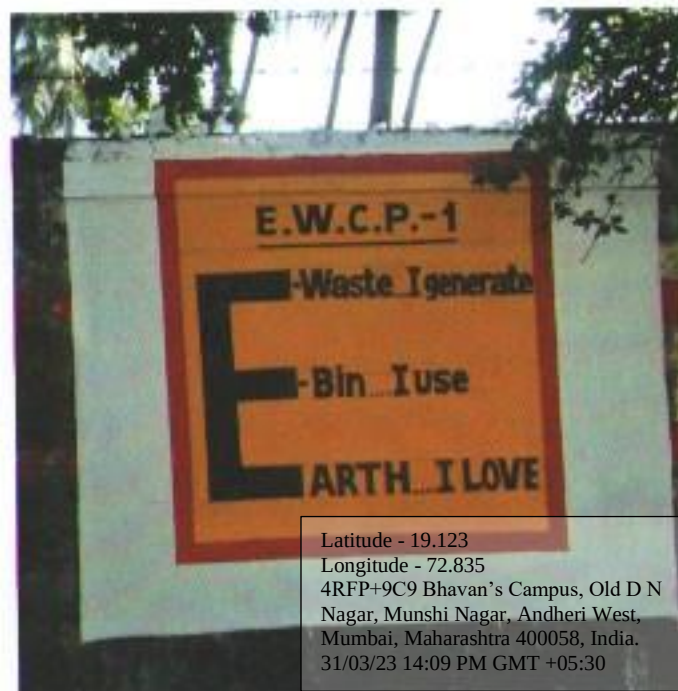

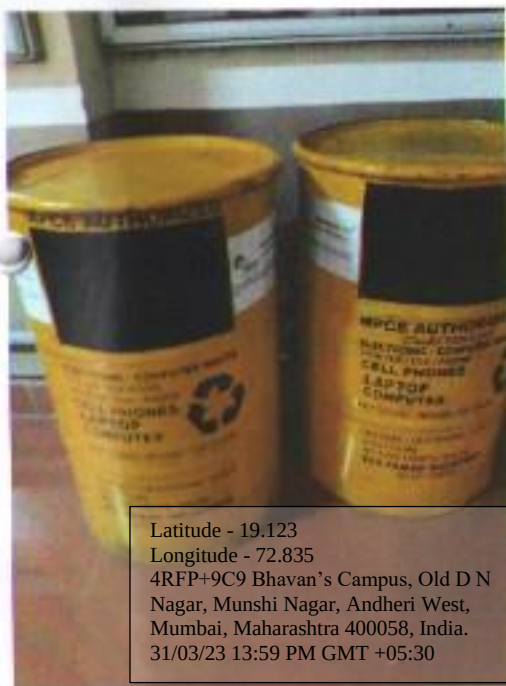

Status : Bins ready for placing, Substantial work done on the app front

E-WASTE MANIFEST

1.	Sender's name and mailing address (including Phone No.):	Sardar Patel Institute of Technology.
2.	Sender's authorization No. If applicable:	—
3.	Manifest Document No.	378
4.	Transporter's name and Address (including Phone No.)	Eco-Logistic.
5.	Type of vehicle:	(Truck or Tanker or Special Vehicle) Tempo
6.	Transporter's registration No.:	
7.	Vehicle registration No.	MH 437 9180
8.	Receiver's name & address:	Eco Friend Industries A-205, TTC MIDC, South Central Road, Navi Mumbai - 400710.
9.	Receiver's authorization No. if applicable:	BO/MPCB/RO(HQ)/R/B - 1703000632 Valid upto 17/04/2022
10.	Description of E-Waste (Item, Weight/Number):	E-waste
11.	Name and stamp of Sender, Manufacturer or Producer or Bulk Consumer or Collection Centre or Refurbisher or Dismantler: Signature: 	Month Day Year 03 21 2022
12.	Transporter acknowledgement of receipt of E-Wastes Name and stamp:  Signature:	Month Day Year 03 21 2022
13.	Receiver* (Collection Centre or Refurbisher or Dismantler or Recycler) certification of receipt of E-Waste Name and stamp: Signature:	Month Day Year 03 21 2022

*As applicable
Note:-

Copy number with colour code (1)	Purpose (2)
Copy 1 (Yellow)	To be retained by the sender after taking signature on it from the transporter and other three copies will be carried by transporter.
Copy 2 (Pink)	To be retained by the receiver after signature of the transporter.
Copy 3 (Orange)	To be retained by the transporter after taking signature of the receiver.
Copy 4 (Green)	To be returned by the receiver with his/her signature to the sender.
