SUB: PROPOSAL FOR SANITATION WORK [DRAINAGE CLEANING-ONE TIME ONLY]
PLACE OF WORK:-SPIT,Andheri(west)

Dear Sir,

Thank you for your interest in Ullanaat "THE ECO-FRIENDLY CO. "providing environmental services & solutions in an organized & professional manner.

This has reference to the meeting & discussion the undersigned had with your good self and subsequent survey carried out on 2nd August 2022 regarding providing one time cleaning of drainage system of SPIT. Please find below our estimate for the same.

SCOPE AND SPECIFICATION OF WORK:

- 1) DE-CHOKING WORK: De-choking and cleaning work of drainage system consisting of 12 inspection chambers. The work includes cost of labour, machineries, tools, tackles, garbage bags & transportation waste.

Qty 12 Inspection chambers Rate Lump sum

Rs.10,000/-

- 2) SPECIALISED MECHANISED CLEANING WORK: It is observed that Premises underground drainage system is in a highly surcharged condition. This is due to the heavy clogging of the inner surface of house drain pipes by muck, slush, grease etc. In order to clean the heavily clogged house drain and chambers, we propose to carry out one time specialized cleaning of the entire underground drainage system. This is very much essential to facilitate free flow of sewage water with prevents recurring choke-up and overflowing, thus creating a very healthy and hygienic condition inside your premises.

Qty 12 Inspection Chambers: Rate Lump sum

Rs.30,000/-

Total

Rs.40,000/-

Rupees. Forty thousand only.

We look forward to hearing from you and assuring you of our best co-operation and services always.

Thanking you,

Yours truly,

For ULLANAAT SANITATION
