

Sardar Patel Institute of Technology

Bhavan's Campus, Munshi Nagar, Andheri (W), Mumbai : 400058, India
Autonomous College of Affiliated to University of Mumbai)

Clean and Green Campus Policy

About the Institute :

Sardar Patel Institute of Technology is located on a 47 acres of green campus in Andheri, the fastest growing suburb of Mumbai. The campus also houses four Bhavan's institutions of great repute, namely Bhavan's College (the arts, commerce, and science college), Sardar Patel College of Engineering (a Government aided engineering college), S.P. Jain Institute of Management and Research, a management institute, and A.H. Wadia, a higher secondary school.

Taking into account the necessity of protecting the environment for a sustainable, pollution-free and healthy life on the planet Earth in the coming years, the institute has formed its Green Protocol. The institute endeavors to follow this policy strictly by actually enacting and also creating an environmental consciousness among the students and, thereby, among society in general by organizing various activities within and outside the campus. The college works towards creating a green, pollution-free and healthy environment with missionary zeal and dedication. The students are given strict instructions to keep the campus clean and green, which is reflected in the college prospectus.

The Clean and Green Campus Policy :

The Green Campus Policy of the institute envisions a clean and green campus where environmental friendly practices and education combine to promote sustainable and eco friendly practices on campus and beyond. It also offers the institution an opportunity to take the lead in redefining its environmental culture through instilling environmental ethics among the students and staff.

Mission :

To create an environmental consciousness among society and actively involve in the activities to protect the planet Earth from unscrupulous human interventions for a sustainable, pollution-free and healthy life ahead.

Objectives :

- To sensitise the students and the staff to minimise the use of polluting products and use environment-friendly products and services.
- To instill the importance of cleanliness for a healthy life.
- To create awareness about environmental issues by organising events, rallies, awareness campaigns, cleanliness drives, seminars, workshops, presentations, tree plantation drives, wildlife photography competitions, rangoli competitions, essay competitions, bird watching programmes, excursions, study tours, guest lectures, talks, etc.
- To make students and staff aware of raising their voices against the hazardous practises destroying nature and promoting environmentally friendly practises in society.

GREEN CAMPUS POLICY

Green Campus is a place where environmentally friendly practises and education combine to promote sustainable and eco-friendly practises on campus.

1. The institute shall make all the necessary efforts to involve the students, faculty, and staff in "Green Campus Initiatives" by designating volunteers.
2. The institute shall set up a committee of active faculty and students interested in and working on the agenda of creating green, sustainable, and eco-friendly practices on campus.
3. The green committee must look into the various environmental aspects of green technology and the green environment. The set-up of wastewater treatment, waste recycling, rainwater harvesting, and other water conservation measures shall also be explored.
4. The objectives of the green committee shall be to reduce the water footprint and enhance water quality and biodiversity on campus.
5. The institute has to develop a time bound plan to install a solar power station at the top of the college building.
6. Save energy will be the motto of every day's work in the institute so that an eco-friendly environment is created on campus.
7. The organic and inorganic solid waste on campus shall be collected separately for disposal as per established norms.
8. The institute is encouraging the policy of minimising the use of plastic on its premises. The use of plastic cups is completely banned in college canteens and mess.
9. The entry of vehicles is restricted inside the campus. There should be safe pathways all around the campus connecting all the blocks and hostels.
10. Students who are from nearby areas will not be issued vehicle passes for two and four wheelers due to institute/public buses available on these routes.
11. The green and environmental awareness would be spread to the nearby community as part of the students' extension activities.

13. The use of washable steel and glass utensils is promoted for consuming food items. The organic and inorganic solid waste on campus are collected separately

Initiatives Taken to Implement the Clean and Green Campus Policy :

The Institute is committed to managing its campus in accordance with its Clean and Green Campus Policy by establishing the following infrastructure and carrying out the following activities

- Landscaping with Trees and Plants
- Ban on Single-Use Plastic
- Restricted entry of automobiles
- Prohibition of grazing
- Prohibition of cutting of trees without prior permission
- Solar Panels in the College
- Use of LED Bulbs/Tubes and Power Efficient Equipments
- Rainwater Harvesting
- Composting Plant
- Increasing digitalisation in Administration as well as student interaction
- Solid Waste Management
- Water Management
- E-waste Management
- Display Boards to Promote Environmental Sensibility on College Campus
- Observance of Days to protect and Nurture Environment
- Conducting Green, Environmental and Energy Audit
- Environment awareness campaigns in magazines and newsletters
