Dear Sandesh,

We have created one option to generate receipt for the following scenario.

1. Some situation student payed the fees through online and receipt may not be generated in proCampuz. But cash is deducted from their account. This is occur because of incomplete process(Slow network, Some times Bank not respond to the tech process portal etc). In this situation we can generate the receipt in proCampuz based on the daily transaction sheet provided by the tech process. Please note following steps for doing the same.

1. Login as Exam Coordinator
2. From the Dash board Select Receipt Generation

3. In the receipt Generation Please put following fields and Click on Generate

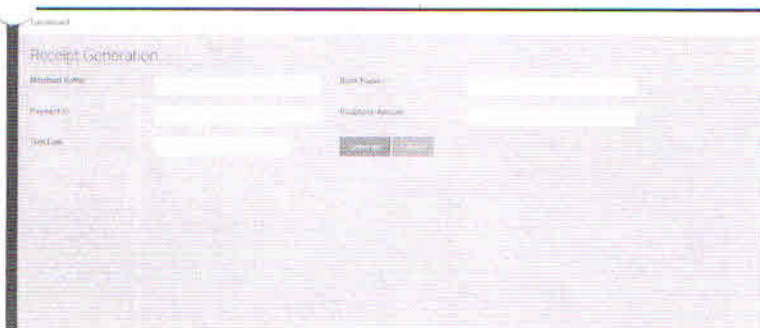

**Merchant RefNo:** One column provided by the Tech process. If merchant ref no not found, please take tran ID from ITC column.(Very Critical Column. Kindly call me in case of any doubt)

**Bank Name:** One bank code is available in the sheet.

**Payment ID:** Payment ID in the Sheet

**Response Amount:** Amount in the Sheet

**Tran Date:** Date of Transaction

We Look forward to serve you better.
