TO WHOMSOEVER IT MAY CONCERN

Dear Sir /Madam,

Sardar Patel Institute of Technology is currently in the process of procurement and installation of three rooftop solar panels of 33KW power. The institute is already using two solar panels of 33KWP each to operate submersible pumps installed in the campus. An additional purchase order has been released for procuring three more solar panels of 33KWP each. As the solar power generated is being used completely for internal requirements, there is no power being supplied to the main grid.

Thanking you

Yours sincerely

PRINCIPAL
