Evaluation Policy for Odd Term of A.Y. 2021-22 (Second Year B. Tech)

The present Covid 19 cases showing the significant decrease, and pandemic situation seems to be getting eased out. But due to the threat of a new variant of Covid-19, Governments have imposed new restrictions. Since the college does not have a Hostel facility and many students are not staying in the city, they have raised their concerns about their accommodation problems and inability to appear for offline examination. The survey carried out for the status of vaccination indicates that many students have not yet completed their vaccination. Considering these facts, it was necessary to revisit our plan of taking the offline ESE examination as spelled out in the earlier email.

For the Second Year UG students also the Regular evaluation pattern has been slightly changed to the new assessment pattern by incorporating the weightage of ESE to two phases: Phase I (Written) and Phase II (VIVA). Phase I will be an online proctored theory examination. Phase II will be online VIVA which is to be conducted in common with Laboratory ESE, **after 24th December 2021(before the Phase I (Written))**. Table 1 indicates the proposed change.

Table 1

Proposed Evaluation Pattern			
Lab Component	Weightage (%)	Theory Component	Weightage (%)
ISE (Lab)	60 to 80	(ISE+MSE): course specific in sem. evaluation in the form of open-book examination/ assignments/ group-discussion/ attendance/ oral etc.	40
ESE (Lab) *	20 to 40	ESE Phase I (Written): Online Proctored Examination comprising of Objective/Subjective Questions (60 Marks)	60 (90 converted to 60)
		ESE Phase II (VIVA) **: Online VIVA (30 Marks)	
Total	100		100

*/**Common Online examination for ESE (Lab) and ESE(VIVA) will be conducted before ESE (Written).

- External Examiners from other departments/other institutes will be called for integrated ESE (Lab) and ESE(VIVA) which will be conducted online and based on the syllabus for the course and laboratory work. The subject expert from the same department can also act as the external examiner.
- The course Teacher will act as the internal examiner.
- These VIVAs will be conducted after the ESE theory examinations and two students will be invited at a time for the VIVA.
- Time duration for VIVA (batch of 2 students) will be 10-15 mins.

MINUTES OF MEETING

Meeting Name:		Principal's Office	
Date of Meeting		12/7/2019	Time: 4.00 PM
Minutes Prepared By:		Dr. Pooja	Location: Conference Room -105
Meeting Agenda : 1. NBA SAR presentaion ; Exam Reforms			
Present Members: Dr. Y. S. Rao Dr. S. S. Rathod Dr. Radha Shankarmani Dr. Rita Das Dr. D. R. Kalbande Dr. Pooja Raundale All Faculty			
Topics		Discussion	
1. Discussion on Evaluation System.		Dr. Radha presented the new guidelines of AICTE for the evaluation of CO-PI-PO.	
2. Presentation of Departmental Goals of Academic Year 2019-20.		Departmental Goals of Academic Year 2019-20 were presented. The goals and action plan of each department was presented in front of all faculty.	
3. Discussion on Academic Calendar 2019-20.		Plan of Academic Calendar 2019-20 was discussed.	

Jaundale ;

Dear all,

PFA the sample coding of CO-BL-PI in ESE question paper, set your question paper according to instructions given below.

1. Insert additional information (code) in column CO-BL-PI for indicating Course outcome(CO) Blooms Level (BL) and Performance Indicator (PI) in the question paper.

2. out of 6 Blooms Level (BL), (1. Remember, 2. Understand, 3. Apply, 4. Analyse, 5. Evaluate, 6. Create) we are expected to frame questions preferably on BL2, BL3, BL4

3. If the question is set on CO 2 on Bloom Level 3 and it maps to Performance Indicator 1.4.1, then form the code as **(CO-BL-PI) 2-3-1.4.1**

4. for Performance indicators and respective numbering, refer to the **Program Outcomes -Competencies – Performance Indicators** matrix of your department. (there are separate UG and PG **Program Outcomes - Competencies – Performance Indicators** matrix, refer accordingly)

5. FE faculty will refer to the **Program Outcomes -Competencies – Performance** matrix of the respective program, for which the paper is being set. (if the paper is set for FE IT , refer IT department matrix, if paper is set for FE Electronics, refer Electronics department matrix)

6. Bloom's Level wise Marks Distribution should be proper.

(Both higher order cognitive skills 'Evaluate' and 'Create' are difficult to assess in time-limited examinations. These need to be assessed in a variety of student works like projects, open ended problem-solving exercises etc.)

End Semester Examination

November 2018

Max. Marks: 60

Class: F.Y.

Course Code: MCA11

Name of the Course: Object Oriented programming

Duration: 3 Hrs.

Semester: I

Branch: M.C.A.

Instruction:

- (1) All questions are compulsory
- (2) Draw neat diagrams
- (3) Assume suitable data if necessary

Q. No.		Max. Marks	CO-BL-PI
1 a)	Question	5	1-3-1.3.1
b)	Question	3+2	3-3-1.4.1 6-3-2.2.4
2 a)	Question	2+2	3-2-1.3.1
b)	Question		
3a)	Question	6	5-4-1.4.1

Minutes of the meeting

Date of meeting: October 17, 2019

The meeting with LD and differently-abled students conducted in room no 008. A DEC members, student counsellor Prof. Mona Upadhyaya, IQAC in charge Prof. Pooja Raundale, Member, Academic Council, SPIT, IQAC Coordinator, SPIT and Prof. G. T. Haldankar, COE, S.P.I.T were present for the meeting. The minutes of the meeting are as follows.

Neelabh Sarkar from BE COMPUTER raised the problem on Elevator. Even though two elevators are there, one is always crowded and second one never halt at 6th Floor, also he has attendance problem because he is unable to manage his attendance after giving concession in his attendance because of his physical condition.

Action taken: It is found that lift stops at 6th floor but at the time of examination care will be taken that lift will halt at all floors.

Atique from TEIT has vision problem and he wants his roll number should be written on the table in larger font size.

Action taken: Instructions are given to the exam center to write the roll number of all LD students in bigger font size.

One student want relaxation in ISE, We have discussed above this in the meeting and some of the faculties said that the relaxation can be given and the separate tools can be used for the ISE.

Action taken: Separate tools can be used and will be implemented from next semester.

More remedial classes from faculties. Faculties agreed to conduct extra remedial lectures for LD students.

Action taken: Request is sent to all faculties through E mail.

Number of projects should be planned properly and there should not be any extra projects or addition in the last moment.

Action taken: Request is sent to all faculties through E mail.

Relaxation time in theory as well as lab is required. Students have requested to give extra time for the ISE and MSE and also relaxation in marks while checking the papers but they don't need the separate question paper or don't want to sit in separate class at the time of exam.

Action taken: According to University Rule, there should be a separate class room also considering logistical problems it is not possible to allow LD students to sit with other students at the time of exam. Institute is arranging the exam class room on first floor so that it will be easy to assemble for LD and differently-abled students. Institute is already giving time concession at the time of exam and request to all faculties is sent regarding the separate tools for MSE and ISE papers.

Targeted notes should be there from exam. In the targeted notes, exam pattern and how to write answer for a particular question should be explained in simple way.

P. Raundale

Action taken: Request to all teachers is mailed to give the notes which teachers are using in the class also if any topic not understood from the notes, then it will be covered in the remedial lecture specialty arranged for LD and differently-abled students

Some students have difficulties in drawing diagrams so such students can be assessed separately.

Action taken: Faculties agreed that the above problem can be addressed and arrangements can be made to solve these problems. Such problems can be solved on case to case basis with faculties.

Preparation leave before the examination is required because they cannot cope up like other students if exam is immediately conducted after college term.

Meeting halt at 1:45 pm. 19 students from all departments were present for the meeting. The minutes of the meeting is mailed to students as well as DEC members.

		20		20		100		67%
		80		-		20		33%

Pre-requisite Course Codes		1T12
After successful completion of the course, student will be able to		
Course Outcomes	CO.1	Apply EM Wave theory to understand nature of Optical Signal and their corresponding guiding structures.
	CO.2	Identify Passive Optical Components, Sources and Detectors
	CO.3	Analyze Passive Optical Components, Sources and Detectors
	CO.4	Evaluate losses in the optical systems
	CO.5	Compare different Optical Networks
	CO.6	Design optical Link Budget system

*Delivery Methods will be uploaded week wise, due to the covid semester(according to the situation)

Mid Semester Examination

January 2023

Max. Marks: 20

Duration: 1hr

Class: FYMCA

Semester: I

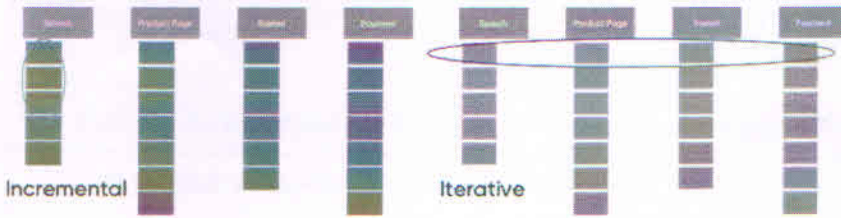

Course Code: MC503

Date: 04/1/23

Course: Software Engineering

Time: 11.00 a.m. to 12.00p.m.

Instructions: All Questions are Compulsory

Q. No.	Question	Max. Mks	CO_BL
1.	Consider a team building and college website, the final target is to make it accessible to students, faculty and office staff. The website needs to have features like Search, College Information, Examination, Admissions, Announcements, Placements data and Login for each authenticated user. Analyze the requirement and Compare how the team will develop the Product using Incremental Approach and Iterative approach.  • Justification for the model (3mks) • Explanation for the model (3mks) • Diagram for supporting the context (2mks) OR Organize the Scrum Framework and explain each element in detail	08	1_4

Sehanshu

	SCRUM FRAMEWORK The diagram illustrates the Scrum Framework process. It begins with a 'Product Backlog' (a vertical list), which leads to 'Sprint Planning' (a box). This leads to a 'Sprint Backlog' (a grid). The 'Sprint Backlog' leads into a 'Sprint' cycle, represented by a circle containing a 'Scrum Team' (a group of people icons) and a 'Daily Scrum' (a small circle). The 'Sprint' cycle leads to an 'Increment' (a cube). The 'Increment' leads to a 'Sprint Review' (a box). The 'Sprint Review' leads to a 'Sprint Retrospective' (a box). The 'Sprint Retrospective' leads back to 'Sprint Planning', completing the cycle. The diagram is credited to 'Scrum.org' and 'Scrum Framework © 2020 Scrum.org'. ● Scrum Framework Diagram (2mks) ● Explanation for Scrum ceremonies (3mks) ● Explanation for Scrum artifacts /Roles (3mks)		
2.	Classify different types of Requirement Elicitation Techniques. ● Interviews ● Questionnaire ● FAST ● Observation ● Record Review ● Brainstorming session #At Least 4 (each carries 0.5 mks)	02	1_4
3.	Create any one UML behavioral diagram that provides a strategy to solve the following Problem : Library Information System (LIS) is a web application (using the recent HTML 5), which runs only within the institute LAN which is developed for the benefit of students and employees of the institute. LIS enables the members to borrow a book (or return it) with ease while sitting at his desk/chamber. The system also enables a member to extend the date of his borrowing if no other booking for that particular book has been made. For the library staff, this system aids them to easily handle day-to-day book transactions. The librarian, who has administrative privileges and complete control over the system, can enter a new record into the system when a new book has been purchased, or remove a record in case any book is taken off the shelf. Any non-member is free to use this system to browse/search books online. However, issuing or returning books is restricted to valid users (members) of LIS only.	07	2_6

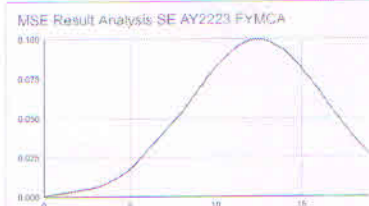

4.	Construct a Pipe-Filter model for the following scenario : An application receives and processes data from two sources. The data from each source is processed by a separate module that performs a series of tasks to transform this data, before passing the result to the business logic of the application. The series of tasks are Task A,B,C,D wherein each task serves as an input to the other in sequential manner till the final result is achieved. <pre>graph LR S1[Data from Source 1] --> T1A[Task A] T1A --> T1B[Task B] T1B --> T1C[Task C] T1C --> T1D[Task D] T1D -- "Transformed data" --> BL((Business logic)) S2[Data from Source 2] --> T2A[Task A] T2A --> T2B[Task B] T2B --> T2E[Task E] T2E --> T2F[Task F] T2F -- "Transformed data" --> BL T1A --> T2A T1B --> T2B</pre> Components reused in different pipelines	03	2_6

End Semester Examination

Max. Marks: 60

Class: FYMCA Semester: I

Course Code: MC503

Course: Software Engineering

Duration: 2hrs 10 mins

Date: 23/8/21

Time: 12.30 p.m. to 2.40 p.m.

Instructions:

- (1) All Questions are Compulsory
- (2) Draw neat diagrams
- (3) Assume suitable data if necessary

Q. No.		Max. Mks	CO_PO_PI
1A.	You are working as a Senior Developer; Your Manager has the following approach towards development of the Project: 1. It must be completed in a short span of time. 2. Small, incremental releases are expected. 3. Continuous testing and integration of the Project should be done. 4. Pair Review should be done in development phase. Compare and contrast at least 2 different Agile Process Models to select the best for the above scenario. Also, Assume suitable data for Time and Budget criteria for comparison. OR Classify different Scrum ceremonies used in Agile to define the workflow.	8	1_2_2.2.4 1_3_3.2.3 1_3_3.2.3 1_8_8.3.1
1B.	(i) Compare and contrast Functional and Non-Functional Requirements for Online Admission system SRS (4mks) (ii) If one of the criteria is Availability, to which requirement category it will imply to, Justify your Answer (3mks)	7	1_2_2.2.4 1_2_2.1.2 1_3_3.1.6
2 A.	Create any one Creational design pattern that provides a strategy to solve a common problem in software. Assume suitable example to justify your answer OR	8	2_1_1.3.1 2_3_3.4.1

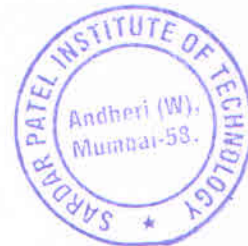

Schaudhary

	Design a class for Structural Pattern to solve a common Problem in Software. Assume suitable example to justify your answer		
2 B.	Consider a Hospital Management System which has different modules Patient details, Doctor Details, Payment, etc... which are interdependent in nature. For data processing, the computer can be running an application for patient information while the other machine retrieves data from it, many machines can interact to this one common machine simultaneously. Construct a suitable software architecture design with justification to show the interaction between them.	7	2_1_1.3.1 2_3_3.4.1 2_3_3.4.2
3A.	Choose an Agile estimation Technique which is faster than Planning Poker and can be used with large number of people and items.	8	3_2_2.2.4
3 B.	Consider a project with following functional units: Number of User Inputs = 50 Number of User Outputs = 40 Number of user inquiries = 35 Number of user files = 6 Number of external interfaces = 4 Assume all complexity adjustment factors & weighting factors are average. Compute the function point for the project.	7	3_1_1.3.1
4A.	You are a Test Manager, having a responsibility to make the Product Go Live by testing the Product in a complete environment. Plan a Testing Strategy which will Justify the scenario.	4	4_2_2.2.5 4_1_1.3.1 4_4_4.4.2
4 B.	Consider a Bank Account Webpage, which has textbox which takes input from the customer in numbers only and it accepts the numeric values from 1 to 100. (a) Identify the equivalence partitions or classes. (1mks) (b) Write test cases for the valid partitions followed by invalid partitions. (3mks) (c) Perform Boundary Value Analysis. (2mks) OR For a given pseudocode, Draw a Flowchart and make use of white box testing techniques to find the statement coverage and path coverage. Read P Read Q	6	4_4_4.4.2 4_4_4.3.4

	IF P+Q > 100 THEN Print "Large" ENDIF If P > 50 THEN Print "P Large" ENDIF.		
4 C.	Categorize different types of Risk in Risk management in the lifecycle of a Software Product.	5	4_3_3.1.4 4_10_10.1.1

MINUTES OF MEETING

Meeting Name:	DAPC Committee - Meeting		
Date of Meeting	05/1/2024	Time	12.30 P.M. to 2.00 P.M.
Duration	1.5 Hr	Location	Room No. 403
Meeting Agenda : SA value Analysis and Finalization for F.Y.MCA Sem I & S.Y.MCA Sem III (Batch 22-24).			
Present Members:			
• Dr. B.N. Chaudhari • Dr. Y.S Rao • Dr. D.R.Kalbande • Dr. Pooja Raundale • Prof. Dayanand Ambawade • Prof. Renuka Pawar • Prof. Harshil Kanakia • Prof. Nikhita Mangaonkar			
Topics	Discussion		
1. SA value Analysis and Finalization	• The subject coordinators of SEM I FY M.C.A & SEM III SY M.C.A were requested to submit the analysis of a minimum of six SA values before the meeting in a shared Excel sheet for their respective courses of the regular examination held in December 2023. • During the meeting all Subject Teachers justified the SA value by presenting ISE components, MSE and ESE Question Paper for their respective courses. • As per the suggestions received from the DAPC members, the SA value for the Semester I & III subjects were discussed and decided as follows :- ▪ Linear Algebra - 72 ▪ Data Structures - 72 ▪ Database Management System- 81 ▪ Software Engineering - 80 ▪ Web Technology Lab - 90 ▪ Writing Skills- 83 ▪ OOP Lab - 80 ▪ Discrete Structures and Graph Theory - 70 ▪ Quality Assurance - 85

MINUTES OF MEETING

Meeting Name:	Internal IQAC meeting		
Date of Meeting	28/11/2022	Time:	3:00pm
Minutes Prepared By:	Sneha Weakey	Location	506-B
Meeting Agenda: 1. Internal Audit 2021-22 - Discussion on Action taken report 2. External Audit 2021-22 3. Any other issues.			
Present Members: Dr. Reena Sonkusare Dr. Sukanya Kulkarni Dr. Sujata Kulkarni Prof. Anand Mane Dr. Rajendra Sawant Prof. Sneha Weakey Prof. Manish Parmar Dr. Amol Deshpande Prof. Milind Paraye			
Topics	Discussion		
1. Internal Audit 2021-22 - Discussion on Action taken report	• Action Report of internal Audit needs to be completed-ADM • Slow Learners proof put in respective Course File • Workload and average for permanent faculty to be completed- MP • All the suggestions & Observations should be written in action plan-AD. • CO-PO mapping action plan were discussed. • Action Report were discussed, and necessary steps were taken. • All the faculty were informed about the suggestions and action plan.		
2. External Audit 2021-22	• External Audit curriculum discussed. • Criteria heads will be presenting • Headers of slides were discussed.		
3. Any Other Issues	NIL

HEAD OF DEPARTMENT
Department of Electronic & Telecommunication
SARDAR PATEL INSTITUTE OF TECHNOLOGY
Munshi Nagar, Andheri (W), Mumbai - 400058.

REPORT of IQAC INTERNAL AUDIT 2021-22

Name of the Department: MCA

Date: 06/09/2022

Sr.	Name of File	Remark
1	Minutes of Department Meeting	Department Minutes of Meeting records are maintained.
2	Syllabus Setting-Meeting conducted by Course Coordinators (syllabus, expert review, modified syllabus)	Course-wise Minutes of Meeting of syllabus setting are maintained. Every Course Coordinator conducted the Meeting.
3	BOS - Minutes Of Meeting and modification	Department held a meeting of the Board of Study (BoS) and recorded the minutes. The syllabus contents has been modified based on the advice of the experts.
4	AC Approval of Syllabus-Modification if suggested then modified and approved by BOS domain expert	Yes Available.
5	Identification Process of Slow/Fast Learners, LD students - Actions taken along with, objectives and outcomes, Action taken for Defaulters	Not Available
6	Whether the CO-PO attainment completed	Completed Extracurricular, professional, and hackathon activities that are carried out by the department/Institute might be mapped to higher POs in order to improve attainment.
7	Gaps identified and Action Taken	Done for some of the courses but need improvement
8	Report of Misconduct if any	Nil : as per record
9	Mentor Meetings Report	Regular meetings between mentors and mentees are held, and a summary of the conversations is available.
10	Workload and Time Table. Average workload per permanent faculty	Workload and time table are Maintained. Data related to workload allotment and related calculations are available. Average workload per permanent faculty is 30/ year(Both even and odd sem) in AY 2021-22
11	Final Year Project - Phase Wise Report (summer Term)	Records of 6 months internship are available. Summer term evaluation records are available. Minor Projects data and its analysis is available

Patel

[Signature]

12	Innovative Teaching Methods Adopted - Outcome	Innovative methodology adopted by some of the faculty and outcomes are shown in the form of performance improvement
13	Faculty Feedback. Average of all course feedbacks.	Available.
14	Guest Lectures from industry and Academia - Number of lectures, Objectives and Outcomes	No. of lectures in AY 2021-22=20 nos Also maintained the records of objectives, outcomes, impact analysis of session/s and speakers profile
15	Outside Interaction-Participation in academic, administrative role for other institutions, expert lectures delivered elsewhere etc.	Need Improvement Only two faculty members are involved in outside interaction
16	Department Funded, Non-funded Projects undertaken	Nil
17	Course Plan including ISE and LAB Plan, and its execution.	Maintained and Execution plan is available.
18	MSE/ESE Question Paper Analysis	Questions papers analysis has been done by domain experts from other reputed institute
19	Information Dissemination (website/Moodle/Notice Board)	Regular information dissemination is done among Various stakeholders' and proofs are available.
20	Number of journal publication in the year	01 faculty members from the department should plan and take initiative for research
21	Number of conference publications in the year	08 papers published in conferences in the AY 2021-22
22	Number of patents filed, Books published, Book chapter, Monographs etc.	01 Book Chapter and 01 patent filled Patents Published=00 Book Chapter=01 Patent Filed=01 Monogram=00 faculty members from the department should plan and take initiative for patents filed, Books published, Book chapter, Monographs etc.
23	Number of man-days training imparted	11days training imparted by faculty in AY 2021-22
24	Number of man-days training received	Most of the faculty members has taken training by STTP/workshop in AY 2021-22 and total recorded days are 307.
25	Number of CEP, FDP, workshop organized in terms of the event days	Workshop -01 FDP-01 STTP-01 (2 weeks in collaboration with other department)
26	Research proposals submitted by the department.	Nil

27	Result analysis. What is the average of average scores on the scale of 10 for every course offered?	Documents related to results analysis for all courses are maintained.
28	Result analysis. Is the distribution of the grades fair enough, approximately Gaussian?	Data presented as per the required format
29	Previous year audit and action taken report (Internal audit, external audit, exam audit)	Available
30	Any other observations	--

Three strong points you observed	
1	Faculty participation in STTP/FDP/Workshop/Training are good.
2	Student's results and placement are excellent.
3	Enough faculty strength and the faculty members are dedicated and focused.

Three weaknesses you felt	
1	Research publications such as Journals, books and patents are less
2	Funded, non-funded projects undertaken are none
3	Submission of research proposals to various government funding bodies are less.

Academic Assessment and Audit Report
ACADEMIC YEAR: 2021-22

Name of the Accessor/ Academic Auditor	Dr. Mahesh Shirde / Dr. Vahida Attar
Designation	Associate Professor
Affiliation	VIT Mumbai
Date of audit	19th Jan 2023.

CRITERIA		WEIGHT	SCORE (1 to 5)	COMMENTS AND SUGGESTIONS
A	CURRICULUM DESIGN			
1.	The curriculum is well thought and makes sincere attempt to follow the National Guidelines in terms of number of credits of the program, balance of credits for Mathematics, Science, Engineering Science, Program Core, Program Electives and Humanities and Social science related courses.	3	5 15	Overall curriculum is well designed to cater the needs of IT course.
2.	Curriculum offers a strong foundation required for the discipline/program, and by large covers the GATE curriculum. No essential subject is missing.	2	5 10	Yes. Almost all subjects are included except design logic.
3.	Enough flexibility is incorporated in the curriculum to enable students to take courses of their choice wherever possible. Some sincere efforts towards CBCS are observed.	2	5 10	Yes. Elective selection is available from sem-VI.
4.	Curriculum attempts the holistic development of learners as envisaged by NEP 2020 and students are encouraged to take liberal arts, language, law, humanity, and social science courses.	2	4 8	Yes, Sarvatra contribute to the NEP 2020 policy.
5.	Curriculum has a balance of theory and laboratory sessions, to ensure strong hands-on learning.	1	4 4	

Schaudhary

6.	The curriculum encourages the learning from the MOOCs/NPTEL	1	3 3	100% Students do MOOC/NPTEL courses
7.	Curriculum provides sufficient industry relevant/ interdisciplinary courses as Open Electives to introduce emerging fields to the learners.	1	4 4	Yes.
8.	Curriculum justifies the Program Outcomes and PSOs articulated	3	3 9	Needs improvement
9.	Curriculum is well thought, innovative, suits the outcome-based education and has sufficient bandwidth as well as depth of domain.	2	4 8	Total = 28
B TEACHING-LEARNING PROCESS				
1.	Department encourages faculty to innovate and use various instructional methods and tools to meet the desired outcomes.	1	3 3	Traditional CBT tools.
2.	Department makes sincere attempts to collaborate for the design and delivery of the teaching and learning processes of the program, tries to follow best practices of higher institutions, and optimizes available resources, in pursuit of the excellence.	1	5 5	Yes. through different tools and techniques.
3.	Department ensures that all students are adequately oriented, advised, mentored and socialized within the discipline?	1	4 4	Yes. Dedicated mentors available for mentoring.
4.	Coursework (assignments, quizzes, lesson plan for various courses, laboratory experiments etc) offer sufficient breadth and depth appropriate for the degree offered.	2	5 10	Yes.
5.	Department encourages Innovative teaching learning methods like experiential learning, participative learning, flip class-room and problem solving?	2	5 10	Yes. A few faculty use flip-classroom technique.
6.	Department looks forward for Industry / alumni participation wherever possible, which is demonstrated by few examples of co-teaching, joint project work	2	3 6	Internship are there. Final year project are not based on industry.
7.	Project work is relevant, demonstrates the value addition and is of expected quality from bright undergraduate students.	2	5 10	Yes.
8.	Department continuously upgrades laboratory infrastructure and year on year investment in the laboratory is sufficient.	2	4 8	Yes. Need upgrade.
9.	Support for slow and physically /socially /financially challenged students, and it is demonstrated by the sufficient evidence.	1	3 3	No proper document.
10.	Department takes cautious efforts to challenge the bright students and provides them enough opportunities to demonstrate the distinctive performance.	1	5 5	Yes. project based learning is in place.

4.	Faculty achievements, awards and recognition	1	1	needs improve
5.	Student publications and IPR	2	4	1 patent by dept
6.	Student participation and success in the technical competitions of repute, AICTE hackathon, ROBOCON, etc.	2	5	National an International Hackathon participate
E. STUDENT SUPPORT AND PROGRESSION				Total = 36
1.	Department has well planned mentorship scheme and every student is reached. There is observed periodicity. The problems/concerns are immediately addressed, and this process is well documented.	1	5	Good mentorship a counselling through faculty member and counsellor.
2.	Department has effective mechanism for academic monitoring both formally and informally. The feedbacks, suggestions are considered duly.	1	4	Comment from the student may be included in academic
3.	Department has a 360 degree feedback system, student feedback on academics, admin etc, grievances/ redressal and its effectiveness	2		
4.	Department understands the necessity of counselling and is sensitive towards this. It is well informed to student can get counseling/ guidance for academic progress, overall development, and career growth. Department arranges special session on this as well.	1	4	Yes.
5.	Department encourages the self-study, learning with peers, mentoring by seniors to make T-L effective.	1	4	Interaction among faculty is good. no mentoring as such
6.	Department maintains close relations with the alumni and derives best possible benefits with their association. For example, co teaching, special lectures, co supervision of the projects etc.	1	5	Yes.
7.	Students participation in extra, cocurricular and curricular activities, technical and cultural events, quizzes, workshops, seminars, conferences, exhibitions, tech competitions like ROBOCON, BAHA etc.	1	5	Yes.
8.	Institute promotes the culture of student clubs. Students are motivated and encouraged to start dedicated, focused student clubs with diversified objectives.	1	5	Yes.
9.	Student's achievements, awards and recognitions.	2	4	Yes.
10.	Student competency in terms of placements in reputed industries. Percentage placement, average salary, median salary of the graduating batch of the program.	2	5	good placement with good salary package.

11.	Student competency in terms of placements/success in competitive examinations/selection for higher studies in reputed Universities/institutes?	1	5 5	average salary incre placement is good.
12.	Student Engagement in outreach activities such as participation in professional events, technical competitions, working with NGO, etc.	2		Total = 69
C ASSESSMENT AND EVALUATION				
1.	Quality of assignments/ test papers/ End Semester Examination papers appears to suit the quality of the students getting admitted. (Institute admits top 1-2 % students of the Maharashtra State).	2	5 10	good quality
2.	Design and conduct of continuous assessment of theory and lab assignments is deeply thought of.	2	5 10	yes.
3.	Wherever possible industry persons. alumni, external experts are invited for evaluation and assessment.	1	4 4	yes.
4.	Coverage of syllabus in examinations including ISE, MSE, ESE is fair, and MSE/ESE are designed to have natural gaussian.	1	3 3	
5.	Transparency in evaluation including display of marks/ grades secured in every course.	1	5 5	yes.
6.	Department encourages innovations in the assessment. Identifies the best performing faculty in this aspect.	1	3 3	
7.	Department analyzes the results critically, reason out the abnormalities, deliberates in meetings, and finds out the solutions. Extremities are identified and mentored.	2	3 6	Needs overall analysis of the res
8.	In general, the assessment observes natural Gaussian distribution.	1	4 4	most of the course
9.	Quality of assessment tools and extent of attainment of learning outcomes (Audit of attainments with respect to set targets)	1	3 3	Understanding the implementation of technology needs in
10.	Department checks the course attainment every semester, PO/PSO attainment every year, PEO attainment at an interval of 4 years.	1	5 5	yes in place. Total = 53
D RESEARCH				
1.	Research related activities of faculty. Writing proposals for sponsored research projects, research focused projects for UG/PG students, PhD program	3	1 3	Needs improvement
2.	Industrial projects, collaborations and consultancy	2	4 8	Through interorgani 80% student avail p
3.	Faculty publications, quality, citations, h-index, and IPR, books and book chapters, monograms.	3	2 6	Journal paper publica needs to be improved

Schaudhary

	All faculties are either PhD or Pursuing PhD.
	Indicate 3 major weaknesses of the department
-	No Professor & Associate professor - 02, AP-08
-	Specialized laboratories
-	Research and consultancy in
	Indicate a couple of opportunities
-	Industry association for new courses. AIML
-	Research grant proposals.
	Indicate a couple of concerns
-	Professor shall be in place.
-	Tutorials to be included for course of type problem solving.

General Observations/Comments and Suggestions

1.	faculty co-ordination and communication is good.
2.	faculty are clueless about where will they be observed in near ear
3.	Industry interaction to be expanded
4.	CO mapping & focusing to be given a thought

Signature of Principal: [Signature]		

11.	Student competency in terms of success in competitive examinations/selection for higher studies in reputed Universities/ institutes.	2	5 10	10 to 15% students give examination via as GPR, PPR, etc.
12.	Department takes significant efforts to fetch industry sponsorship for UG/PG projects and ensures the quality execution of these projects.	1	3 3	needs improvement Total = 63
F. ADMINISTRATION				
1.	Department has well thought Vision-Mission and has carefully articulated Program Education Objectives and Program specific objectives for all the programs run by the department.	3	4 12	yes.
2.	Department has a strategic plan which is broadly in line with the institute strategic plan.	1	4 4	yes.
3.	Department has a documented manual for all processes, procedures and information is disseminated to all stake holders. Transparency is maintained to the best possible level.	2	4 8	yes.
4.	Grievances are duly addressed for students, faculty, and staff.	2	-	No evidence
5.	Department meets the target set by the institute.	1	4 4	yes.
6.	Every faculty of the department is aware about his/her plan for next 3-4 years.	1	1 1	poor knowledge
7.	There is a fair understanding of outcome-based education among all stake holders, in particular among all faculty members.	1	5 5	yes
8.	Department values the continuous learning, value addition and take sincere efforts in that direction. The average training received per faculty is @ 15 days a year and for a staff it is @ 5 days a year.	1	5 5	yes.
9.	Department ensures that the inputs/feedbacks received from various procedures (internal and external audits, accreditation visits, QP analysis) are analyzed, discussed, deliberated, and implemented to the best possible level as a part of continuous improvement.	1	4 4	Action plan executed to some extent for audit report. Total = 43.
G. OVERALL FUNCTIONING OF THE DEPARTMENT.				
1.	Broad perception about the Department considering all above criteria together and any other parameters. Auditor is expected to give intuitional perception.	10	8 80	
H. SWOC ANALYSIS				Total = 385
Indicate 3 major strengths of the department				
Good teaching learning process.				
Faculty retention ratio is good.

MINUTES OF THE MEETING

Meeting Name:	Department meeting		
Date of Meeting	08/2/2023	Time: 4 p.m.	
Minutes Prepared By:	Dr. Rupali Sawant	Location	Room No -411
Meeting Agenda: 1. Discussion on External audit report from expert			
Present Members: Dr. Prasenjit Bhavathankar Dr. Kailas Devadkar Dr. Rupali Sawant Prof. Swapnali Kurhade Prof. Varsha Hole Prof. Nikahat Mulla Prof. Aparna Halbe			
Topic	Discussion		
Curriculum justifies the Program Outcomes and PSOs articulated.	All course in charge will revisit the course PO and modify as per requirement.		
Support for slow and physically /socially /financially challenged students, and it is demonstrated by the sufficient evidence.	All course in charge will record activity conducted for slow/fast as well as LD students during semester. Prof. Swapnali Khurade will collect and maintain department Reports with outcome.		
Department continuously upgrades laboratory. infrastructure and year on year investment in the laboratory is sufficient.	It suggested to have minimum 10% changes in experiment list every year. Install all required software in laboratory. Use open source software wherever possible.		
Department encourages innovations in the assessment. Identifies the best performing faculty in this aspect.	All faculty need to adopt various innovative method of TL. Report must be generated and recorded with outcome. Suggestion is given to create class plan indicating pedagogy and outcome.		
Department analyzes the results critically, reason out the abnormalities, deliberates in meetings, and finds out the solutions. Extremities are identified and mentored	The Department exam co-ordinator has been informed to analyse the results of the same subject in the previous year. The results will be analyzed critically as per the suggestions. The minimum Marks and Maximum marks in the subject excluding the absent students and the number of students in different grades with Gaussian curve will be prepared.		
Research related activities of faculty. Writing proposals for sponsored research projects, research focused projects for UG/PG students, PhD program	All faculty must actively participate in research activity and outreach. Collaborative work can be done for good publication.		

Schawdhari

Department takes significant efforts to fetch industry sponsorship for UG/PG projects and ensures the quality execution of these projects.

Internship program for semester VI and VIII based on the industry and research internship will help to fetch the industry sponsored project.

Prasenjit Bhavathankar
